Beauty

Is desired and admired by all. Among the things which may best be done to enhance personal beauty is the daily use of Ayer's Hair Vigor. No matter what the color of the hair, this preparation gives it a lustre and pliancy that adds greatly to its charm. Should the hair be thin, harsh, dry, or turning gray, Ayer's Hair Vigor will restore the color, bring out a new growth, and render the old soft and shiny. For keeping the scalp clean, cool, and healthy, there is no better preparation in the market.

"I am free to confess that a trial of Ayer's Hair Vigor has convinced me that it is a genuine article. Its use has not only caused the hair of my wife and daughter to be

Abundant and Glossy,
but it has given my rather stunted mustache a respectable length and appearance."—R. Britton, Oakland, Ohio.

"My hair was coming out (without any assistance from my wife, either). I tried Ayer's Hair Vigor, using only one bottle, and I now have as fine a head of hair as any one could wish for."—R. T. Schmitt, Dickson, Tenn.

"I have used Ayer's Hair Vigor in my family for a number of years, and regard it as the best hair preparation I know of. It keeps the scalp clean, the hair soft and lively, and preserves the original color. My wife has used it for a long time with most satisfactory results."—Benjamin M. Johnson, M. D., Thomas Hill, Mo.

"My hair was becoming harsh and dry, but after using half a bottle of Ayer's Hair Vigor it grew black and glossy. I cannot express the joy and gratitude I feel."—Mabel C. Hardy, Delavan, Ill.

QUEER BAROMETERS.

Billiard Balls and Billiard Cues Are Better Than the Weather Clerk.

I can always tell when it is going to rain half a day ahead of any change in fair weather," said champion George Slosson as he was knocking around billiard balls in the Columbia rooms just after the recent deluge.

"How's that?" asked a bystander, getting interested directly.

"Why, there isn't a better barometer in existence than an ivory billiard ball or a good billiard cue," the billiard expert replied; "they are better than a favorite corn."

"How'd ye tell?"

"A ball always rolls slow and with difficulty when it is going to rain. Ivory is so sensitive to changes of temperature, particularly from dry to moist, that the effect is felt almost instantaneously. The cue will get cranky, too, when there is going to be a change, long before the dampness is perceptible in any other way. Another peculiarity of the ivory globes is their tendency to become egg-shaped. They contract at what are called the top and bottom poles and swell out at the sides, so that you might as well play with potatoes, if you don't watch their idiosyncrasies. They are worse than old men in their susceptibility to draught. A draught will crack the ivory and make it chip off quick as a wink, and, like old folks, you can never get the spheres acclimated to these draughts. Just take a billiard ball and study its behavior, and you can beat the clerk of the weather prophesying. You can bet on your own prophecy every time."—N. Y. Sun.

Do not endanger your health by using quinine, when malarial fevers can be more effectively treated with Ayer's Sarsaparilla. Warranted.

The Drummer Abroad.

"I'll tell you what I saw in Manchester, England," said a Michigan-der who lately returned from a trip abroad. "On the hotel register I found the name of 'C. Sidney Smith, U. S. A. ambassador to England and France and S. P. D. to the Czar of Russia.' It was a puzzle to me and I smelt a mouse, but I waited to see him before giving anything away. After a few hours he called at my room. Then I found him to be an ex-drummer for a Chicago crockery house. He had saved up a few hundred and was making the ton."

"Simply to receive the respect and consideration due me," he replied.

"Does it cheapen your bills?"

"No, not to any extent, but it gives me the best for my money, and I have carriage rides and many invitations out to dine. A man who registers over here as plain Smith or Brown gets only bacon. Well, so long. I'm off to dinner with a big manufacturer, and to-morrow I'm to ride out with an M. P. and a duke. Take my advice and hitch on at title."—Detroit Free Press.

Self-defense Against a Dangerous Foe.

