The Teacher

Who advised her pupils to strengthen their minds by the use of Ayer's Sarsaparilla, appreciated the truth that bodily health is essential to mental vigor. For persons of delicate and feeble constitution, whether young or old, this medicine is remarkably beneficial. Be sure you get Ayer's Sarsaparilla.

"Every spring and fall I take a number of bottles of Ayer's Sarsaparilla, and am greatly benefited."—Mrs. James H. Eastman, Stoneham, Mass.

"I have taken Ayer's Sarsaparilla with great benefit to my general health."—Miss Thirza L. Crear, Palmyra, Md.

"My daughter, twelve years of age, has suffered for the past year from

General Debility.

A few weeks since, we began to give her Ayer's Sarsaparilla with good effect."—Rev. S. J. Graham, United Brethren Church, Buckhamon, W. Va.

"I suffered from

Nervous Prostration,

with lame back and headache, and have been much benefited by the use of Ayer's Sarsaparilla. I am now 80 years of age, and am satisfied that my present health and prolonged life are due to the use of Ayer's Sarsaparilla."—Lacy Moffitt, Killingly, Conn.

Mrs. Ann H. Farnsworth, a lady 79 years old, So. Woodstock, Vt., writes: "After several weeks' suffering from nervous prostration, I procured a bottle of Ayer's Sarsaparilla, and before I had taken half of it my usual health returned."

NAVY YARD RED TAPE

One Bill Requires 168 Vouchers and 744 Signatures.

Very few people, if any, outside of the navy yard officials, have any idea of the circumlocution and red tape necessary, under present rules and regulations, for the payment for the smallest article purchased for use in the navy. A case in point is worth bringing to the notice of our readers. The navy department is something like a man having a coat with eight pockets in it. The department consists of eight bureaus, each one having separate appropriations made by congress for the purchase of everything it requires.

There is one thing that every bureau has an appropriation for and that is the item of ice. The contract is let every year and each office in the navy yard at Mare Island is allowed a certain quantity. Of course it is all paid for out of different appropriations. Last year the contract was let to a party in Vallejo, and we now wish to explain the modus operandi of payment, for the benefit of our readers, which to a business person on the outside will appear sublimely ridiculous. The contractor is paid for the ice on the 30th of December and the 30th of June of every fiscal year. As there are eight bureaus it requires eight sets of public bills, each set consisting of five vouchers; these vouchers must be signed by the senior members of the board of inspection that the ice was of good quality, etc. Then they go to the general storekeeper for his certificate that he received the ice and that it was according to contract. Then they go to the commandant for his approval; then go to Washington for the approval of the paymaster general, who approves and then sends them to the navy pay office at San Francisco, the contractor in a few days getting his money.

Our readers will see that in paying for the ice for the first half of the fiscal year it requires forty vouchers and two hundred signatures; and this is not all nor half. When the ice is received it must be returned to the heads of the eight different departments, and these vouchers are in triplicate and require three signatures each. Thus it will be seen that there must be twenty-four vouchers and seventy-two signatures added to the number mentioned elsewhere. This is the routine gone through with on the 30th of every December, and the same thing is gone through again on the 30th of June, but there is more to come. As every contract has a proviso that 20 per cent shall be deducted from every payment until the contract is completed, reservation bills must be made out, which requires forty vouchers and two hundred signatures to be added to those already mentioned; so, taking it all in all, the payment for the one item of ice for the Mare Island navy yard requires in the aggregate 168 vouchers and 744 signatures! Comment is unnecessary. This will seem incredible, but it is a fact nevertheless.

Chills and Fever. Malaria.

"Many cases of fever and ague, dumb ague and congestive chills were promptly arrested and entirely banished by the use of Simmons' Liver Regulator. You don't say half enough in regard to the efficacy of this valuable medicine in cases of ague, intermittent fever, etc. Every case has been arrested immediately. I was a sufferer for years with the liver disease, and only found relief by using the Regulator."—ROBERT J. WEEKS, Batavia, Kane Co., Ill.

CAUTION TO MOTHERS.

Every mother is cautioned against giving her child laudanum or paregoric; it creates an unnatural craving for stimulants which kills the mind or the child. Acker's Baby Soother is specially prepared to benefit children and cure their pains. It is harmless and contains no Opium or Morphine. Sold by J. W. Conn, Druggist.

When men have a few ribs broken they doctor, and once we saw a ship with a few ribs broken and they docked her. Could there be a greater similarity between two things that are not more alike?

ARE YOU SKEPTICAL?

If so we will convince you that Acker's English Remedy for the lungs is superior to all other preparations, and is a positive cure for all Throat and Lung troubles, Croup, Whooping Cough and Colds. We guarantee the preparation and will give you a sample bottle free.

All Knights of Labor who are also members of the Barry order, have been expelled by Powderly and the executive committee.

