## The Favorite

Medicine for Throat and Lung Difficulties has long been, and still is, Ayer's Cherry Pectoral. It cures Croup, Whooping Cough, Bronchitis, and Asthma; soothes irritation of the Larynx and Fauces; strengthens the Vocal Organs; allays soreness of the Lungs; prevents Consumption, and, even in advanced stages of that disease, relieves Coughing and induces Sleep. There is no other preparation for diseases of the throat and lungs to be compared with this remedy.

"My wife had a distressing cough, with pains in the side and breast. We tried various medicines, but none did her any good until I got a bottle of Ayer's Cherry Pectoral, which has cured her. A neighbor, Mrs. Glenn, had the measles, and the cough was relieved by the use of Ayer's Cherry Pectoral. I have no hesitation in recommending this

## Cough Medicine

"Every one afflicted."—Robert Horton, Freeman, Newlight, Morrilton, Ark.  
"I have been afflicted with asthma for forty years. Last spring I was taken with a violent cough, which threatened to terminate my days. Every one pronounced me in consumption. I determined to try Ayer's Cherry Pectoral. Its effects were magical. I was immediately relieved and continued to improve until entirely recovered."—Joel Bullard, Guilford, Conn.

"Six months ago I had a severe hemorrhage of the lungs, brought on by an increase of cough which deprived me of sleep and rest. I tried various remedies, but obtained no relief until I began to take Ayer's Cherry Pectoral. A few bottles of this medicine cured me."—Mrs. E. A. Clark, 19 Second St., Lowell, Mass.

"For children afflicted with colds, croup, sore throat, or croup, I do not know of any remedy which will give more speedy relief than Ayer's Cherry Pectoral. I have found it, also, invaluable in cases of Whooping Cough."—Ann Lovejoy, 125 Washington Street, Boston, Mass.

## STOCKSLAGER ON TIMBER ENTRIES.

Commissioner Stockslager has made a decision on this class of entries, barring out Oregon women from the right to purchase under the act of June 3d, 1878. There is no doubt says the Roseburg Plaindealer, but that the commissioner has authority to make rules and regulations for the faithful execution of this act and to prevent frauds, but it is a strange, and we think far fetched doctrine that the provisions of a state law can set aside the rights of a citizen under a United States law. This seems to be Stockslager's ground for his decision.

There is a case on appeal from the Roseburg land office to have the commissioner's decision reversed, viz: Flora Elston, Genoa Pond, Alice Spaulding, et al, by C. A. Schlabrede, atty. for appellants.

We do not presume to be skilled in legal lore, but we do claim to have a little sense of justice, and knowledge of some constitutional requirements; as to the highest authority in the law making departments of the government. We have read that the constitution of the United States and laws hereunder are supreme; and therefore, we are of the opinion that a state law must give way to the provisions of the laws of congress, when the former conflict with the latter. Mr. Stockslager seems to think that because "a married woman cannot deed her separate property unless the husband joins in the deed" in Oregon, she cannot be allowed to make entry under the timber act of June 3, 1878.

This is a strange doctrine truly that a person's right to land depends upon their legal ability to alienate that right. Mr. Stockslager, if it is the correct theory of personal rights of married women, should carry out his theory to its logical conclusion, and rule that no female sole can make entry under this act, by anticipating that unmarried women after purchasing under the act might get married—a very rational conclusion—and thus be unable to sell her land without the husband joining her in the deed. The same parity of reasoning would prevent the husband also from making entry under this act, as he cannot deed land in this state unless the wife joins him in the deed. So, since for the goose is sauce for the gander, and Mr. Stockslager's argument falls to the ground.

Mr. Schlabrede has reviewed this decision in a very able brief, and makes a very clear showing that the commissioner is in error in his ruling and it should be reversed.

## Children Cry for Pitcher's Castoria

When Baby was sick, we gave her Castoria.  
When she was a Child, she cried for Castoria.  
When she became Miss, she clung to Castoria.  
When she had Children, she gave them Castoria.

If people who elope could only elope back again, how many more elopements there would be.

Don't kick if you owe a bill and can't pay. The kick is coming from the other man.

**A DUTY TO YOURSELF.**  
It is surprising that people will use a common, ordinary pill when they can secure a valuable English one for the same money. Dr. Acker's English pills are a positive cure for sick-headache and all liver troubles. They are small, sweet, easily taken and do not gripe. J. W. Conn, Druggist.

## Fireproof Houses in Buenos Ayres.

They build fireproof houses in Buenos Ayres and Montevideo without thinking of it, and while using all the wood they can afford to, and they use neither iron nor the arch. Trees are very scarce in the neighborhood, and timber has to be brought down from the upper waters in hard woods. Being dear, a little of it is made to go as far as possible. The floors and the roofs are supported by joists of hard wood, as among us; across these are laid flat rails of the same, and the spaces between these are bridged over by thin bricks thirteen inches and a half long, with their ends rested on the rails; another long layer of bricks is then laid with lime, and generally on this a layer of flat tiles. The doors and windows have no boxes, but simple frames which are set up when the walls are going up and built in. There is no lathing or wainscot, or skirting of the bottom of the walls. A house thus built cannot be burned.

## Be Merciful to Yourself

And heed the appeals for assistance put forth by your liver, when the organ is out of order. Among these are distress in the right side and through the right shoulder blade, yellowness of the skin and eyeballs, furred tongue, sour breath, sick headache, and above all, irregularity of the bowels. The mercy you extend to the afflicted organ is wisely shown by a prompt course of medication with Hostetter's Stomach Bitters, most genial of alteratives, and the hepatic gland early reciprocates the deserved attention by resuming its secretory functions actively and regularly. Among the accompanying good results are renewed digestion, freedom from headaches, and a resumption of activity of the bowels. All bilious symptoms disappear, and appetite and sleep improve. Beneficent are the effects of the Bitters in malarial disease, kidney disorders, rheumatic ailments and nervousness.

**A CHILD KILLED.**
