## The Teacher

Who advised her pupils to strengthen their minds by the use of Ayer's Sarsaparilla, appreciated the truth that bodily health is essential to mental vigor. For persons of delicate and feeble constitution, whether young or old, this medicine is remarkably beneficial. Be sure you get Ayer's Sarsaparilla.

"Every spring and fall I take a number of bottles of Ayer's Sarsaparilla, and am greatly benefited."—Mrs. James H. Eastman, Stoneham, Mass.

"I have taken Ayer's Sarsaparilla with great benefit to my general health."—Miss Thirza L. Cramer, Palmyra, Md.

"My daughter, twelve years of age, has suffered for the past year from

## General Debility.

A few weeks since, we began to give her Ayer's Sarsaparilla. Her health has greatly improved."—Mrs. Harriet H. Battles, South Chelmsford, Mass.

"About a year ago I began using Ayer's Sarsaparilla as a remedy for debility and neuralgia resulting from malarial exposure in the army. I was in a very bad condition, but six bottles of the Sarsaparilla, with occasional doses of Ayer's Pills, have greatly improved my health. I am now able to work, and feel that I cannot say too much for your excellent remedies."—F. A. Pinkham, South Molunness, Me.

"My daughter, sixteen years old, is using Ayer's Sarsaparilla with good effect."—Rev. S. J. Graham, United Brethren Church, Buckhannon, W. Va.

"I suffered from

## Nervous Prostration,

with lame back and headache, and have been much benefited by the use of Ayer's Sarsaparilla. I am now 80 years of age, and am satisfied that my present health and prolonged life are due to the use of Ayer's Sarsaparilla."—Lucy Moffitt, Killingly, Conn.

Mrs. Ann H. Farnsworth, a lady 79 years old, So. Woodstock, Vt., writes: "After several weeks' suffering from nervous prostration, I procured a bottle of Ayer's Sarsaparilla, and before I had taken half of it my usual health returned."

The "Borrowdale" Libel Dismissed.  
Judge Deady Declares The Towage and Pilotage Law Constitutional.

PORTLAND, July 16.—Great difficulty has been experienced in obtaining a jury for the second trial of Sandy Olds.

THE LIBEL DISMISSED.  
In the U. S. circuit court to-day Judge Deady allowed the exceptions of the defendants in the libel suit brought up by pilot Tom F. Neill against the ship *Borrowdale*, and dismissed the libel.

The court's opinion was a lengthy one and establishes the validity of the late pilotage and towage law as passed by the last Oregon state legislature. The constitutionality of the law was questioned, it being believed in some quarters that the act would be set aside. It was claimed that there was a flaw in the title of the bill as it passed and it was expected that on that ground the law would be annulled.

A CLEARING HOUSE.  
The following banks were represented at noon for the second days transactions at the Portland clearing house: Ainsworth National Bank, Bank of British Columbia, Commercial National Bank, Ladd & Tilton, London & San Francisco Bank, Merchant's National Bank, Northwestern Loan & Trust Co., Oregon National Bank, and Portland Savings Bank. The total amount of clearances was \$210,478.84, while the balances footed up \$87,852.18.

NEWS FROM SAMOA.  
WASHINGTON, July 16.—The navy department is advised that all the gun carriages of the *Trenton* and *Vandalia*, wrecked at Samoa, have been recovered and packed at Apia, except one 9-inch gun belonging to the *Vandalia*. Nothing is left on the other ship of real value except the machinery. Kimberly reports, under date of June 1st, from Apia, that although the natives are hard pressed for food they have commenced planting, and as food fruits will soon be ripe the danger of famine is passed. Under date of June 23d, Kimberly reports that on the 10th Bernhard Ricklin, an ordinary seaman of the *Trenton*, was accidentally shot and killed by a German saloon keeper named Veright, while carelessly handling a loaded revolver. Veright was tried by the German consul and sentenced to three months imprisonment for involuntary manslaughter. Secretary Tracy has designated July 7th as the date when the *Vandalia* and *Trenton* will be stricken from the navy list and put out of commission.

