Beauty

Is desired and admired by all. Among the things which may best be done to enhance personal beauty is the daily use of Ayer's Hair Vigor. No matter what the color of the hair, this preparation gives it a luster and pliancy that adds greatly to its charm. Should the hair be thin, harsh, dry, or turning gray, Ayer's Hair Vigor will restore the color, bring out a new growth, and render the old soft and shiny. For keeping the scalp clean, cool, and healthy, there is no better preparation in the market.

"I am free to confess that a trial of Ayer's Hair Vigor has convinced me that it is a genuine article. Its use has not only caused the hair of my wife and daughter to be

Abundant and Glossy, but it has given my rather stunted mustache a respectable length and appearance." R. Britton, Oakland, Ohio.

"My hair was coming out (without any assistance from my wife, either). I used Ayer's Hair Vigor, using only one bottle, and I now have as fine a head of hair as anyone could wish for." R. T. Schmitt, Dickson, Tenn.

"I have used Ayer's Hair Vigor in my family for a number of years, and regard it as the best hair preparation I have used. It keeps the scalp clean, the hair soft and lively, and preserves the original color. My wife has used it for a long time with most satisfactory results." Benjamin M. Johnson, M. D., Thomas Hill, Mo.

"My hair was becoming harsh and dry, but after using half a bottle of Ayer's Hair Vigor it grew black and glossy. I cannot express the joy and gratitude I feel." Mabel C. Hardy, Delavan, Ill.

THE ALASKA SALMON PACK.

The Johnson-Loeke Mercantile Co., of San Francisco, in their salmon circular just issued, stated that the Alaska salmon pack is materializing far below the expectations of the buyers in San Francisco. For the last week information has been anxiously looked for from Alaska, as the early vessels were due.

We are, says the circular, now in receipt of advices from the different canneries lying along the southern side of the western peninsula, taking in Kodiak island and the adjacent shores and Cook's inlet. This is that portion of Alaska where fully 65 per cent of the fish canned in that district is put up. We quote A. B. Cutler, of the Cutting Packing Co., who has estimates of all the Alaska packs, stating that, including all the new canneries, the pack is considerably behind last year at the corresponding date.

The total number of cases, according to Cutler's advices up to June 17, aggregates 29,900. Up to June 22 of last year, the Karluk cannery alone had packed 22,255 cases, and yet we find some twenty canneries packing this year only 8,000 cases more than a single cannery packed at almost a corresponding date of last year.

In Kodiak island strikes are reported, while the Aleutian Island Fishing & Packing Co.'s trap has been totally destroyed.

The following is the reported pack up to June 15, of the following canneries: Karluk Packing Co., 6,500 cases; Aleutian Island Fishing & Packing Co., 4,200; Alaska Improvement Co., 3,000; Hume, 1,000; Foard & Stokes, 1,200; Alaska Commercial Co., Chieftain cannery, 200; Kodiak Packing Co., 700; total, 22,300.

The figures given above need no comment. The packing is running enormously behind the expectations. The Sacramento river in this state also shows a shortage of about 25 per cent as compared with last year.

Big Lumber Yield.

The lumber sawing capacity of all mills in Washington territory, as computed from lumber shipments and local sales, is 306,961,270 feet, valued at \$6,759,580.25, the actual lumber production being about 350,000,000; the remainder is divided up into laths, pickets, shingles, spars and small lumber. This production covers the territory of Puget sound, Gray's harbor mills, Columbia river, Shoalwater bay, and in a few interior mills. The Puget sound lumber product for the year 1888 was 285,000,000 feet, which was sent to various points on the Pacific coast and the foreign shipments went to all parts of the world, the largest shipment, however, being consigned to the colonial markets, which have continued to demand our lumber with a steady degree that insured a profit to the ship owner.—Tacoma Ledger.

Fifty thousand dollars bonus is raised for the railroad to New Westminster, payable when cars run into Whatcom. The new company, which has secured the Canfield franchise, promises to operate the road by January.

Delicate persons, and all whose systems have become debilitated, should bear in mind that Simmons Liver Regulator is not a drastic, purging medicine, does not weaken or deplete the system as other purgatives do, but acts gently. It will invigorate like a glass of wine, but is no intoxicating beverage to lead to intemperance; will promote digestion, dispense headache, and generally tone up the system.
Hon. Alex. H. Stephens, of Ga., says: "Simmons Liver Regulator is mild and suits me better than more active remedies."

The contract for erecting the addition to the Oregon State Normal school has been let to Salem contractors. The building will be of brick, 40x80, and will cost \$12,000.

Safe and sure to regulate the bowels.—Ayer's Cathartic Pills never fail to give satisfaction. Recommended by eminent physicians.

