Revenge is Sweet.
Mrs. Steaton, wife of the operator at a little station in New Mexico, was sick and steadily growing worse. At last she said to her husband: "Stet! That Dr. ain't helpin' me one sole bit. I'm getting worse every day."

"I know it Alice! I know it! Don't appear like he's any good on 'erth."

"I tell you, Stet, I'm going to die! I feel it in my bones!"

"Wal, Alice" (with solemn earnestness and comfort), "if you do, I'll be d--d if ever I pay the doctor."

A "poor man with a large family" has written from Philadelphia to the superintendent of prisons at Albany, N. Y., offering to be a victim to science by testing the efficiency of the apparatus to cause death by electricity, provided that \$5,000 is paid to his family in case the experiment succeeds.

An ex-convict sued the warden of the Michigan prison because the rules were violated when he gave the prisoner a flogging. The judge held that while flogging was technically forbidden by the law, it was inadvisable to abandon that method of subduing refractory prisoners.

The greatest of the new English iron-clads, the *Nile*, had to be taken out of the dry-dock on account of her structural inability to support her armor. The *Nile* rates as of 12,000 tons, and the weight her protective armor, exclusive of gun's plates and steel decks, is 4,200 tons.

The decline in the Chinese tea trade is said to have been due to carelessness in preparing the leaf. Last season there was a better demand, and the Chinese merchants are hopeful that the competition of the Indian leaf will be less and less keenly felt.

The honor of having the most magnificent private home in New York belongs to the late Henry G. Marquand, the Madison Avenue millionaire. Almost \$2,000,000, it is said, were spent by him for the decorations alone.

A Persian proverb says: "Stones and sticks are flung only at fruit-bearing trees." So the slurs and thrusts of the envious and malicious are only aimed at him who is doing some good in the world.

The longest reign in English history is that of the queen's grandnephew, George III, which was fifty-nine years, and there is a fine prospect that Victoria will break the record. She has reigned fifty-two years.

It is surprising that people will use a common, ordinary pill when they can secure a valuable English one for the same money. Dr. Acker's English pills are a positive cure for sick-headache and all liver troubles. They are small, sweet, easily taken and do not gripe. J. W. Conn, Druggist.

It is estimated that it requires 15,000,000 cows to supply the demand for milk and its products in the United States. To feed these cows 60,000,000 acres of land are under cultivation.

CAUTION TO MOTHERS.
Every mother is cautioned against giving her child laudanum or paregoric; it creates an unnatural craving for stimulants which kills the mind or the child. Acker's Baby Soother is specially prepared to benefit children and cure their pains. It is harmless and contains no Opium or Morphine. Sold by J. W. Conn, Druggist.

Somebody estimates that the number of babies born every year is 37,000,000. Out of all that vast number how few ever live to be really great men like George Francis Train or Henry George.
