Beauty

Is desired and admired by all. Among the things which may best be done to enhance personal beauty is the daily use of Ayer's Hair Vigor. No matter what the color of the hair, this preparation gives it a lustre and pliancy that adds greatly to its charm. Should the hair be thin, harsh, dry, or turning gray, Ayer's Hair Vigor will restore the color, bring out a new growth, and render the old soft and shiny. For keeping the scalp clean, cool, and healthy, there is no better preparation in the market.

"I am free to confess that a trial of Ayer's Hair Vigor has convinced me that it is a genuine article. Its use has not only caused the hair of my wife and daughter to be

Abundant and Glossy, but it has given my rather stunted mustache a respectable length and appearance."—R. Britton, Oakland, Ohio.

"My hair was coming out (without any assistance from my wife, either). I tried Ayer's Hair Vigor, using only one bottle, and I now have as fine a head of hair as any one could wish for."—R. T. Schmitt, Dickson, Tenn.

"I have used Ayer's Hair Vigor in my family for a number of years, and regard it as the best hair preparation I know of. It keeps the scalp clean, the hair soft and lively, and preserves the original color. My wife has used it for a long time with most satisfactory results."—Benjamin M. Johnson, M. D., Thomas Hill, Mo.

"My hair was becoming harsh and dry, but after using half a bottle of Ayer's Hair Vigor it grew black and glossy. I cannot express the joy and gratitude I feel."—Mabel C. Hardy, Delavan, Ill.

THE NEGRO EXODUS.

A Talk with the Originator of the Movement.

The man who figures at the head of the proposed new exodus of negroes from the south, is the Rev. T. W. Henderson, pastor of Quinn chapel, in Chicago. He is a colored man, and took a leading part in the great exodus of Mississippi negroes to Kansas in 1872. Mr. Henderson was seen a few days ago by the reporter of a Milwaukee paper, and said that he was the author of the resolutions adopted in that city by the African Methodist conference of the northwest, and that they were not inspired by any politician or with a view of serving any political party. "This movement," he said, "has been quietly worked for a long time, and will be continued in that way until we have settled Montana and Washington territory from end to end with refugees. Plantation negroes are no better off now than they were before the war. When they hire out it is for the year, and they contract to buy all their supplies from the master's store, so that, when they make a final settlement, they always come out in debt. So their condition is really no better than the Mexican peons who shovel forever as debtors of their employers. The movement is thoroughly organized, and on such a solid basis that no one in the south will realize the colored folks have escaped until all are gone who wish to go. We have a better underground railroad now than existed in the days of old John Brown. It was I who originated and conducted, under governor St. John, the great exodus of my people from the state of Mississippi to Kansas in 1872. At that time I was editor of two newspapers in Kansas. We got over 60,000 colored people to move to the state, gave most of them a mule and sold them forty acres of land each, on five or ten years' time. It was a great success. Many of them are now rich; all are well to do, and they did not freeze to death, as the wife of the governor of Tennessee feared, when talking to me, that they would."

Ayer's Ague Cure stimulates the liver and neutralizes the malarial poison in the blood. Warranted to cure.

General Booth, in opening a new Salvation hall in Liverpool, defied any one to point out any authorized doing of the Salvation army not justified from the bible. They had 2,700 societies and 8,000 officers, for the most part self-supported, and the annual income was not less than \$4,000,000.

Children Cry for Pitcher's Castoria

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

It is hinted that a tin famine is imminent, owing to the strike on the London dock yards; and that there is not a pound of tin aloft between London and New York. The bulk of the tin of the latter place are trying to advance prices.

CAUTION TO MOTHERS.

Every mother is cautioned against giving her child laudanum or paregoric; it creates an unnatural craving for stimulants which kills the mind or the child. Acker's Baby Soother is specially prepared to benefit children and cure their pains. It is harmless and contains no Opium or Morphine. Sold by J. W. Conn, Druggist.

There is much activity in railroad circles in Washington territory, with prospects of a big rate war in a few months. The Union Pacific has succeeded in Tacoma, and will endeavor to be let in over the Northern Pacific line from Portland.

ARE YOU SKEPPICAL?

If so we will convince you that Acker's English Remedy for the lungs is superior to the best of other large tracheal cures for all Throat and Lung troubles, Croup, Whooping Cough and Colds. We guarantee the preparation and will give you a sample bottle free. J. W. Conn, Druggist.

A DUTY TO YOURSELF.

It is surprising that people will use a common, ordinary pill when they can secure a valuable English one for the same money. Dr. Acker's English pills are a positive cure for sick-headache and all liver troubles. They are small, sweet, easily taken and do not gripe. J. W. Conn, Druggist.

After a sea diet, to prevent boils and assist acclimation, use Ayer's Sarsaparilla.

There is nothing in the report of the threatened assassination of the president. He has no body-guard. No threats have been made, and the whole matter emanates from a person at Washington whose mind is thought to be unbalanced.

A timber land contest involving nearly 2,000 acres, is now in progress at Seattle. The parties interested are the government vs. S. S. Hawley, R. A. Alger and R. K. Hawley, and its object is the restoration of the tract to the government for settlement, being property claimed to be of great agricultural value. This is to be made a test case, and should the government be successful, will lead to the cessation of other large tracts now held by large mill firms and capitalists, comprising some of the most extensive camps on Puget sound.
