Constipation

Demands prompt treatment. The results of neglect may be serious. Avoid all harsh and drastic purgatives, the tendency of which is to weaken the bowels. The best remedy is Ayer's Pills. Being purely vegetable, their action is prompt and their effect always beneficial. They are an admirable Liver and After-dinner pill, and everywhere endorsed by the profession.

"Ayer's Pills are highly and universally spoken of by the people about here. I make daily use of them in my practice."—Dr. I. E. Fowler, Bridgeport, Conn.

"I can recommend Ayer's Pills above all others, having long proved their value as a cathartic for myself and family."—J. T. Hess, Leitchville, Pa.

"For several years Ayer's Pills have been used in my family. We find them an

Effective Remedy

for constipation and indigestion, and are never without them in the house."—Moses Grenier, Lowell, Mass.

"I have used Ayer's Pills, for liver troubles and indigestion, during many years, and have always found them prompt and efficient in their action."—L. N. Smith, Utica, N. Y.

"I suffered from constipation which assumed such an obstinate form that I feared it would cause a stoppage of the bowels. Two boxes of Ayer's Pills effected a complete cure."—D. Burke, Saco, Me.

"I have used Ayer's Pills for the past thirty years and consider them an invaluable family medicine. I know of no better remedy for liver troubles, and have always found them a prompt cure for dyspepsia."—James Quinn, 90 Middle st., Hartford, Conn.

"Having been troubled with constiveness, which seems inevitable with persons of sedentary habits, I have tried Ayer's Pills, hoping for relief. I am glad to say that they have served me better than any other medicine. I arrived at this conclusion only after a faithful trial of their merits."—Samuel T. Jones, Oak st., Boston, Mass.

THE FISH COMMISSIONER

Proposes to Again Restock the Columbia River.

SAN FRANCISCO, July 26.—United States fish commissioner McDonald and assistant commissioner O'Connor arrived to-day from the east on a tour of the various coast fisheries. It is the first time the commissioner has ever been west of Denver. The commissioner says he proposes to restock the Columbia river again, and the Sacramento river, California, with salmon, so that in five years the catch will be as great as formerly. The commissioner and assistant leave for the Baird station Tuesday next. They will there make some improvements, for which congress has appropriated \$4,000, and will then proceed to Oregon and Washington.

Commissioner McDonald, in an interview this evening, says: "It is my firm belief that the supply of salmon can be increased again, so that in five years there will be just as many and the catch will be just as great as formerly. The conditions must, however, be as favorable as they once were. What we want now is complete co-operation of the states through their fish commissions, as far as possible, to keep the rivers pure and stock them with more fry. That is all that is necessary. Once it was thought that the salmon supply of the Columbia and Sacramento would never give out. Now, Pacific coast people are getting a vast annual pack from Alaska, and are saying the same thing of fish there. Probably they are nearly right about that, but at any rate we want to stock up, not only these two great rivers, but the Clackamas, Santiam, Pitt and other rivers. The distinct work now is to extend the artificial production of salmon. We have one station now on the McCloud river and another on the Clackamas that together last year produced about 11,000,000 salmon eggs. The idea now is to enlarge these hatcheries so as to get a greater supply. Salmon is to you what shad is to the east. The shad supply there ran low in 1880, and the commission began stocking streams with eggs. In 1888 the catch was increased over that of the year 1880 by \$750,000 worth of shad. This shows what can be done. One thing I would like to emphasize, the value and permanence of the results of fish culture will depend essentially on the regulation and protection of the fisheries by state laws. If the fish are not permitted to return to their spawning grounds, or if the conditions are unfavorable for spawning, the work will be retarded."

A Child Killed.

Another child killed by the use of opiates given in the form of soothing syrup. Why mother give their children such deadly poison is surprising when they can relieve the child of its peculiar troubles by using Ayer's Baby Soother. It contains no Opium or Morphine. Sold by J. W. Conn, Druggist.

The Two Coast Parties that left San Francisco last June to determine the 141st meridian through Alaska have arrived at Unalakleet on their way up the Yukon.

WE CAN AND DO

Guarantee Ayer's Blood Elixir for it has been fully demonstrated to the people of this country that it is superior to all other preparations for blood diseases. It is a positive cure for syphilitic poisoning, Ulcers, Eruptions and Pimples. It purifies the whole system and thoroughly builds up the constitution. J. W. Conn, Druggist.

The Pacific Mail steamer City of New York will shortly be put in the dry dock at San Francisco, and repaired at a cost of \$120,000.

Cataract Cured.

