

The Daily Astorian.

ASTORIA, OREGON: WEDNESDAY, JULY 10, 1889.

The Hudson Bay company's report shows a net profit for the past year of \$68,000.

A CONNECTICUT murderer has been arrested. He gave himself up to the authorities, and they are bragging about it as being one of the sharpest pieces of detective work done in the state for many years.

A SHARP fakir is making a good income by advertising a sure method of killing all insects. When you send him 50 cents you will receive a printed card on which are these words: "Get your insects to smoke cigarettes, and they will die within an hour. So long."

Poon human nature got a terrible set back at Sing Sing, N. Y., the other day, when Terrence Reill jumped into the Hudson to rescue Ponazo Fabiano, only to find when he reached the shore with the lifeless body, that Terrence Fabiano had run off with his trousers and \$52 while he was trying to save his brother.

A Fortunate Druggist.
Mr. Edwin W. Joy a prosperous druggist on the corner of Stockton and Market streets, in San Francisco, probably never dreamed of rivaling in wealth the medicine kings of the country. But various rumors having been floating around to the effect that he has struck it big, an Examiner reporter was detailed to unearth the cause.

It seems that about seven years ago an English physician, a great student of Botany, located in this city. His practice was not extensive, and yet the few cases that came to him attracted no little attention. His great success seemed to be in the treatment of liver and kidney disorders and vitiated blood. He seemed almost infallible, and his well-kept secret was as much a mystery as himself. After his departure Mr. Joy determined to fathom the secret, and copying all the prescriptions he had filled for the erratic doctor, he began a systematic analysis. He discovered running all through the prescriptions for liver and kidney troubles, vitiated blood and stomach disorders a couple of vegetable extracts indigenous to California so simple and so well known under home-ly every day names to every school boy as to entirely dissipate the suspicion that they were the active principles involved. So certain, however, was Mr. Joy that he had discovered the secret that he embodied the new elements in a preparation of Sarsaparilla to disguise the taste, and put it before his customers under the modest name of Joy's Vegetable Sarsaparilla. Immediately the same stories came back of its astonishing effects, and the mystery was solved, and the talk it has created has already caused it to step into prominence, and orders pour in daily from all over the coast. And thus another California industry leaps into existence. - N. F. Examiner.

A Fanatical Father Murders the Entire Family.

GARFIELD, W. T., July 8.—This morning Roland Johnson, his wife and 14-year-old son, Walter, were found dead, and a daughter of 7 probably fatally wounded, in their house four miles from here. Johnson left a letter dated July 6, 12 o'clock p. m., in which he acknowledges the crime, giving for a reason that he could not bear to have his loved family in this wicked world, going to school, his mind was diseased by religious excitement. The first attempt was made with strychnine, but a second letter, dated several hours later, explains that the children were taken with such fits that he could not bear it, so he shot them. Mrs. Johnson had died of poison, but both children were shot in the head. The deceased is an old settler. The little girl was shot through the temples, destroying both eyes. She is still living, but with small chance of recovery.

ITCHING AGONIES.

Every Night I Scratched Until the Skin was Raw.

Body covered with scales like spots of malar. An awful spectacle. Doctors useless. Cure hopeless. Entirely cured by the Cuticura Remedies in five weeks.

I am going to tell you of the extraordinary change your CUTICURA Remedies performed on me. About the 1st of April last I noticed some red pimples like coming out all over my body, but thought nothing of it until some time later on, when it began to look like spots of malar, and which came off in layers, accompanied with itching. I would scratch every night until I was raw, then the next night the scales, being formed meanwhile, were scratched off again. In vain did I consult all the doctors in the country, but without aid. After giving up all hopes of recovery, I happened to see an advertisement in the newspaper about your CUTICURA Remedies, and purchased them from my druggist, and obtained almost immediate relief. I began to notice that the scaly eruptions gradually dropped off and disappeared one by one, and have been fully cured. I had the disease thirteen months before I began taking the CUTICURA Remedies, and in four or five weeks was entirely cured. My disease was eczema and psoriasis. I recommended the CUTICURA Remedies to all in my vicinity, and I know of great many who have taken them, and thank me, and the knowledge of them, especially mothers who have babies with scaly eruptions on their heads and bodies. I cannot express in words the thanks to you for what the CUTICURA Remedies have been to me. My body was covered with scales, and I was an awful spectacle to behold. Now my skin is as nice and clear as a baby's.
