## Long-Standing

Blood Diseases are cured by the persevering use of Ayer's Sarsaparilla.

This medicine is an Alterative, and causes a radical change in the system. The process, in some cases, may not be quite so rapid as in others; but, with persistence, the result is certain. Read these testimonials:—  
"For two years I suffered from a severe pain in my right side, and had other troubles caused by a torpid liver and dyspepsia. After giving several medicines a fair trial without a cure, I began to take Ayer's Sarsaparilla. I was greatly benefited by the first bottle, and after taking five bottles I was completely cured."—John W. Benson, 70 Lawrence st., Lowell, Mass.

Last May a large carbuncle broke out on my arm. The usual remedies had no effect and I was confined to my bed for eight weeks. A friend induced me to try Ayer's Sarsaparilla. Less than three bottles healed the sore. In all my experience with medicine, I never saw more

**Wonderful Results.**  
Another marked effect of the use of this medicine was the strengthening of my sight."—Mrs. Carrie Adams, Holly Springs, Texas.

"I had a dry scaly humor for years, and suffered terribly; and, as my brother and sister were similarly afflicted, I presume the malady is hereditary. Last winter, Dr. Tyson, (of Fernandina, Fla.) recommended me to take Ayer's Sarsaparilla, and continue it for a year. For five months I took it daily. I have not had a blemish upon my body for the last three months."—T. E. Wiley, 146 Chambers st., New York City.

"Last fall and winter I was troubled with a dull, heavy pain in my side. It did not notice it much at first, but it gradually grew worse until it became almost unbearable. During the latter part of this time, disorders of the stomach and liver increased my troubles. I began taking Ayer's Sarsaparilla, and, after faithfully continuing the use of this medicine for some months, the pain disappeared and I was completely cured."—Mrs. Augusta A. Furbush, Haverhill, Mass.

## SHOULD HE HANG?

A Doctor Who Shot a Patient in the Interest of Science.

A remarkable suit will soon be brought before the criminal court of London, the causes of which are as follows:

On the twentieth of May, 1888, Dr. B., a distinguished pulmonary specialist, was consulted by a man so skeleton like in appearance that he could scarcely be recognized as a member of the human family. After a careful examination the doctor said: "I can do nothing for you; within eight days you will be dead."

With the calmness of despair, the young man, aided by his servant, prepared to depart. As he was about to cross the threshold, Dr. B. detained him for a moment and asked: "Are you rich?"

"Very—a millionaire in fact," replied the wretched man.

"Then order your coachman to drive you to the Victoria station, start for Dover by the eleven o'clock train, take passage on a steamer for Marseilles, and thence by rail to Nice. For six months—should God spare your life—eat neither bread, nor fruit nor meat, neither drink wine; but eat crust and only crust; even drink the broth of it. By this means only can your life be saved, if such a thing is possible. The method is a rather strange one, but I offer it to a dying man; try it."

Six months later a robust young man crossed the ante room—where a number of patients were waiting—and entered the office of Dr. B. At sight of the famous physician tears filled his eyes, and rushing up to him he embraced him and said: "My dear doctor, will you accept a million, two million?"

"Are you crazy?" asked the doctor. "No; no; I am sane, but I realize that you have saved my life. Don't you know me? I know you. I am P.—the millionaire, whom you saved from an inevitable death by your wonderful treatment. For six months I carefully obeyed your orders and took your inestimable cure prescription. My improvement was so miraculous that I am now in excellent health, and to verify his remarks, he beat his chest vigorously with his fist.

"What, what?" exclaimed the astonished physician, "you are the man upon whom I experimented with great success?"

"Yes, I am he," responded the young man; "I returned to the city yesterday, and I came to you to-day to express my gratitude."

The doctor signed to his assistant to withdraw, and then quickly drawing from his pocket a small revolver he levelled it, and in an instant, his patient fell dead at his feet.

Without a moment's delay he commenced making a post mortem examination. When the police arrived he was carefully examining the lungs of his victim with a microscope and studying the effect of the cress upon the diseased parts. To the officers of the law he said: "I killed this man for an immediate autopsy, in order to discover a mystery which may be a boon to all mankind; for this reason I do not hesitate to sacrifice my conscience to the demand of science."

Having in our official capacity as members of the Plymouth Hospital Committee been asked to test and prove the effectiveness of many different articles to be used as disinfectants in sickrooms and as preventives of infectious fever, report that Darby's Prophylactic Fluid has been thoroughly tested during the recent Typhoid epidemic in this place. It proved most efficacious in staying the spread of the fever.

Men study a woman as they study a barometer; but they do not understand until the day afterwards.

**HAPPINESS AND CONTENTMENT**  
Cannot go hand in hand if we look on the dark side of every little obstacle. Nothing will so darken life and make it a burden as Dyspepsia. Ayer's Dyspepsia Tablets will cure the worst form of Dyspepsia, Constipation and Indigestion, and make life a happiness and pleasure. Sold at 25 and 50 cents by J. W. Conn, Druggist.

The man who is respected by his wife never needs to look for a testimonial of character.

