

### The Daily Astorian.

ASTORIA, OREGON:  
WEDNESDAY, SEPTEMBER 18, 1889.

PETROLEUM was discovered thirty years ago. The Standard Oil company recently celebrated the event by holding a state Democratic convention in Ohio.

MONTANA'S new constitution, it is said, prohibits logrolling in her legislature. Any member who promises his vote for a measure in consideration of another's vote on another measure is deemed guilty of solicitation of bribery.

JUSTICE MILLER, of Iowa and Justice Field, of California are the two men now on the supreme bench, who owe their places to President Lincoln. The other two whom he appointed, David Davis and Noah H. Swayne, are dead. Justice Miller is nearly 75 years old.

The "cold fresh air cure" is a new cure for consumption. Slowly being accustomed to the action of air, the patient is moved a little nearer each day toward an open window. The last stage of the cure consists in sleeping in the open air, regardless of wind, rain or snow.

DR. GREEN, of the Western Union, is very much inclined to doubt the financial success of extending the telegraph lines to 40,000 little postoffices in order to make the blessings of the telegraph service well nigh universal for the people. Mr. Wanamaker has set his heart upon the scheme.

EDISON is reported, in a conversation with an interviewer who solicited his ideas on the subject of the projected world's fair in New York, as saying that he would take an acre of space in such a fair and completely cover it with his inventions, of which he has no less than seventy now under way. "One of the most peculiar, and now promising good results," said Edison, "is what I may call a far sight machine." By means of this extraordinary invention he hopes to be able to increase the range of vision by hundreds of miles, so that, for instance, "a man in New York could see the features of his friend in Boston with as much ease as he could see a performance on the stage. That," he added, "would be an invention worthy a prominent place in the world's fair, and I hope to have it perfected long before 1892."

No merchant needs to be told that discounts mean wealth. In fact, no retailer can afford to lose them. Notice a few figures: Suppose you have \$20,000 at 6 per cent., invest \$1,000 of it in fitting up a store and the other \$19,000 in merchandise, which is turned over three times a year. Figure your prices so they shall cover cost of goods and expenses, not including interest on capital. By paying ten days cash for your goods—\$19,000 three times—your discounts will amount to \$3,420, which, less \$1,200 interest on capital, leaves you a net gain of \$2,220. Thus a business of only about \$60,000, with goods sold at cost, yields over 3 per cent., constituting a fair income, after paying 6 per cent. on the capital invested. Is it, then, any wonder that the gigantic concerns with sales among the millions can sell goods at close figures and still rejoice in princely incomes? There are thoughts in these figures which all business men will do well to ponder.

### A CALIFORNIA SENSATION.

It is reported that thousands of the "California Remedy," Joy's Vegetable Sarsaparilla, have grown within a few months till they are now really sensational. The way the fame of this production has spread is simply marvelous. Six months ago it was unknown. To-day it is all over the country. It is authoritatively stated that they have been actually giving it away in San Francisco to people afflicted with dyspepsia, sick headaches, indigestion and liver troubles, not to be paid for unless it cured. Such practical tests are so startlingly convincing as to be almost sensational. It is stated that two of the active principles of the new remedy belong to the vegetable kingdom of California and are so well known to us all under common names that it would surprise us if told them. But we are not surprised at anything Californian, and this recent discovery of the new medicinal virtues of its vegetable kingdom is but another instance of the astonishing possibilities of a soil and climate like ours.

### Doctors say insanity may become contagious in certain circumstances.

**Epilepsy.**  
This is what you ought to have, in fact, you must have it, to fully enjoy life. Thousands are searching for it daily, and mourning because they find it not. Thousands upon thousands of dollars are spent annually by our people in the hope that they may attain this boon. And yet it may be had by all. We guarantee that Electric Bitters, if used according to directions and the use persisted in, will bring you Good Digestion and onst the demon dyspepsia and instead Epilepsy. We recommend Electric Bitters for Dyspepsia and all diseases of Liver, Stomach and Kidneys. Sold at 50c. and \$1.00 per bottle by J. W. Conn, Druggist.

COUNTERFEIT COIN FOUND.  
This afternoon three lads, Frank O'Brien, Henry Clary and Willie Gebhart, found a sack containing \$200 in counterfeit silver coin in the vicinity of Fulton park.

SLOGGED TO DEATH.  
St. Louis, Mo., Sept. 17.—A brutal prize fight occurred here last night which resulted in the death of one of the participants. Thos. E. Jackson, 18 years old, is the victim. He fought Ed. A. Hearn, a local light weight champion, eleven bloody rounds, and at the opening of the twelfth fell fainting in his second's arms. The fight throughout was the most desperate ever witnessed in the ring, science being lost sight of and slogging marking the fight throughout. By the time half a dozen rounds had been fought the men and their seconds were covered with blood as also was the sawdust on the floor, while the water with which the fighters were sponged was as red as blood itself. When Jackson was unconscious he was carried to a room above the saloon where three physicians worked vigorously to restore him but without avail and at 11 o'clock this morning Jackson died. He is a son of George M. Jackson, a well known local greenbacker. The affair has created intense excitement as a number of prominent people are likely to become involved. The spectators principally were pool alley sports who made up a purse of \$30 for which the boys contested with two ounce hard gloves. Chief of police Heubler has ordered the arrest of all the parties concerned in the affair.
