IMMEDIATE AID NEEDED.

Let us raise \$500 to-day and send it to Seattle. They ask for temporary aid and it is fitting that Astoria should respond. THE ASTORIAN suggests that three or four public spirited men organize themselves into a committee and begin taking subscriptions at once. In a case like this, he gives twice who gives quickly. THE ASTORIAN suggests that Mayor Page select two or three gentlemen to assist him and collect a handsome purse for the Seattle sufferers before the sun goes down.

A meeting is hereby called of public spirited citizens, at the police court at ten o'clock this morning, to take hold of this matter and organize a relief committee to raise and forward aid to the stricken, homeless ones of Seattle.

Seattle's fate is a warning to Astoria.

Job printing at very low figures at THE ASTORIAN job office.

Clifton promptly made up and sent on \$2 for the Johnstown sufferers; good for Clifton!

A delegation representing the Grand lodge of the A. O. U. W., will visit Seaside Lodge to-night.

Subscriptions to additional \$100,000 railroad stock now aggregate \$75,200; more is promised to-day.

The German bark *Solide* goes to Concepcion Bay, Chile, with a cargo of solid lumber, 665 M., worth \$7,919.

The steamer *Gen. Miles* arrived from Portland yesterday morning and after taking on a small freight left for Gray's harbor.

The first forest fire this year of any consequence, noticed by the reporter, was burning fiercely at Gray's bay, across the river, yesterday.

G. W. Sanborn, who went to Seattle last night, had 8,000 cases salmon stored in one of the burned warehouses and has gone to see about his property.

C. P. Upshur's Studebaker sulky broke yesterday; after the mare had capered along a hundred yards she stopped and what might have been a serious accident was averted.

A counterfeit silver certificate has made its appearance. On the medallion on the back of the note in the word "Paribus" the "i" is missing, and there are other discrepancies.

Though there were seven deaths in this jurisdiction A. O. U. W., last month, but one assessment—\$1—is to be collected from the members; there being enough on hand to pay all but one.

Portland needs two things at present, as much as anything else—first a good supply of pure water, from Bull Run, or elsewhere; and second—annexation of East Portland and Albina, and a free bridge.

Till August 1st it is now unlawful to hunt, pursue or kill any deer or elk. Any person is guilty of misdemeanor who will kill these animals at any time for their skins or horns, and during the close season prima facie evidence against the accused is even having in possession, or offering for sale any skin or meat.

The associated press correspondent at Johnstown is an ass. Instead of sending facts he telegraphs rot, which he believes to be rhetoric. Contrast his attempt at "fine writing" with the admirable account of the Samoan disaster, that was sent by the associated press-reporter who went there. That was grand; it was splendid newspaper work. The Johnstown rubbish is ridiculous.

The exercises yesterday afternoon at the school, were witnessed by a large number of patrons and friends. The room was tastefully decorated with flowers, and with the bright happy faces of the children made a pleasing picture. The programme was about the right length to be enjoyable, and much praise is due the children and their instructors.

A gentle request is made in the interest of the rising generation whom the newspapers educate. The gentle request is made to several of our esteemed contemporaries to leave out the "h" from the word "exorbitant." That word is used a great deal nowadays; it is a nice word, though over-worked, and it is a thrice daily misery to find it with a great big lower case "h" jammed in where it has no business.

PLUCKY SEATTLE.

Rebuilding Amid Warm Ashes.
 An Enthusiastic Intent to Go Ahead.

A Proclamation From Governor Moore.

Special to THE ASTORIAN]

SEATTLE, June 7.—The loss by yesterday's fire will reach ten million dollars, but already in a number of places gangs of workmen have begun to grade and clean up lots preparatory to rebuilding. A great many merchants have secured quarters in the residence portion of the city and are open this morning with remnants of stock saved from the fire. The people have decided to rebuild the city with brick and stone. This decision was reached quickly and almost unanimously at a meeting held this morning.

The call was published in this morning's paper asking the citizens to convene at the regimental armory at 11 o'clock to consider the matter of ways and means.