A clergyman, after years of suffering from that loathsome disease, Cataract, and vainly trying every known remedy, at last found a recipe which completely cured and saved him from death. Any sufferer from this dreadful disease sending a self addressed stamped envelope to Prof. J. A. Lawrence, 88 Warren St., New York City, will receive the recipe free of charge.

If you are too crowded spill a little ammonia on your clothes—that is if you can stand it.

When your liver is out of order your whole system is deranged. Your blood is impure, breath offensive, you have headache, feel languid, dispirited and nervous. The Baltimore "Episcopal Methodist" says: "Simmons' Liver Regulator is acknowledged to have no equal as a liver medicine, containing those Southern roots and herbs which an all-wise Providence has placed in countries where liver diseases prevail."

The surgeon is the only man who cuts friends and foe indiscriminately.—Burlington Free Press.

Bucklen's Arnica Salve.

THE BEST SALVE in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by J. C. Dement.

When the opportunity of a man's life presents itself he usually waits for an introduction.—Boston Post.

Ayer's Sarsaparilla is recommended by physicians as the only sure blood purifier.

The Gospel of Justice.

Col. R. G. Ingersoll says: I believe in the gospel of justice—that we must reap what we sow. I do not believe in forgiveness. If I rob Mr. Smith, and God forgives me how does it help Mr. Smith? If I by slander cover some girl with leprosy of some imputed crime and she withers away like a blighted flower, and afterwards I get forgiveness, how does that help her? If there is another world, we have got to settle; no bankruptcy court there. Pay down. Among the ancients, if you committed a crime, you had to kill a sheep; now they say, "charge it;" "put it on the slate." It won't do. For every crime you commit you must answer to yourself and the one you injure. And if you have ever clothed another with unhappiness with a garment of pain, you will never be quite as happy as if you had not done that thing. No forgiveness; eternal, inexorable, everlasting justice—that is what I believe in. And if it goes hard with me, I will stand it. And I will stick to my logic, and will bear it like a man.

Ayer's Aque Cure "breaks up" chills and fever, expels malarial poisons from the system, and restores health. Warranted to cure.

The new steamer China just completed for the Pacific Mail company at Clyde, Scotland, at a cost of \$1,000,000, has been put on the route between San Francisco and Hong Kong, and will make her first voyage November 14.

Children Cry for Pitcher's Castoria

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

Gladstone celebrated his golden wedding last Thursday.

First a Pimple—Then a Giant.

We are too apt to regard a small ailment such as we would some pimple, unpleasant of aspect and rankish indeed, but incapable of serious mischief. We ignore the fact that it grows prodigiously, strengthens in proportion, and bores evil progress. A fit of indigestion, a slight bilious attack, sensations of unrest and languor when the system should have been braced by recent sleep, unaccountable nervousness, inactivity of the kidneys or bladder—what are these but the precursors of obstinate and serious bodily disturbance? In either of the above emergencies, common sense and experience unite in indicating Hostetter's Stomach Bitters as the best preventive. Particularly should its use be prompt when the languor, yawning, chilliness down the back, and feverishness that precede a malarial attack, manifest themselves. Intestinal rheumatism grows acute. Don't neglect it. So with constipation and debility.

"What are your charges, Doctor?"

"Three dollars a visit." "Well, we don't want you to come on a visit, but just to stay ten or fifteen minutes."—Puck.

DYSPEPSIA.

It is that misery experienced when we suddenly become aware that we possess a diabolical arrangement called a stomach. The stomach is the reservoir from which every fibre and tissue must be nourished, and any trouble with it is soon felt throughout the whole system. Among a dozen dyspepsias there will be found some predominant symptoms. Some dyspepsia is mental, some a bilious dyspepsia, some is subject to Sick Headaches; those, fleshy and phlegmatic have indigestion, while the thin and nervous are plagued with gloomy forebodings. Some dyspepsias are wonderfully febrile; others have great irritability of temper. Whatever form Dyspepsia may take, one thing is certain, and one thing more is equally certain, no one will remain a dyspeptic who will

It will correct Acidity of the Stomach, Expel foul gases, Allay Irritation, Assist Digestion, and, at the same time

Start the Liver to working, when all other troubles soon disappear.

"My wife was a confirmed dyspeptic. Some three years ago by the advice of Dr. Sonner, of Augusta, she was induced to try Simmons' Liver Regulator. I feel grateful for the relief it has given her, and may all who read this card be afflicted in any way, whether chronic or otherwise, use Simmons' Liver Regulator and I feel confident health will be restored to all who will be advised."—Wm. M. Kinsey, Fort Valley, Ga.
