The Teacher

Who advised her pupils to strengthen
their minds by the use of Ayer's Sarsaparilla,
appreciated the truth that
solidly health is essential to mental
rigor. For persons of delicate and feeble
constitution, whether young or old, this
medicine is remarkably beneficial. Be
sure you get Ayer's Sarsaparilla.

"Every spring and fall I take a num-
ber of bottles of Ayer's Sarsaparilla, and
am greatly benefited."—Mrs. James H.
Eastman, Stoneham, Mass.

"I have taken Ayer's Sarsaparilla
with great benefit to my general health."
—Miss Thirza L. Crear, Palmyra, Md.

"My daughter, twelve years of age,
has suffered for the past year from

General Debility.

A few weeks since we began to give
her Ayer's Sarsaparilla. Her health has
greatly improved."—Mrs. Harriet H.
Battles, South Chelmsford, Mass.

"About a year ago I began using Ayer's
Sarsaparilla as a remedy for debility
and neuralgia resulting from malarial
exposure in the army. I was in a very
bad condition, but six bottles of the Sar-
saparilla, with occasional doses of Ayer's
Pills, have greatly improved my health.
I am now able to work, and feel that I
cannot say too much for your excellent
remedies."—F. A. Pinkham, South
Molokini, Me.

"My daughter, sixteen years old, is
using Ayer's Sarsaparilla with good ef-
fect."—Rev. S. J. Graham, United
Brethren Church, Buckhannon, W. Va.

"I suffered from

Nervous Prostration,

with lame back and headache, and have
been much benefited by the use of Ayer's
Sarsaparilla. I am now 80 years of age,
and am satisfied that my present health
and prolonged life are due to the use of
Ayer's Sarsaparilla."—Lucy Moffitt,
Killingly, Conn.

Mrs. Ann H. Farnsworth, a lady 79
years old. So Woodstock, Vt., writes:
"After several weeks' suffering from
nervous prostration, I procured a bottle
of Ayer's Sarsaparilla, and before I
had taken half of it my usual health
returned."

CHEWED BY A CALF.

A Boy Who Had Never Seen a Girl and
What Happened.

A well known Washington mer-
chant tells the following story on
himself: He was born clear up in
the mountains near the Tennessee
line. His mother died when he was
two months old, and his father and
grandmother "raised" him by hand in
their lonely cabin, on a mountain
clearing, miles from the nearest
neighbor. He was clad in a single
flannel garment of the Mother Hub-
bard style, made of homespun tow-
cloth, which was lengthened as years
added length to his limbs.

He never saw a girl till he was
sixteen. That year a terrible drought
struck in and his father had to go
miles down the "cove" to get his
corn ground. So he yoked up the
steers and threw several bags of corn
in the bottom of the cart. The boy
in his peculiar garment, climbed in
and sat on the bags. He was going
to a new and far off country, and
every sight was a wonder. Arriving
at the mill he watched with curious
interest the corn making its way from
the hopper into the heart of the stone
and then spurt out into warm white
jets into the trough. He went out-
side and saw the water pour over and
peered with a sensation of fear into
the dark, mossy cavern into which the
wheel was forever retreating.

On rising at a little distance he
spied a log cabin, and shortly wan-
dered over through the brush in its
direction. A rail fence stopped his
progress a couple of rods from the
doorway, and he leaned over and
looked. There, sitting outside the
door on a bench, were two girls. One
was spinning wool and the other
knitting. They were the most beau-
tiful things he had ever seen, and he
nearly died right there. They saw
him and burst out laughing at his re-
markable appearance. He didn't
know what to do, but thought it was
probably the proper thing to stare
at them and laugh back, which he
did with interest. This mutual enter-
tainment kept up for some ten min-
utes, when one of the girls laughed
so hard she rolled off the bench. He
thought that was queer, but just then
he felt something cold on his legs.

He turned around. As he did so
both girls shrieked with laughter and
ran into the house. He found that
the cold thing on his legs was the
muzzle of a bull calf that was chew-
ing away vigorously on what was
left of the rear of his dress, which
had been shockingly mutilated by
the animal during the few minutes
he was staring at the girls.

He has seen more girls since and
bears their smiles with greater equan-
imity. He is also one of the best
dressed men in Washington, but that
experience with the bull calf and the
girls will never be effaced from his
memory.

Blessing of Sleep.