Secretary Tracy is trying to effect a settlement with the heirs of the late John Roach, the ship builder, who was driven to bankruptcy and death by the Cleveland administration.

A Specific for Heart Disease.
DR. FLINT'S REMEDY removes the danger of sudden death from heart disease, and cures long-standing cases of disease of the heart, bringing back health and strength. Descriptive treatise with each bottle; or, address Mack Drug Co., N. Y.

The ship railway, which is to transport loaded vessels across the Isthmus of Chignecto, N. B., is progressing rapidly. Seven hundred men and two hundred horses are at work upon it.

An ounce of prevention is better than a pound of cure. Pfander's Oregon Blood Purifier expels all impurities of the blood and should be used in all diseases of the stomach, liver and kidneys. Take it.

The O. & C. railroad announces that it is ready to take ninety-day applications on the land cleared by it south of Roseburg. It is claimed that these lands were forfeited years ago.

Contest the Cases.

A large portion of the fertile valley of the Nehalem and Rock creek has been filed upon by men presumably in the interests of a large eastern syndicate. A great deal of this land is as fertile as the bottom lands of the Willamette valley, and nearly all of it would in time be converted into homes for an industrious and prosperous population. Good roads and good schools would be the result, and the Nehalem country would become one of the most favored portions of the state. As it is, if the locators are allowed to complete their purchases the valley, even when the timber is taken off at the convenience of the mill men, will be under the curse of absentee landlordism, and the material, educational and moral progress of the people will be retarded by a set of property owners who will oppose the building of schoolhouses, roads, or anything that is liable to increase their taxes. The Nehalem settlers should organize to resist such a consummation. The law gives them ample opportunity and if they neglect it they deserve the fate that awaits them. Section 2, General Land Office Circular, under the head of "Timber and Stone Land," says: "The land must be valuable chiefly for timber or stone, and unfit for cultivation if the timber were removed." This is the clear interpretation of the law as given by the secretary of the interior in the latest land office circular. Organize, secure the numbers of the land filed upon, appoint committees to examine it, and send your representatives to Oregon City whenever there is a proof to be made, prepared to swear that the land is fit for cultivation if the timber were removed. There is no use of growling and crying the timber thieves if you let them with that, but if you go at it in the right way you can soon clear it of a curse that otherwise will rest upon it for generations.—Washington Democrat.

ARE YOU SKEPTICAL?
If so we will convince you that Ayer's English Remedy for the lungs is superior to all other preparations, and is a positive cure for all Lung troubles, Croup, Whooping Cough and Colds. We guarantee the preparation and will give you a sample bottle free.

When the flood poured into Milton, Pa., a Western Union operator, John Wolfinger, telegraphed Superintendent Gill: "The water is coming in the office, what shall I do?" "Get a gum coat and a pair of rubber boots and stay there," was the quick reply. Wolfinger obeyed orders and remained at his post till the flood subsided.

CAUTION TO MOTHERS.
Every mother is cautioned against giving her child laudanum or paregoric; it creates an unnatural craving for the stimulant which kills the mind or the child. Ayer's Baby Soother is specially prepared to benefit children and cure their pains. It is harmless and contains no Opium or Morphine. Sold by J. W. Coon, Druggist.

Government purchases of bonds have now been under way a little over a year and ten months, and the amount of those bought in the interval has reached about \$172,000,000. For these \$198,000,000 has been paid, the \$26,000,000 in excess of face value being the premium.

A DUTY TO YOURSELF.
It is surprising that people will use a common, ordinary oil when they can secure a valuable English one for the same money. Dr. Ayer's English pills are a positive cure for sick-headache and all liver troubles. They are small, sweet, easily taken and do not gripe. J. W. Coon, Druggist.

Its concentrated curative power makes Ayer's Sarsaparilla the best blood purifier.

It is said that a dozen boys, rendered insane from excessive cigarette smoking, have been committed to the Napa, California, insane asylum within a year.

W. B. ADAIR,
Occident Cannery.

Its peculiar efficacy is due as much to the process and skill in compounding as to the ingredients themselves. Take it in time. It checks diseases in the outset, or if they be advanced will prove a potent cure.

No Home should be Without It.

FOR WHOSE BENEFIT
It takes the place of a doctor and costly prescriptions. All who lead sedentary lives will find it the best preventive of and cure for Indigestion, Constipation, Headache, Biliousness, and Neural Depression. No loss of time, no interference with business while taking. For children it is most innocent and harmless. Invalids and delicate persons will find it the mildest and most effective. A little taken at night insures refreshing sleep and at the same time aid (instead of weakening) the digestive and assimilative powers of the system.