Forewarned is not forearmed in the case of those who incur the risk of an attack from that dangerous foe, malaria, unprovoked with a means of defense. But if those in peril are aided, sustained and reinforced with the great fortifying safeguard, Hostetter's Stomach Bitters, malaria, profligate breeder of evils manifested in the shape of bilious remittent and chills and fever, acute dysentery, and the calamities of the isthmus and Central American coast, is nullified and rendered harmless. Our western pioneer settlers and miners, dwellers in tropic lowlands, and visitors of and dwellers in malarious localities in this country have been acquainted with the fact and are constantly provided with this unparalleled defensive medicine and remedy. All disorders of the stomach, liver and bowels, rheumatic and kidney complaints and rheumatism are conquered by it.

Great Britain Declines to Send Aid.

OTTAWA, Ont., Aug. 21.—Important dispatches from the British government arrived here Monday regarding the Behring sea difficulty, and Sir John McDonald, who has been spending a holiday at the seaside, has hurriedly started for Ottawa. The cabinet met to-day to consider dispatches, which, it is learned, say explicitly that the British government declines to allow its Pacific squadron to afford protection to the Canadian sealers found in Behring sea. The dominion government has also been requested to prepare a schedule of the damages claimed by the owners of the seized sealers.

It is thought from the advices received that negotiations are now in progress between the United States and the British governments to effect a settlement of the difficulty by arbitration.

A member of the cabinet said to-day that he had not the least doubt that in the end the Behring sea question would be settled to the satisfaction of every one interested, and that before very long.

Scrofula cannot resist the purifying powers of Ayer's Sarsaparilla. Sold by druggists.

The exodus of people northward into Oregon and Washington still continues. Each train leaving California is crowded to its utmost capacity, and the railroad company is considering the question of putting another train on the route. These people are not only residents of California who have disposed of their property there, and are moving to the north, where as good and cheaper land can be secured, but also people from the east who have been induced to go to California only to find how badly, in some respects, the country is misrepresented.

DYSPEPSIA.

It is that misery experienced when we suddenly become aware that we possess a diabolical arrangement called a stomach. The stomach is the reservoir from which every fibre and tissue must be nourished, and any trouble with it soon felt throughout the whole system. Ailing a dozen dyspepsies no two will have the same predominant symptoms. Dyspeptic symptoms are subject to Sick Headaches; those, fleshy and phlegmatic have Constipation, while the thin and nervous are abandoned to gloomy forebodings. Some dyspepsies are wonderfully fatal; others have great irritability of temper. Whatever form Dyspepsia may take, one thing is certain,

The underlying cause is in the LIVER,
and one thing more is equally certain, no one will remain a dyspeptic who will

SIMMONS' LIVER REGULATOR
It will correct Acidity of the Stomach, Expel foul gases, Allay Irritation, Assist Digestion, and, at the same time

Start the Liver to working, when all other troubles soon disappear.

"My wife was a confirmed dyspeptic. Some three years ago by the advice of Dr. Steiner, of Augusta, she was induced to try Simmons' Liver Regulator. I feel grateful for the relief it has given her, and may all who read this and are afflicted in any way, whether chronic or otherwise, use Simmons' Liver Regulator and I feel confident health will be restored to all who will be advised."—Wm. M. Kessut, Fort Valley, Ga.

CAUTION TO MOTHERS.

Every mother is cautioned against giving her child laudanum or paregoric; it creates an unnatural craving for stimulants which kills the mind or the child. Ayer's Baby Soolther is specially prepared to benefit children and cure their pains. It is harmless and contains no Opium or Morphine. Sold by J. W. Conn, Druggist.

A Scotch minister, observing a man sleeping, cried out: "John wake up; take a pinch of snuff," and John immediately fired back: "Minister, put the snuff in the sermon."

Distress After Eating.

This result of indigestion will no longer be experienced if Simmons' Liver Regulator is taken after each meal. It is such a good digester, and so mild and pleasant in its effect that it is used by many, after a hearty meal, to insure good digestion. The Regulator does not nauseate or irritate the stomach, but corrects acidity, dispels foul gases, allays irritation, and assists the stomach in its digestion.

"Look at the murderer," said one man to another in the court room. "He's the picture of health." "Yes; but the picture needs hanging."