DR. FLINT'S REMEDY, for the man
or woman who finds himself or herself
unable to sleep nights, is an invaluable
medicine, which will not only procure
the blessing of sleep, but will prevent
a general breaking down of the system.
Descriptive treatise with each bottle;
or, address Mack Drug Co., N. Y.

A Michigan father commanded his
grown-up daughter not to go to a
picnic, but she decided that was old
enough to be her own boss, and she
not only gambled under the green-
wood trees, but got married and went
to housekeeping before night.—*De-
troit Free Press.*

WE CAN AND DO

Guarantee Ayer's Blood Elixir for it
has been fully demonstrated to the peo-
ple of this country that it is superior to
all other preparations for blood diseases.
It is a positive cure for syphilitic poison-
ing, Ulcers, Eruptions and Pimples. It
purifies the whole system and through-
ly builds up the constitution. J. W.
Conn, Druggist.

Russell Harrison's latest business
venture is the erection of a new hot
swimming bath at Helena, Mont.
The bath is to be 120 feet square, and
the water as it flows into the bath
will drop a distance of forty-two feet
in a cascade.

Druggists and all others who sell
Ayer's Aque Cure are authorized to
guarantee a cure in every instance.
Try this medicine first.

A man in Australia has discovered
a process by which he can season
freshly cut Australian lumber in less
than seven days. This seems hardly
credible, as heretofore it has required
several years. Steam is one of the
agencies employed.

For the complexion use Ayer's Sar-
saparilla. It brings blooming health
to wan cheeks.

Enoch Townsend, of Saco, Me., is
credited with accomplishing the feat
of riding from Boston to Portland on
a bicycle in a single day, having left
the Hub at 6 o'clock in the morning
and arriving at Portland at 8 o'clock
in the evening.

A Correct Answer.

A scientific paper recently offered
a reward for the most correct answers
to certain scientific problems. Among
others was the old scientific "conun-
dum," "which weighs the most, a
pound of feathers or a pound of
lead? Of course a pound is a pound,
no matter of what substance, and
when the simple or thoughtless per-
son answers that a pound of lead is
the heaviest, everybody laughs. Mr.
Charles Platt, in answering this ques-
tion, claims that the pound of lead
would weigh the heaviest because the
feathers would be buoyed up by a
weight equal to the amount of air
which they displace—just as a cork
is buoyed up in the water. In fu-
ture, therefore, we must refrain from
laughing at the fool's answer, as
practically it is correct. Of course,
if weighed in a vacuum a pound of
any two substances would weigh
alike.

The people of Cairo are irritated
over the opposition of France to En-
gland's scheme for the conversion of
the Egyptian debt, because England
would not consent to evacuate Egypt.
The abandonment of the scheme will
prevent a continuance of the works
to improve irrigation by the waters of
the Nile, and will also hinder a de-
crease in the rates of taxation.

A curious animal peculiar to Tas-
mania is the Tasmanian devil. It is
equal in size to the short legged ter-
rier. Its skin is nearly of equal
thickness to that of a pig, and is cov-
ered with a coarse, jet black hair. It
is of the bear species, and possesses a
power of jaw scarcely inferior to that
of the bull dog.

A DUTY TO YOURSELF.

It is surprising that people will use a
common, ordinary pill when they can
secure a valuable English one for the
same money. Dr. Acker's English pills
are a positive cure for sick-headache and
all liver troubles. They are small,
sweet, easily taken and do not gripe. J.
W. Conn, Druggist.

Belgium is a poor place for phy-
sicians. A writer to a medical jour-
nal published there says that they
have the care of three-fourths of the
population, get nothing at all from
one-half of their patients and very
poor pay from the rest.

Children Cry for Pitcher's Castoria

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria

Wyoming is proud of one of its
qualifications for statehood. Of its
adult population only 2 6/10 per cent.
are illiterates.

A Fact worth Knowing.

No mere cathartic can exert any action
upon the Liver, yet many persons of
bilious habit are continually dosing
themselves to produce actions which
only weaken the bowels and aggravate
the evil. When the Liver requires
stimulating the precise agent to give
healthful and prolonged impetus is
Simon's Liver Regulator. It is a safe me-
dicine to take, being purely vegetable.
There is no danger from salivation or
from exposure.

The population of St. Paul and
Minneapolis is, according to the new
directories, close to half a million.

A CHILD KILLED.

Another child killed by the use of
opiates given in the form of Soothing
syrup. Why mother give their children
such a deadly poison is surprising when
they can relieve the child of its peculiar
troubles by using Acker's Baly's soother.
It contains no Opium or Morphine.
