It is said that negotiations are being made for the purchase by the Chicago & Alton of the Kansas City branch September 3rd: in district No. 9, Sepof the Union Pacific, from Kansas City to Denver. This would give the Alton connection from Kansas City to Cheyenne on the Union Pacific. Should the sale be made to the Alton it will be a severe blow to the interstate commerce railway association, and will hasten its demise.

A novel method of raising funds has been tried by a neighboring Sunday school. Some time ago 250 new ten-cent pieces, called "talents," were distributed among the scholars and Joggles came back from the Seaside teachers, with instructions to do whatever in reason they could to increase the sum. Last Thursday the talents were called in, and, notwithstanding all the scholars did not make returns, the sum received was \$537.

The remarkable whiteness of the lighthouses, beacons and keepers' dwellings is thus explained: The material used is simply whitewash, and here is the United States government formula for mixing whitewash that, when properly made and applied, gives a white that does not wash or rub off: To ten parts of best freshly slacked lime add one part of the best hydraulic cement. Mix well with salt water and apply quite thin.

THE COUNCIL PROCEEDINGS.

In the city council last evening petitions from Mrs. Weiman and P. F. Bower, asking for liquor licenses were granted.

We at the month of the river can have little idea of the present terrors of fire in vast stretches of parched country to the east. A telegram from Ketchum Idaha to the governor of the West 9th street fund, without interest. A motion that the auditor and police judge give those who paid West 9th street assessment notice that their bonds be exonerated, and the money paid in be refunded, was voted upon affirmatively.

A communication from Geo. W. Moore asking that the required dicense be reduced from \$40 a month to \$25 a quarter, was, on motion, referred to the city attorney.

The committee to whom was ferred the property holders petition on Genevieve street, reported, recommending that notice be given of the proposed grades on that street: report dopted.

The contract with A. J. Johnson to beautify and adorn the cemetery was filed and accepted.

A petition from residents of Shive-ly's Astoria, asking that notice be given of the proposed improvement of West 5th, West 6th and West 7th streets, was, on motion granted. The reports of police indge, and street superintendent for July were

appropriately referred. An ordinance appropriating \$1.500 for the eastern extension of Second street was passed and then referred to the city attorney.

An ordinance ordering the audito

and police judge to issue a warrant for the collection of delinquent West 6th street assessments, was read third time, and passed. The city attorney thought that the assessment was an The following claims were ordered

Campers in the mountains never fail to set the woods on fire every summer. There is a big fire raging now, and where it will end the Lord only knows. Last Sunday night it got into John Lux's sawmill, situated 12 miles above Dayton, licked it up sleek and clean; also a million feet of lumber. Now just look at that! Who is the guity party? At the same time it threatened Griffin and Marvin's mill, and nothing but heroic work saved it from destruction. If people can do no better than go to the mountains and set the timber on fire, they had better stay at home and play with the haby or the cat,—Walla Walla Journal.

GENTLEMEN: I am informed that the state pilot schooner has been returned to you. and is now in your hands without a detail of pilots to man her. If this is the case I will offer to man and operate the pilot schooner on the bar, subject to the use of the appropriation made by the state for her insurance and repairs. We will operate the boat under the supervision of the pilot commission ers and will man her entirely with pilots named by us. If the present crew of the pilot boat or any of them desire to operate the boat we are per-fectly willing to give it up to you to enable them to do so, but so long as we operate and maintain it under you supervision we will do so under the condition that pilots named by only will be placed aboard of her.

Boy one year and a half old. Face and body in a terrible condition, being covered with sores. Sulphus prougs fall. Cured by Cuticura Remedies.

I have used your CUTICUTA REMEDIALS in two cases where it proved to be successful. The first was in the case of a boy a year and a half old. His face and body were in a terrible condition, the former being completely covered with sores. I book him to the Massenn Sulphur Springs, but he did not improve any. I was then advised to try the Currence Resembles, which I did. He took one and one half was then any sear by the color of a the half bottles of Curnicua Resolvent, when his skin was as smooth could be, and is to day. I used the Curnicua on his sores and the Curnicua Solve in washing him. He is now five years of sge, and all right. The other case was a disease of the scalp, which was cared by washing with the Curnicua Solve and rubbing in the Curnicua, one bottle of Curnicua Resolvent being used. They have proved successful in every case where I have proved successful in every case where I have not alvised the use of them. It is surprising how inpidly a child will improve under their treatment. I recommend them for any disease of the skin as being the best in the world. This is my experience, and I am ready to stand by my statement.
