COUNCIL PROCEEDINGS.

An Ordinance Passed Paying J. C. Trullinger Three Thousand Dollars for Western Extension of First Street.

The city council last evening heard a petition from Genevieve street property owners, asking for that street's grading, which was referred to street committee.

A petition from Main street property owners asking that the size of the sewer pipe be 12 inches instead of 18 inches was read and, on motion, granted.

A petition from Geo. W. Moore for a retail liquor license was referred. A further petition from the same asking that a reduction in the license from \$40 a month to \$100 a year be allowed him, was laid on the table.

A communication from the chief engineer of the fire department, recommending that a small box be placed above each fire-alarm box for the key, was referred to committee on fire and water.

A communication from W. L. Macy referring to proposed street monuments, was read and referred to street committee.

The committee to whom was referred the bids for establishing grade of city streets reported, recommending Bell & Jackson's bids, and Quinn & Braden's bids; one bid was signed by one member of the committee, and the other by another. Mayor Page ruled both out of order on the ground that the committee had been instructed to report by ordinance.

The matter was disposed of by reference to the city charter as prescribing the way to go about it.

The committee on public property reported that the contract for raising Astoria No. One's engine house to the grade had been awarded. Ross & Wirt for \$160; report adopted.

The committee to whom had been referred the matter of the cemetery, reported, recommending that A. J. Johnson's proffer to put the cemetery in good condition for the sum of \$175, be accepted; report adopted, and an ordinance ordered drafted in accordance with the committee's recommendation.

An ordinance declaring the probable cost of improving Third street was passed under suspension of the rules.

An ordinance providing for the taking and killing of dogs was passed under suspension of the rules. (The ordinance provides that an annual license shall be paid, of \$2.50 for each male dog and \$15 for each female dog wearing a collar and duly licensed.)

An ordinance ordering the collection of delinquent assessments on the West 6th street improvement was read first and second times.

An ordinance authorizing the committee on streets to enter into a contract with A. J. Johnson to beautify and adorn the city cemetery for \$175 was passed under suspension of the rules.

Regarding Second street city attorney Noland made a verbal report, expressing the belief that the dedications were good, as to the Union Packing Co., the Washington Packing Co., and the Hinman tract; the matter being in his judgment in such shape as to justify the extension of the street.

As to Concomity street, the Astoria and South Coast road had a right of way of sixty feet along the proposed line of the street; that was an absolute right of way; the railroad company could grant back to Mr. Trullinger, and he could then, if he saw fit, grant it to the city.

An ordinance making appropriation to pay J. C. Trullinger \$3,000 for the strip 800 feet west from his office was read third time and passed.

An ordinance establishing the grade of Arch street was read third time and passed.

Councilman Bergman moved to reconsider the vote at the last council meeting by which the ordinance ordering a contract with J. C. Trullinger to light the streets of the city for one year with 22 electric lights was lost.

The original ordinance was then read and passed by a vote of four to two. Councilman Cleveland protested against its passage for alleged illegality. The ayes were Councilman Bergman, Robb, Fox and Welch; nays, Councilmen Cleveland, Elton, Mayor Page expressed his opinion that the ordinance was entirely out of order.

The claims of C. A. May, for \$1, THE ASTORIAN, \$32.40, and C. J. Trenchard, for \$3, were ordered paid.

A petition from T Cadigan asking for a retail liquor license was granted.

The city attorney was instructed to draft an ordinance to be presented at the next council meeting appropriating \$1,500 to use in opening Second street, westward.

Councilman Robb introduced a resolution directing the auditor and police judge to advertise for city printing, which was passed.

The city attorney was requested to give an opinion at the next meeting on the legality of the ordinance enforcing collecting of assessments for West 6th street improvement.

Mayor Page made some remarks concerning the advisability of prudence in the administration of the finances of the city, citing the existing status, and council adjourned.

Rooms. A few rooms to let, with board, at Mrs. E. C. Holden's boarding house, corner Main and Fourth streets.

Specials to The Astorian.

PORTLAND, July 30.—This afternoon the free swimming bath was moored at the foot of Jefferson street.

Yesterday afternoon it was examined by the building committee and was accepted and will be opened to the public to-night.

This morning Messrs. D. P. Thompson, A. L. Maxwell, F. A. E. Starr and others returned from a two weeks trip to Alaska.

This morning Judge Thomas M. Cooley, chairman of the inter-state commerce commission, accompanied by Mrs. Cooley arrived here per Northern Pacific. They are stopping at the Esmond hotel. When interviewed the judge was uncommunicative. He said he was here to adjust a small matter at Spokane Falls. In reply to the following question: "I imagine that the commission have a great piece of work before them if they desire to equalize the railroad traffic of the country to the satisfaction of all concerned in the business." The judge answered, "Yes, that is almost an impossibility. There are so many conflicting interests; so many roads are controlled by so many differently minded men that I fear the much desired result cannot be reached in this particular instance."

A petition that has been in circulation here for the past two weeks asking that the sentence of Chee Gong, whose execution was fixed for August 9th, be commuted to life imprisonment, has been signed by nearly all the leading front street merchants and other prominent citizens in the community. The document will be presented to the governor to-morrow, and will likely be accompanied by a full transcript of the testimony taken at the doomed man's two trials.