TREASURY RULINGS.  
WASHINGTON, July 16.—The collector of customs at Sitka, Alaska, recently asked permission of the treasury department that he be allowed to visit such places in the territory, necessary to see that the requirements of the law for the protection of salmon fisheries in Alaska are carried out. In response to acting secretary Batchelor, he states that he cannot give such authority, because there is no appropriation available for the purpose, although he believes such inspection should be made in order that no dams, barrages or obstructions are placed in any of the rivers of Alaska with the purpose or the result of preventing the ascent of the salmon or other species to their spawning grounds. In conclusion acting secretary Batchelor says: "While congress passed said act for the protection of the salmon fisheries in Alaska, and to prevent the unauthorized killing of fur bearing animals in Alaskan waters, yet it made no appropriation for the carrying out of such objects, no appropriation being even available, as you were heretofore informed, for the purpose of publishing the president's proclamation in the newspapers on the Pacific coast, as directed by the second section of the act."

COOK'S SCHEME VISIONARY.  
New York, July 16.—Vice-President Bond of the Chicago, Milwaukee & St. Paul railroad, says McCook's idea of a great railroad trust are too vague to base an opinion upon. He thinks the aims and purposes sought by the project are practically covered by the interstate association.

Druggists and all others who sell Ayer's Cure are authorized to guarantee a cure in every instance. Try this medicine first.

There is a company organized in England which insures you against burglary.

It is said that the lineal descendants of the old Tories of the revolutionary times now living in Canada have organized a union to oppose commercial union with the United States.

A Charleston druggist advertised that the milk of a coconut would remove freckles, and 4,000 of the nuts were sold at retail in two days to women folks. He got a commission on all sales. The freckles still abide.

For the complexion use Ayer's Sarsaparilla. It brings blooming health to wan cheeks.

## OVER 15,000 SOUNDINGS.

Hydrographic Survey Made by Capt. Rockwell.

Captain Cleveland Rockwell has just returned from Astoria and adjacent points on the Columbia river, where he has been engaged for the past three months in making hydrographic surveys.

Captain Rockwell was out with a crew of six men, and the work done is an important one. The entire coast line has been surveyed as far as Point Adams. The Astoria channel has been thoroughly gone over and closely examined, and in all about 15,000 soundings were made.

Another important feature of the work was to determine the exact altitude and latitude and longitude of Coxcomb hill and Scarborough hill. These hills will serve as pilots' landmarks, aiding vessels to make shore at the port they are bound for, by taking bearings from these landmarks.

The survey was called for by the Astoria chamber of commerce, and ordered by the United States Coast Geodetic survey. All the measurements and observations will be sent to the chief officer of the survey, and the notes will be compared with those obtained at the last survey, made in 1868.

Captain Rockwell states that a great many changes have occurred in the coast line since the last survey, and the measurements will differ materially from those made at that time. In many places the land has been washed away by the action of the waves, while in other places the shore has been dyked. The process of dyking enhances the value of the land, and the probability is that considerable more of the shore will be improved in this way. The shoals about Astoria and at the neck of Baker's bay also show that considerable change has taken place. Some of the sand bars have materially increased in size, while others are gradually vanishing.

"The number of fish traps in Baker's bay," said Captain Rockwell, "must of necessity have material effect on navigation in the near future. In the bay there are between 200 and 300 traps. The entire bay is dotted with them, while more are continually being added. There is now one on the shoal opposite Astoria. The fish traps in the channel have a tendency to obstruct navigation, and if they remain long enough, each will be imbedded in a formidable sand bar. While this will perhaps improve the navigation of the Columbia, it will be detrimental to Ilwaco and other points on the bay, by closing the channels, which even now do not offer any too easy an entrance for vessels."

The Closing of an Important Outlet.  
The blockade of a port is not more injurious to its commerce than is even the temporary obstruction of the bowels to the health of the system. Constipation necessarily arrests the secretion of bile, impairs and disorders digestion, and poisons the circulation. The safest and most effective, as it is also the most general, laxative and anti-bilious medicine in existence is Hostetter's Stomach Bitters, and it is more than probable that its sovereign efficacy as a preventive and remedy for intermittent and remittent fever is largely due to its reformatory action upon the liver, an organ prejudicially involved in all malarial complaints. Persons with a tendency also to rheumatic, neuralgic and kidney trouble cannot do better than to antagonize it with Hostetter's Stomach Bitters, which invariably checks it at the outset. The weak, moreover, are invested with strength by this fine invigorant.

A typewriting machine that will use script type is promised before long.

WE CAN AND DO  
Guarantee Ayer's Blood Elixir for it has been fully demonstrated to the people of this country that it is superior to all other preparations for blood diseases. It is a positive cure for syphilitic poisoning, Ulcers, Eruptions and Pimples. It purifies the whole system and thoroughly builds up the constitution. J. W. Conn, Druggist.

Of Wyoming's adult population, 2.6 per cent. of them are illiterates.
