

The Daily Astorian.

ASTORIA, OREGON: SUNDAY, MAY 5, 1889.

It is proposed to furnish the city of Montreal with light and power from a point seven miles distant, at the head of the Lachine rapids in river St. Lawrence.

MINNESOTA has passed what is called the Dressed Beef bill. It requires all animals in the state to be inspected and pronounced sound before being killed and offered as food.

THE arrival of 300 paupers among the 4,000 emigrants who landed at New York on Monday, forms about the worst feature of our import trade for the whole year. There is no demand for these goods.

FOREPAUGH and Barnum have divided the territory of the United States into two parts, and agreed not to exhibit their shows in the same territory for two years. This is the first circus trust.

ROME was not built in a day, but Guthrie, Oklahoma, was, and really numbers 4,000 people in its census. The rustlers in the wild west could have given the noble Romans points on towns and town sites.

A MAN passed through Fort Gaines, Ga., Sunday week, in an ox-cart. He came from western Texas, had been twelve weeks on the road, had traveled 1,500 miles and spent only \$21. He was heading for Decatur county.

Two boys were drowned while skating, in a Connecticut pond in 1881. Their relatives are now fighting for \$200,000 worth of property to which the boys were heirs, and one of the main questions to be decided is which boy was drowned first.

The floating of the \$70,500,000, 2 1/2 per cent loan at par and above, by New York city, a few days ago, is one of the most remarkable achievements of its class ever reported. No city bonds bearing a lower rate than three per cent have ever been sold at par in Europe.

The female mayor of Oskaloosa, Kan., who was re-elected this spring, paid all the outstanding claims against the city last year, met the current expenses promptly and left a balance of \$100 in the city treasury. But she wore the bonnet all the year that she had bought the year before and had it on her head when re-elected.

TUESDAY April 23rd, was the fifty second anniversary of the arrival of the first ocean steamships in New York. These were the Sirius, nineteen days out from Cork, and the Great Western, fourteen days from Bristol. The latter was of 1,340 tons burden and carried seven bold, adventurous passengers.

While the great journals of to-day may have a tendency to overwhelm feeble minds by the mere magnitude of their bulk, he who reads them with attention will probably obtain more solid knowledge, more pregnant suggestion, more general ideas, more food for thought, and more educational progress than he would be at all likely to derive from any book-reading possible in the same time. The modern newspaper often contains the matter of an octavo volume in one issue. Sometimes it contains the matter of more than one such volume. Frequently it devotes to a single object as much space as one of the great encyclopedias would give, and in presenting papers of the kind it often furnishes its readers with the precise and exhaustive knowledge of some eminent specialist. In dealing with current events the newspaper aims at accuracy, intelligent discussion, attractiveness of style, and compactness and condensation of matter. The result is that it treats its topics far more tersely and vigorously than as a rule they are treated in books. It furnishes the public with ideas reduced to the most simple and digestible form.

Their Business Booming. Probably no one thing has caused such a general revival of trade at J. W. Conn's Drug Store as his giving away to his customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size \$1. Every bottle warranted.

NEWS FROM PORTLAND.

In and Out of The Daily Courts. Judge Deady and Vice Consul Cherry.

PORTLAND, May 4.—At 2:30 this afternoon little Nellie Olsen who was accidentally shot in the forehead by another child, on Fifteenth and R streets, last Thursday, was still alive although in an unconscious condition. The attending physician has no hope that she will survive the day.

THE "ALLIANCE" The Alliance is being pulled out of the river at Sanvie's island just a rapidly as possible. Fred R. Strang who is managing operations, said to a reporter to-day that by use of the capstan the vessel has been hauled out forty feet nearer the bank than she was when grounded. The capstan is fastened to strong trees on the island and is operated by horses. There are barges fastened to the sides of the vessel and wherever they can be wedged in, timbers are run under her to make the work of drawing her out of the mud easier. The Alliance will be drawn clear out of the water and perched upon the land. Ways will be built under her and by means of jackscrews she will be raised high enough to permit ship-carpenters to operate. It is not known yet just how much her repairs will cost, but the amount will not be much short of \$5,000. Not all of the freight is taken out yet. Some was brought up this morning and stored at the company's dock. A large portion of her cargo is absolutely ruined, but some of it can be saved. The damage to the cargo cannot be accurately estimated, but will be greater than was first thought. The work of pulling the vessel out on dry land is an extremely tedious piece of business, and will take some time. Until she is out and the extent of her injuries ascertained, the time of her detention cannot be determined.

MICHAELSON BOUND OVER. At 4 o'clock yesterday afternoon C. H. McLean, charged with forging the firm name of Waddle, McCully & Co., had a preliminary examination in a south Portland justice court. The tell tale paper had been disposed of to Edna Ray, a friend of defendant, but the court held there was sufficient evidence to hold defendant and he was bound over in the sum of \$500, in default of which he went to jail. The matter will be taken up by the new grand jury who meet next week.

IN THE U. S. DISTRICT COURT. Mr. P. L. Cherry appeared in the United States district court this morning. He had relied upon his position to exempt him from appearing, but through his defense was that he considered that as he was vice-consul, one of his immunities was to be privileged from arrest or process of law by any court of this country. Judge Deady held differently. He said that he had examined the treaties between the United States and Great Britain, but had found nothing by which he could consider a vice consul as occupying a correspondingly important position with a minister or ambassador. Therefore Mr. Cherry was subject to process of law. However believing him to have acted in good part and under the impression that he was claiming only his just privilege he would not impose a fine but would simply exact the costs of the warrant of arrest, amounting to the sum of \$64.70, which Mr. Cherry paid under protest and then returned home.

HE SENT IT EAST. For a year I was troubled with pains in my back and side, and headaches, the result of liver and kidney trouble. I was attracted to Joy's Vegetable Sarsaparilla, by the startling testimonials in the papers. They seemed so practical I was induced to try it, knowing that as it was purely vegetable, it would do no harm. It acted as a gentle laxative. After the second bottle my pains and aches disappeared. It did so much for me that I sent several bottles to my family in New Jersey, who also took it with the most satisfactory results.

When to Buy, AND When to Sell. Has caused many a person to ponder, but as a rule he who ponders too long before picking up a cheap piece of desirable real estate has had to pay the difference in a price that would make the original purchase. Now is the time to buy lots in Railroad Addition to Ocean Park, before the season advances, for just so sure as the Columbia flows out to sea, just so sure will lots advance as the season advances, and the great rush comes down to the seaside next month. With the elegant river service and a means of handling all that come on the Ilwaco and Shoalwater Bay Railroad, the rush to North Beach this season will exceed by 20,000 people that of last year. With these facts staring you in the face is there any doubt in your mind but that every available lot will be picked up? Not a bit of it.

Lots now selling for prices that are within the reach of all, for the more that are sold at the start will enhance the value of the balance. Come in and look at plats and pick out your lot, or take a block at a figure that will astonish you.

A LOT AT \$10, or A LOT AT \$50, or A BLOCK AT \$160.
