

The Daily Astorian.

ASTORIA, OREGON: TUESDAY, JULY 16, 1888.

THE Boston Advertiser calls New York "the city of unrecruited monuments."

KANSAS is now agitating the question of repealing its prohibitory amendment.

SATISFACTORY arrangements have been made for the construction of the Hudson Bay railway.

THERE is apparently foundation for the rumor at Washington that Corporal Tanner will be asked to resign the commissionership of pensions.

ALL the papers of New York, Democrat as well as Republican, unite in claiming that mayor Grant has turned all the official patronage of the city over to Tammany.

THE county court yesterday ordered \$10,000 in bonds of the county, paid: this cuts off that much of the indebtedness of the county and the interest charges on that amount.

THE area of the territories of North and South Dakota, Montana and Washington is equal to the combined area of the German empire, Great Britain and Ireland, the Netherlands and Switzerland, the former being 367,588 square miles and the latter 361,500 square miles.

A MAN near Mansfield, Ohio, thus writes to secretary Rusk: "I wish you would send me at once, delivered to Mansfield, a pair of horses, two mules, a yoke of oxen, three Alderney cows and a spring wagon and a sulky plow."

OUR congressman, Hon. Binger Herman, came down yesterday and went to inspect the government work at the mouth of the river.

Crop and Weather Report.

Oregon State Weather Bureau, cooperating with U. S. Signal Service, Central Office, Portland, Oregon. Crop-Weather Bulletin No. 19, for week ending July 13th, 1888.

The temperature has been from 5 to 8 degrees above the normal, except in a small area of Jackson Co., no rain fell in the state during the week.

The sunshine was decidedly above the normal. Owing to forest fires the atmosphere has been somewhat smoky. The effect of these conditions on crops has been to allow their state to remain the same as they have been for the past two weeks.

The notable event of the week was the severe thunder, rain and hail storm in Jackson county on the night of the 9th. A cloud-burst occurred which did considerable damage in sections of the county between Grant's Pass and Ashland.

The warm, dry weather has been favorable to the wheat harvest which is now under full way in all parts of the state.

On the 10th the first wheat was received at a warehouse in Pendleton; the berry is small and shriveled, and the wheat is in quality second class.

Don't buy any clothing, but go at once to the Paris Tailor first. He keeps the finest selections at the cheapest prices, and turns out the best work in Astoria.