The question discussed was "what shall we do under the trying circumstances?" The attendance was large. Previous to the calling of the assembly to order those present gathered together in small groups and earnestly canvassed the situation. Not a single long face is to be seen. No one, not aware of the facts, would have imagined that the assembly was in the midst of an awful calamity. The air of cheerful earnestness was surprising.

At 11 o'clock mayor Moran called the meeting to order by rapping on the table at one side of the large hall. Immediately he was surrounded by five or six hundred citizens, each one bent on active business. No more earnest gathering was ever seen anywhere. Mayor Moran stated that the city council was to hold a meeting to-night, and desired an expression of opinion on two important questions; they were, as to whether they should permit the erection of wooden buildings within the fire limits of the city, and whether several important business streets should be straightened and made wider.

Judge Hoyt thought that a suspension of the fire limit ordinance for one year would be favored by the business community. G. Morris Heller said if a single wooden building was erected it will remain until it was again burned down. He thought that no wooden buildings should be erected within the fire limits. The remarks of this speaker were received with such applause that no subsequent speaker said anything in favor of permitting the erection of temporary frame buildings.

Geo. D. Adair mentioned the fact that \$550 had been raised for the Johnstown sufferers, and asked if that sum had not better be applied to the home relief fund. One hundred voices said "No, let her go."

A committee of five was appointed to confer with the city authorities concerning the subject of widening the streets. Another committee of five was appointed to receive donations and extend relief where it is found necessary.

All the companies of the 1st regiment are out guarding damaged property, and preventing any pilfering of merchandise or home furnishings. The city is quiet, and everybody hopeful.

OVER ONE MILLION DOLLARS.

SAN FRANCISCO, June 7.—Insurance held by insurance companies, foreign and home, in this city on Seattle amounts to over one million dollars.

THE GOVERNOR'S PROCLAMATION.

SEATTLE, June 7.—Governor Miles C. Moore is here and has issued the following proclamation, copies of which have been sent to the mayor of every city in Washington territory.

A PROCLAMATION.

The city of Seattle, the pride of Washington, is in ashes. A hurricane of fire has swept over the queenly city and she is in ruins. Thousands of her citizens are without food or shelter. Nothing can subdue the indomitable spirit of her people. She will rise again from her desolation. She is not a supplicant but there are homeless people to be sheltered and hungry ones to be fed. I appeal to the great hearted people of our territory who have recently so generously responded to the cry of distress from Johnstown to heed this appeal for aid to their own suffering fellow citizens. Subscriptions can be sent to mayor Robert Moran.

(Signed), MILES C. MOORE,
 Governor.

Attention Knights.

All members of Pacific Lodge No. 17 K. of P. will assemble at their Castle hall, Sunday, June 9th, at 12 o'clock, sharp, to prepare for memorial service. All visiting Knights are cordially invited to join in the exercises.

W. A. SHERMAN,
 K. of R. and S.

On the train from San Francisco to Portland the writer of this item met last Thursday an English lady, who in conversation stated that she had made the entire trip alone from Toronto, Canada, was now going to Victoria and would return via the Canadian Pacific, and that during her journey she had met with so much courtesy, consideration and attention from all the railroad officials and employees, and from her fellow passengers; that she was charmed with what she believed was a purely American trait. It is a fact and a proud fact for our Nation, that a modest woman, young or old, can travel alone and unprotected, by night or by day, through this broad domain of American sovereignty and be unmolested in tone, look, word, act or gesture.

THE LADIES DELIGHTED.

The pleasant effect and the perfect safety with which ladies may use the liquid fruit laxative, Syrup of Figs, under all conditions make it their favorite remedy. It is pleasing to the eye and to the taste, gentle, yet effective in acting on the kidneys, liver and bowels.

PORTLAND WILL AID SEATTLE.

Will Send Fourth of July Money, Too.

Description of The New Bar Tug.

PORTLAND, June 7.—The local insurance companies suffer slightly by the Seattle fire. About \$70,000 will cover it.

Relief committees are hard at work. Mayor DeLashmut in voicing the popular sentiment sent the following dispatch:

PORTLAND, June 7.
 Robert Moran, Mayor of Seattle:

Portland stands ready with money and provisions. Telegraph what you want.