**A DUTY TO YOURSELF.**  
It is surprising that people will use a common, ordinary pill when they can secure a valuable English one for the same money. Dr. Ayer's English pills are a positive cure for sick-headache and all liver troubles. They are small, sweet, easily taken and do not gripe. J. W. Conn, Druggist.

Many men lead double lives, but reference to only one of them is made on his tombstone.

An ounce of prevention is better than a pound of cure. Plunder's Oregon Blood Purifier expels all impurities of the blood and should be used in all diseases of the stomach, liver and kidneys. Take it.

"Business before pleasure." The pleasure comes from having done your business.

Everybody admires beautiful hair, and everyone may possess it, by using Ayer's Hair Vigor. Keeps the hair soft, pliant, and glossy.

## DR. CRONIN'S MURDERERS.

CHICAGO, June 19.—An entirely new Cronin suspect is being looked for to-night. His name is Michael Cooney, and he has an old sobriquet, "The Fox."

Cooney and Burke are claimed to be the two men who actually killed Cronin. Both are Clan-na-Gael men, and members of Camp 20.

Cooney is a bricklayer by trade, and like Burke, came here from Ireland only a few years ago.

Burke's number in Camp 20 was 108, and Cooney's 100. Each is described as an enthusiast in Irish matters, and particularly bitter regarding the British spy system, which possibly their personal experiences have given them, as they considered, good cause to detest.

According to the best information obtainable to-night, little hope was to be entertained of the arrest of Cooney immediately, if at all. There was a feeling, apparently, that he had been given too long a start, and was already in some safe retreat.

States attorney Longenecker allowed it to be inferred that he has two witnesses who will swear that Cooney and Burke slept in the Carlson cottage several days prior to the tragedy, and then that the two suspects were seen leaving the cottage the fatal night, May 4, at 11:30 P. M. Both are said to have proceeded to a saloon in the vicinity and drank heavily. Information regarding him, it should be understood, is not official, but neither the chief of police nor the states attorney, it is claimed, denies that the reports given are correct.

**A CHILD KILLED.**  
Another child killed by the use of opiates given in the form of Soothing Syrup. Why mother give their children such deadly poison is surprising when they can relieve the child of its peculiar troubles by using Ayer's Baby Soother. It contains no Opium or Morphine. Sold by J. W. Conn, Druggist.

A 3-year-old carrier pigeon, owned by Jacob Motz of Pittsburg, Penn., has flown 203 miles in 225 minutes.

**Children Cry for Pitcher's Castoria**  
When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

A whin is a fly that buzzes in the empty chambers of an exhausted brain.

**Though Shaken Like a Leaf**  
By the most trivial causes, weak nerves are easily susceptible of invigoration, a term which also imports, in this instance, quietude. The nervous have but to use Hooper's Stomach Bitters systematically to overcome that super-sensitiveness of the human system, which is subservient of all bodily ailments, is imperfect assimilation, no less than in complete digestion of the food. In the discharge of both the digestive and assimilative functions, the Bitters are the most potent, the most reliable auxiliary. As the body regains vigor and regularity by its aid, the brain and nervous system are also benefited. Persons subject to the influence of malaria, dyspeptic and rheumatic invalids, and persons whose kidneys are inactive, should also use the Bitters.

Blondes have the smallest feet and brunettes the best formed. A shoemaker who knows says so.

Ask for Ayer's Sarsaparilla, and do not take any other. Sold by all druggists.

The gamblers of Louisiana have offered to pay the state debt—\$12,000,000—for a 60-year license.

PEARS' Soap is the most elegant toilet adjunct.

Up to date 400 monuments have been erected on the Gettysburg battle-field.

**ROYAL BAKING POWDER**  
Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and can not be sold in competition with the multi-tude of low test, short weight, alum or phosphate powders. Sold only in cans. **ROYAL BAKING POWDER CO.** 106 Wall-st., N. Y. D. W. CROWLEY & Co. Agents, Portland, Oregon.

## DYSPEPSIA.

It is that misery experienced when we suddenly become aware that we possess a diabolical arrangement called a stomach. The stomach is the reservoir from which every fibre and tissue must be nourished, and any trouble with it sooner felt throughout the whole system. Among a dozen dyspepsias no two will have the same predominant symptoms. Dyspepsias of active mental power and a bilious temperament are subject to Sick Headaches; those, fleshy and phlegmatic have Constipation, while the thin and nervous are abandoned to gloomy forebodings. Some dyspepsias are wonderfully forgetful; others have great irritability of temper.

Whatever form Dyspepsia may take, one thing is certain, and one thing more is equally certain, no one will remain a dyspeptic who will

**SIMMONS' LIVER REGULATOR**  
It will correct Acidity of the Stomach, Expel foul gases, Alleviate Irritation, Assist Digestion, and, at the same time

**Start the Liver to working, when all other troubles soon disappear.**

"My wife was a confirmed dyspeptic. Some three years ago by the advice of Dr. Steiner, of Augusta, she was induced to try Simmons' Liver Regulator. I feel grateful for the relief it has given her, and may all who read this and are afflicted in any way, whether chronic or otherwise, use Simmons' Liver Regulator and I feel confident health will be restored to all who will be advised."—Wm. M. Kasan, Fort Valley, Ga.
