Beauty

Is desired and admired by all. Among the things which may best be done to enhance personal beauty is the daily use of Ayer's Hair Vigor. No matter what the color of the hair, this preparation gives it a lustre and pliancy that adds greatly to its charm. Should the hair be thin, harsh, dry, or turning gray, Ayer's Hair Vigor will restore the color, bring out a new growth, and render the old soft and shiny. For keeping the scalp clean, cool, and healthy, there is no better preparation in the market.

"I am free to confess that a trial of Ayer's Hair Vigor has convinced me that it is a genuine article. Its use has not only cured the hair of my wife and daughter to be

Abundant and Glossy, but it has given my rather stunted mustache a respectable length and appearance."—R. Britton, Oakland, Ohio.

"My hair was coming out (without any assistance from my wife, either). I tried Ayer's Hair Vigor, using only one bottle, and I now have as fine a head of hair as any one could wish for."—R. T. Schmitt, Jackson, Tenn.

"I have used Ayer's Hair Vigor in my family for a number of years, and regard it as the best hair preparation I know of. It keeps the scalp clean, the hair soft and lively, and preserves the original color. My wife has used it for a long time with most satisfactory results."—Benjamin M. Johnson, M. D., Thomas Hill, Mo.

"My hair was becoming harsh and dry, but after using half a bottle of Ayer's Hair Vigor it grew black and glossy. I cannot express the joy and gratitude I feel."—Mabel C. Hardy, Delavan, Ill.

Sold For A Song.

Last Monday morning James Steel, administrator of the estate of the late Ben Holladay, sold at public auction in front of the courthouse a \$300,000 claim due the estate from the government for Indian depredations committed on Holladay's overland stage route during the war of the rebellion. There was some spirited bidding, and finally the claim was knocked down to general Rufus Ingalls for \$750, as the executor of the estate of the late Mrs. Esther Holladay.

The original claim Ben Holladay presented to the government for payment amounted to \$600,000, and president Lincoln at that time promised to see that it should be paid; but before he could personally interest himself in the matter the assassin's bullet ended his glorious life. Subsequently the United States senate reduced the claim to \$300,000, but its passage never came to a vote. At one time the government offered Ben Holladay \$100,000 for his demand, but he refused to accept the compromise.

Last winter senator Stewart, of Nevada, during a visit to this city told Mrs. Esther Holladay that if she would present the claim as her own, exclusive of all other alleged interested persons, the senate would report an \$100,000 bill in her favor, but in the meantime she died. There is no question, however, as to the disposition of the United States senate in this respect, and very likely an act will be passed at the next session of congress allowing the amount senator Stewart promised Mrs. Holladay, to her children, Ben and Lindr.

Ayer's Sarsaparilla never before equaled its present daily record of marvelous cures.

Got to Have Another Man.

A big raft of logs was being floated down the river, and this man and a helper were in charge of a certain section of the float. One day he came to the boss and said:

"Guess Ae goota haav noota man!"
"Well, I guess you ain't got to have nothin' of the kind," said the boss.

"If two of you fellows can't take care of that end of the raft I guess I'll get somebody who can."

"Yell, goota haav noota man," said the man stubbornly.

"What's the matter with the one you've got. What's the matter with Johnson?" asked the boss.

"Johnson hae went onna dae raft boot twenda minnit ago, and Ae guess hae's quit."—Chicago Mail.

A CHILD KILLED.

Another child killed by the use of opiates given in the form of soothing syrup. Why mother give their children such a deadly poison is surprising when they can relieve the child of its peculiar troubles by using Acker's Baby Soother. It contains no Opium or Morphine. Sold by J. W. Conn, Druggist.

It is the intention of the Port Blakeley mill company, which is building the road to Montesano, to construct a steamer about the size of the T. J. Potter, to run between Seattle and Kamilleh, taking in Tacoma, Steilacoom, en route.

A New Log-Cutting Machine.

I have it "straight" that before many months there will be a new log-cutting machine in this city, which will astonish even the most incredulous. A machine to weigh no less than 40 tons, by means of which an unsteamed log can be shaved up at the rate of 20 boards a minute, 12 feet long and 36 inches in width. Thickness will be from one inch down to the thinness of paper. By this machine the entire log can be utilized—no saw kerf, no planing, as the boards come away perfectly smooth. This is destined to revolutionize the box trade, as it would be folly to try to compete with a board-maker that can cut faster than the most rapid saw and that utilizes every particle of the log.

The time is now at hand for such a machine, as the annual waste in sawdust is simply enormous in this country. It is said that 65 per cent. of all the lumber cut is one inch and under. This being true, the field for the perfect knife machine will be a broad one. Should the machine prove a failure it will not be for long, as such a cutter must come, and that shortly. Up to the present time three-eighths to one-half inch is about as thick as any knife machine has successfully cut, and that only from short logs. It is rumored that a Chicago syndicate offered a most fabulous price for the controlling interest in this cutting wonder.—New York letter in the Southern Lumberman.

The Wonderful Healing Properties of Darby's Prophylactic Fluid.
Wherever a preventing, healing, cleansing and deodorizing injection or wash is required use Darby's Prophylactic Fluid. Any inflamed surface, external or internal, treated with the fluid will be quickly relieved. It has effected cures that had resisted the best medical skill.

A farmer of Chehalis claims to have harvested a field of barley averaging 104 bushels to the acre.

General Lumber Notes.

The hay log boom in the Okosh river will handle 100,000,000 feet of logs this season.
The West Newton slough, at Chipewa Falls, has given out 250,000,000 thousand feet of logs this year.
Numerous and valuable rafts of logs were lost in the Kananawa river during the recent Pennsylvania floods.
Nye, Lusk & Hudson have been obliged to shut their extensive mills at Thorpe, Edmore and Stanley, Wis., because of the scarcity of logs.
The average daily cut of the C. C. Thompson Lumber company's mill at Washburn is 225,000 feet of lumber, 30,000 feet of lath and 150,000 shingles.
A. P. Vaughn & Co.'s lumber company at Steven's Point, Wis., who assigned recently for \$68,000, will resume business, having made a settlement with creditors for 40 cents on the dollar.

HAPPINESS AND CONTENTMENT
Cannot go hand in hand if we look on the dark side of every little obstacle. Nothing will so darken life and make it a burden as Dyspepsia. Acker's Dyspepsia Tablets will cure the worst form of Dyspepsia, Constipation and Indigestion, and make life a happiness and pleasure. Sold at 25 and 50 cents by J. W. Conn, Druggist.