PIMPLES ON THE FACE

Denote an impure state of the blood and are looked upon by many with suspicion. Acker's Blood Elixir will remove all impurities and leave the complexion smooth and clear. There is nothing that will so thoroughly build up the constitution, purify and strengthen the whole system. Sold and guaranteed by J. W. Conn, Druggist.

PEOPLE EVERYWHERE

Confirm our statement when we say that Acker's English Remedy is in every way superior to any and all other preparations for the Throat and Lungs. In Whooping Cough and Croup it is magic and relieves at once. We offer you a sample bottle free. Remember, this Remedy is sold on a positive guarantee, by J. W. Conn, Druggist.

CONSTANT VIGILANCE

An old merchant upon entering a store recently opened by two young men, remarked: "Boys, remember that eternal vigilance is the price of liberty. You cannot afford to be away from your business. The very man you desire to see is likely to make his appearance when you are out. If you are always on hand there will be fewer occasions for regret than if you are in the habit of frequently being out." Severe as it may seem, the advice was sound. Success costs self denial in innumerable ways, and knowing that this is required, let personal desires be surrendered to a cheerful spirit. The New York Journal of Commerce, in discussing the ounce of prevention, very pertinently says that "a large part of what the sufferers designate as mishaps, casualties, accidents, calamities or misfortunes, are the result of a want of due precaution by which they might have been averted, or so guarded against as not to result in hopeless disaster. It is an old story that for want of a nail the shoe, for want of a shoe the horse, and for want of a horse the messenger, was lost each in inevitable succession.

"An old horseman, who was always on the road before the days of the railway, used to say that every man who rode trusted his life to rusting iron and rotting leather. When asked how it was that he had kept unharmed for a quarter of a century from these decaying materials, he answered that it was due to the blessing of the Lord on his constant vigilance. He made a daily inspection of every loop, strap, buckle, bolt and joint of the vehicle and harness in his outfit, and never allowed any worn place to go beyond the line of absolute security from ordinary strain in the service.

He gave himself the benefit of every doubt. Even a shoe that might last another day was always resoled before he started, so that his horse need not be barefoot far away from the shop of the smith."

"A keen observer of the phenomena of failures in business undertakings of all sorts has often affirmed to us that there was never a case brought to his notice, where he had a good opportunity to investigate its history, that he was not able to put his finger on the loose rivet or the rotten plank (metaphorically speaking) that led up to the misfortune. This is often true than those who have been unfortunate in their enterprises are willing to acknowledge. There are many who deem themselves the sport of adverse elements and the victims of an inexorable fate, who are simply suffering from their heedless disregard of the simplest rules by the observance of which success in their chosen calling could have been made reasonably secure. We are not referring to those who sleep in harvest time, and of course are hungry in winter, or to the sluggard who is always in want because he is too lazy to toil for his bread; but to those well meaning and industrious persons, who fancy that success is a matter of destiny, and who do not make a wise provision against possible emergencies likely to give character to their whole career."

The Closing of an Important Outlet.

The blockade of a port is not more injurious to its commerce than is even the temporary obstruction of the bowels to the health of the system. Constipation necessarily arrests the secretion of bile, impedes and disorders digestion, and poisons the circulation. The safest and most effective, as it is also the most gentle laxative and anti-bilious, in existence is Hostetter's Stomach Bitters, and it is more than probable that its sovereign efficacy as a preventive and remedy for intermittent and remittent fever is largely due to its reformatory action upon the liver, an organ prejudicially involved in all malarial complaints. Persons with a tendency also to rheumatism, neuralgia and kidney trouble cannot do better than to antagonize it with Hostetter's Stomach Bitters, which invariably checks it at the outset. The weak, moreover, are invested with strength by this fine invigorant.

Salisbury in a recent speech told his hearers that they must not expect the day ever to come when the British colonies would become a federation in the same sense as the United States.

ROYAL

BAKING POWDER

Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and can not be sold in competition with the multi-colored low priced adulterated imitations. Sold only in cans. ROYAL BAKING POWDER CO. 106 V. St., N. Y.

NOTHING LIKE IT

Its peculiar efficacy is due as much to the process and skill in compounding as to the ingredients themselves. Take it by time. It checks disease in the outset, or if they be advanced will prove a potent cure.

No Home should be Without It.

It takes the place of a doctor and costly prescriptions. All who lead sedentary lives will find it the best preventive of and cure for Indigestion, Constipation, Headache, Biliousness, Piles and Mental Depression. No loss of time, no interference with business while taking. For children it is most innocent and harmless. No danger from exposure after taking. Cures Colic, Diarrhoea, Bowel Complaints, Feverishness and Feverish Colds. Invalids and delicate persons will find it the mildest and most refreshing sleep and a natural evacuant of the bowels. A little taken in the morning sharpens the appetite, cleanses the stomach and sweetens the breath.

A PHYSICIAN'S OPINION.
"I have been practicing medicine for twenty years and have never been able to put up a vegetable compound that would, like Simmons' Liver Regulator, promptly and effectively move the Liver to action, and at the same time aid (instead of weakening) the digestive and assimilative powers of the system."