VAN B. DELASHMUT,
 Mayor.

A carload of provisions and blankets will be sent to-night. Drummers in the city to-day subscribed over \$250.

It is about decided that the money raised in Portland for the Fourth of July celebration will be sent to Seattle.

DROUILLARD'S TRIAL.

In the United States circuit court this morning the trial of John Drouillard the marine murderer of Pedro Riberos, was set for June 28.

THE NEW BAR TUG.

The O. R. & N. company has let the contract to the Willamette Ship Building company for building the new bar service tug. The hull is to be constructed of Oregon fir and will be as strong as wood and iron can make her. She will be fastened with galvanized iron and locust treenails. The dimensions of the tug will be length over all 115 feet; beam, 22 feet; depth of hold, 12 feet. She will carry the machinery of the old tug *Donald*.

That vessel is at present at the builder's yard in East Portland, being dismantled of her iron work which is to be put in the new tug as soon as possible.

PERSONAL MENTION.

Mrs. Craft returned from Portland yesterday.

D. Morgan and wife have returned from Portland.

Mrs. C. Goodell came up from the Seaside, yesterday.

J. G. Hustler and M. C. Crosby, who have been ill, are much better.

Mrs. Potter is about to "retire." She has been dressed for the occasion for some time.

Mrs. T. M. Smith, of Sacramento, is in the city, visiting her granddaughter, Mrs. J. F. Halloran.

J. H. D. Gray, C. W. Fulton, Seneca Smith, J. K. Kelley, Raleigh Stott, M. J. Kinney, John A. Devlin, H. W. Burchard, D. Ryerson, A. Furtado, came down from Portland yesterday morning.

The following Astorians left up on the Telephone last evening: Mrs. W. W. Parker, F. H. Surprenant, Joe Pinschower, C. J. Curtis, G. W. Sanborn, C. P. Upshur and Dave Kennedy. The following persons leave to-night for Roseburg to prove up on their timber claims: C. H. Cooper, M. Schlusell, F. I. Dunbar, F. Ferochen, Wm. Bock, Joe Baker, L. Sullivan and J. McCarron.

A Fortunate Druggist.

Mr. Edwin W. Joy a prosperous druggist on the corner of Stockton and Market streets, in San Francisco, probably never dreamed of rivaling in wealth the medicine kings of the country. But various rumors having been floating around to the effect that he has struck it big, an *Examiner* reporter was detailed to unearth the cause. It seems that about seven years ago an English physician, a great student of botany, located in this city. His practice was not extensive, and yet the few cases that came to him attracted no little attention. His great success seemed to be in the treatment of liver and kidney disorders and vitiated blood. He seemed almost infallible, and his well-kept secret was as much a mystery as himself. After his departure Mr. Joy determined to fathom the secret, and copying all the prescriptions he had filled for the erratic doctor, he began a systematic analysis. He discovered running all through the prescriptions for liver and kidney troubles, vitiated blood and stomach disorders a couple of vegetable extracts indigenous to California so simple and so well known under home-very day names to every school boy as to entirely dissipate the suspicion that they were the active principles involved. So certain, however, was Mr. Joy that he had discovered the secret that he embodied the new elements in a preparation of Sarsaparilla to disguise the taste, and put it before his customers under the modest name of Joy's Vegetable Sarsaparilla. Immediately the same stories came back of its astonishing effects, and the mystery was solved, and the talk it has created has already caused it to step into prominence, and orders pour in daily from all over the coast. And thus another California industry leaps into existence.—*S. F. Examiner.*

Salmon Started East.

Sixteen freight cars, containing about 500,000 pounds of canned salmon, were started east over the Northern Pacific railroad this morning for J. K. Armsby & Co., Chicago. The salmon has been stored on the freight cars for six months awaiting shipment, as other store room could not be had. The salmon was put up by G. T. Myers' West Seattle cannery and by the Columbia Canning company of this city.—*Seattle Press, 5.*

"It Makes No Tired"

To read all these advertisements of medicines upon medicines—when they number up such particulars and minuteness of detail, all the diseases mankind, womankind, and even "baby-kind," are heir to. How cheap one feels to commence what she supposes to be a tragic or tender love-story, read until her sympathies are so thoroughly aroused that she can scarcely sleep without knowing whether they were married or not, and then have it end something like this: "Dr. Pierce's Favorite Prescription is the only positive cure for all classes of "female weakness," such as prolapsus, inflammation, periodical pains, etc. For sale by all druggists."

