**Blood Diseases are cured by the persevering use of Ayer's Sarsaparilla.**

This medicine is an Alterative, and causes a radical change in the system. The process, in some cases, may not be quite so rapid as in others; but, with persistence, the result is certain. Read these testimonials:—

"For two years I suffered from a severe pain in my right side, and had other troubles caused by a torpid liver and dyspepsia. After giving several medicines a fair trial without a cure, I began to take Ayer's Sarsaparilla, and after taking five bottles I was completely cured."—John W. Benson, 70 Lawrence st., Lowell, Mass.

"Last May a large carbuncle broke out on my arm. The usual remedies had no effect and I was confined to my bed for eight weeks. A friend induced me to try Ayer's Sarsaparilla. Less than three bottles healed the sore. In all my experience with medicine, I never saw more wonderful results."

"I had a dry scaly humor for years, and suffered terribly; and, as my brother and sister were similarly afflicted, I presume the malady is hereditary. Last winter, Dr. T. W. (of Ferdinand, Wis.) recommended me to take Ayer's Sarsaparilla, and continue it for a year. For five months I took it daily. I have not had a blemish upon my body for the last three months."—T. E. Wiley, 146 Chambers st., New York City.

"Last fall and winter I was troubled with a dull, heavy pain in my side. I did not notice it much at first, but it gradually grew worse until it became almost unbearable. During the latter part of this time, disorders of the stomach and liver increased my troubles. I began taking Ayer's Sarsaparilla, and, after faithfully continuing the use of this medicine for some months, the pain disappeared and I was completely cured."—Mrs. Augusta A. Furbush, Haverhill, Mass.

**FROM NORTH WATERS.**

Further News Concerning the Sealing Fleet.

The Victoria *Colonist*, of Tuesday, furnishes the following additional particulars concerning the work of the Alaskan sealing fleet.

The sealing schooner *Wanderer*, Captain Keefer, arrived in port at 3 o'clock yesterday afternoon. She had on board almost the entire catch of the British schooners now in northern waters, totalling about 5,320 skins.

The *Wanderer* brought down as passengers; the captain, mate and two of the crew of the American schooner *Webster*, owned in Seattle, which during one of the rough nights of last month, struck a reef and went to the bottom. Fortunately no lives were lost. Several of the crew of the *Webster* enlisted with the other schooners, while the remainder joined the *Mollie Adams*.

Two of the men of the Yokohama schooner, *Adela*, were reported as deserters; they having taken one of the schooner's boats and, it is presumed, joined another sealer.

The new American schooner fitted out in Port Townsend this season at a cost of \$14,000, proved a triumphant failure as a sealer, only having secured eighteen skins.

The weather during the month of June was very favorable for hunting, and the catches of the different schooners has been very good. At the time the *Wanderer* left Sand Point before going to Behring's Sea on June 28th, the following was the individual catch reported:

W. P. Sayward	458
Ariel	283
Sapphire	610
Black Diamond	283
Maggie Mac	620
Annie C. Moore	489
Janita	32
Theresa	198
Viva	872
Pathfinder	374
Walter L. Rich	923
Venture	317

The catch of the American schooners was about as follows:

Lily L	520
Bessie Butler	250
Mollie Adams	500
San Diego	500
Fowler	500
Allie L. Alger	253
J. H. Lewis	242

The Victoria schooner *Lily* was spoken on the return trip, with twenty-five sealskins and four otters. The *Triumph* was also spoken recently, with 200 skins. On the 25th of June the United States revenue cutter was at Sand Point, and left orders from the owners of the American schooners for the captains to keep out of Behring's sea.

Considerable complaint comes from old settlers in Nehalem, from the fact that timber locators are squatting settlers on a large portion of the surveyed lands that is better adapted to agricultural purposes, in the hopes of disposing of it as soon as surveyed, to timber land syndicates and thereby preventing numerous claims being taken as homestead farms.

When your liver is out of order your whole system is deranged. Your blood is impure, breath offensive, you have headache, feel languid, dispirited and nervous. The Baltimore "Episcopal Methodist" says "Simmons' Liver Regulator is acknowledged to have no equal as a liver medicine, containing those Southern roots and herbs which an all-wise Providence has placed in countries where liver diseases prevail."

**A British Sealer Seized.**

VICTORIA, July 29.—The greatest excitement prevails among those interested in the sealing industry. The British schooner *Triumph* arrived from Behring sea this afternoon with news of the capture by the American cutter of the British schooner *Black Diamond* in Behring sea July 11; on the 13th it was sighted by the revenue cutter *Rush*, whose captain boarded and informed Captain McLean he had orders to seize any schooners found taking seals in Behring sea. The *Triumph* not having taken any, was allowed to depart. The commander of the *Rush* informed Captain McLean that two days previous he had captured the *Black Diamond* with 130 skins. A prize crew was put aboard her and she was sent to Ounalaska. The *Diamond* is owned by Guttman & Frank, of this city, and is valued at about \$10,000. The *Triumph* considered it better to leave for Victoria.

Sealers are fighting, and trouble is anticipated. The cutter only has crew enough to put two or three aboard the seized schooners leaving the captain of the schooner in charge. The schooners will be immediately re-seized and headed for Victoria, American prize crew and all. Here they will be handed over to the naval authorities to deal with the matter. Will have further particulars to-morrow.

The *Triumph* has 800 skins. The news of the capture has caused great excitement, and further news is anxiously looked for. Some of the vessels have tough crews aboard, and trouble is almost certain.

A man wrote Horace Greeley for a situation and received the following letter in Horace's handwriting: "This is the 200th application in a week. Go to the devil. I can't hire every d—n fool." The document was signed Horace Greeley, but no one could read it. The man presented it to the cashier, who looked it over and handed the man \$20, supposing it to be an order for his salary, and he is said to have drawn his salary regularly on that letter for six months. What a warning is this to the youth of the country to learn to write.

A gentleman who arrived from eastern Oregon, says the *Albany Herald*, coming by the Lebanon route, says there are now over one million head of sheep being pastured between Fish Lake and the Desclutes river. The bunchgrass range of eastern Oregon is being rapidly diminished, forcing the sheep owners to seek pasturage in the Cascade mountains. This latter movement is not very acceptable to the hunters who rusticate every fall up the Santiam, as the sheep frighten the deer back into the mountains beyond their reach.

Ayer's Ague Cure "breaks up" chills and fever, expels malarial poisons from the system, and restores health. Warranted to cure.

The glass works have shut down for the summer. Some window-glass blowers made \$12 per day.

**DYSPEPSIA.**

Is that misery experienced when we suddenly become aware that we possess a diabolical arrangement called a stomach. The stomach is the reservoir from which every fluid and tissue must be nourished, and any trouble with it is soon felt throughout the whole system. Almost a dozen dyspepsias or two will have the same predominant symptoms. Dyspepsia obstructs mental power and a bilious temperament is subject to sick headaches. Those who are wonderfully forgetful, and who are troubled with nervousness and indigestion, are subject to sick headaches. Those who are wonderfully forgetful, and who are troubled with nervousness and indigestion, are subject to sick headaches. I feel grateful for the relief it has given her, and may all who read this and are afflicted in any way, whether chronic or otherwise, use Simmons' Liver Regulator and I feel confident health will be restored to all who will be advised."—Wm.