THE CONSULSHIP. WASHINGTON, July 30.—President Harrison informed a prominent applicant for a consulship to-day that he would not be able to consider any applications for consulship for three or four weeks yet; secretary Blaine estimates that there are upwards of 3,000 applications on file in his department for 210 United States consulships.

A PLEASANT OFFICE TO FILL. WASHINGTON, July 30.—Secretary Noble has appointed state senator McGee, of Virginia, as special agent to investigate timber depredations in Alaska at a salary of \$1,300 per annum, \$3 per day, hotel expenses, and all traveling expenses.

Fire On the "Louise Vaughn." The fire bell clanged at 5:05 yesterday afternoon. Five seconds after, the engines and hook and ladder cart were tearing down Main street. The little steamer Louise Vaughn, lying at Gray's dock, was on fire. In a trice there were two streams playing on her blazing housing, the boys jumping aboard and fighting the flames at close range. Any one who wanted to get wet had a choice opportunity, and a good many who were on the dock came in for a share of the splashing.

The fire was soon got out, but not till it had burned the most of the housing.

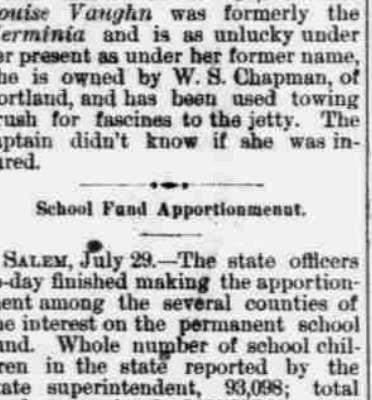

The fire broke out around the boiler. The captain was ashore at the time, and there was only one man aboard. Nothing but the promptness of the department saved the boat from total destruction. The hull is uninjured, but needs pumping out.

The loss is about \$1,000. The Louise Vaughn was formerly the Hermitia and is as unlucky under her present name as under her former name. She is owned by W. S. Chapman, of Portland, and has been used towing brush for fascines to the jetty. The captain didn't know if she was insured.

School Fund Apportionment. SALEM, July 28.—The state officers to-day finished making the apportionment among the several counties of the interest on the permanent school fund. Whole number of school children in the state reported by the state superintendent, 93,068; total fund appropriated, \$130,377.20 as follows:

Children Cry for Pitcher's Castoria

A Little Talk About Fire Matters.

When the boys were the busiest yesterday afternoon putting the fire on a idea to try the pipe line started in to instruct Chief Weeks what to do. Weeks isn't above taking intelligent advice, but forcibly resented this particular advice, and justly, too. The party threatens to have Weeks arrested. He might do well to let that job out. There is an ordinance making it a misdemeanor to interfere with an officer in discharge of his duty at a fire. Don't monkey with the band wagon.

That pipe line on Main street is a handy institution, but to come up to the full measure of its usefulness it ought to be kept full of water. It is a tedious and dangerous delay for the engine to have to pump air before the water comes. It would be a good idea to try the pipe every day or so; if full of water, all right, it is ready for emergency; if not, it would be only the work of a few minutes to have one of the engines exhaust the air and pump it full. That is what the pipe line is for.

When the blaze shoots up time is worth \$25,000 a minute, in Astoria. Two minutes monkeying with a pipe line which should be full and isn't may mean all the difference in the world in the matter of property to any of us any minute. Keep the pipe full.

ITCHING AGONIES. Every Night I Scratched Until the Skin was Raw.

Body covered with scabs like spots of mortar. An awful spectacle. Doctors useless. Cure hopeless. Entirely cured by the Cuticura Remedies in five weeks.

I am going to tell you of the extraordinary change your CUTICURA REMEDIES performed on me. About the 1st of April last I noticed some red pimples like coming out all over my body, but thought nothing of it until some time later on, when it began to look like spots of mortar, and in which came out in layers, accompanied with itching. I would scratch every night until I was raw, then the next night the scales, hard formation, while, were scratched off again. In vain did I consult all the doctors in the country, but without aid. After giving up all hope of recovery, I happened to see an advertisement in the newspaper about your CUTICURA REMEDIES, and purchased them from my druggist.

I began to notice that the scaly eruptions gradually dropped off and disappeared one by one, and have been fully cured. I had the disease thirteen months before I began taking the CUTICURA REMEDIES, and in four or five weeks was entirely cured. My disease was eczema and psoriasis. I recommended the CUTICURA REMEDIES to all in my vicinity, and I know of a great many who have taken them, and thank me for the knowledge of them, especially mothers who have babies with scaly eruptions on their heads and bodies. I cannot express in words the thanks to you for what the CUTICURA REMEDIES have been to me. My body was covered with scales, and I was an awful spectacle to behold. Now my skin is as white and clear as a baby's.

GEO. COFFEY, Merrill, Wis. Sept. 21, 1887. Feb. 7, 1888.—No trace of the disease from which I suffered has shown itself since my cure. G. C.