Dr. Pierce's Pellets are Laxative or Cathartic according to size of dose.

PIMPLES TO SCROFULA.

A Positive Cure for Every Skin, Scalp and Blood Disease except Ichthyosis.

Psoriasis 8 years. Head, arms and breast a solid scab. Back covered with sores. Best doctors and medicines fail. Cured by Cuticura Remedies at a cost of \$3.75.

I have used the CUTICURA REMEDIES with the best results. I used two bottles of the CUTICURA RESOLVENT, three boxes of CUTICURA, and one cake of CUTICURA SOAP, and am cured of a terrible skin and scalp disease known as psoriasis. I had it for eight years. It would get better and worse at times. Sometimes my head would be a solid scab, and was at the time I began the use of the CUTICURA REMEDIES. My arms were covered with scabs from my elbows to shoulders, my breast was almost one solid scab, and my back covered with sores varying in size from a penny to a dollar. I had doctored with all the best doctors with no relief, and used many different medicines without effect. My case was hereditary, and I began to think incurable, but it began to heal from the first application of CUTICURA. ARCHER RUSSELL, Dealer, Ohio.

Skin Disease 6 Years Cured.

I am thankful to say that I have used the CUTICURA REMEDIES for about eight months with great success, and consider myself entirely cured of salt rheum, from which I have suffered for six years. I tried a number of medicines and two of the best doctors in the country, but found nothing that would effect a cure until I used your remedies.

Mrs. A. McCLAFELIN, Moretto, Mo. The Worst Case of Scrofula Cured.

We have been selling your CUTICURA REMEDIES for some time, and have the best of testimonials yet to receive from a purchaser. One of the worst cases of Scrofula I ever saw was cured by the use of five bottles of CUTICURA RESOLVENT, CUTICURA, and CUTICURA SOAP. TAYLOR & TAYLOR, Druggists, Frankfort, Kan.

Relief For the Johnstown Sufferers.

The following is self explanatory: ASTORIA, Or., June 7, 89.

Received from J. F. Halloran, Forty-nine and 50-100 dollars, \$49.50, to be forwarded by telegraph to Drexel & Co., Philadelphia, for the relief of the sufferers at Johnstown, Pa. I. W. CASE.

The following left money at THE ASTORIAN office for that purpose: John A. Devlin, \$10; C. H. Page, \$5; I. W. Case, \$5; Wm. Edgar, \$5; Joe Surprenant, \$5; Theo. Bracker, \$5; F. D. Winton, \$5; M. C. Crosby, \$5; J. W. Gearhart, \$2.50; W. E. Talant, \$1; Mr. Henderson, \$1; total, \$49.50, amount handed Mr. Case. He did all the transferring, and Mr. Henderson did all the telegraphing for nothing.

Each one of the above requested that their names be not published. The writer's only reason for violating their request is that this item as it stands forms his voucher and accounting for the entire transaction.

Up at Whatcom there is such a row about timber land notices that some of the papers offer to publish them for \$6; in eastern Washington an offer is made to publish them for \$1. THE ASTORIAN will publish all timber culture notices for 25 cents, for the entire time required for such publication. This is because we are in the business purely for our health. On other notices, however, the old prices prevail. Bowen, of the Pacific Journal is the only newspaper man who has raised the price. He used to charge \$5 for final proof notices. Now he charges \$7.50.

A Safe Investment.

Is one which is guaranteed to bring satisfactory results, or in case of failure a return of purchase price. On this safe plan you can buy from our advertised Druggist a bottle of Dr. King's New Discovery for Consumption. It is guaranteed to bring relief in every case when used for any affection of the Throat, Lungs or Chest such as Consumption, Inflammation of Lungs, Bronchitis, Asthma, Whooping Cough, Croup, etc., etc. It is pleasant and agreeable to taste, perfectly safe, and can always be depended upon.
