Beauty

Is desired and admired by all. Among the things which may best be done to enhance personal beauty is the daily use of Ayer's Hair Vigor. No matter what the color of the hair, this preparation gives it a lustre and pliancy that adds greatly to its charm. Should the hair be thin, harsh, dry, or turning gray, Ayer's Hair Vigor will restore the color, bring out a new growth, and render the old soft and shiny. For keeping the scalp clean, cool, and healthy, there is no better preparation in the market.

"I am free to confess that a trial of Ayer's Hair Vigor has convinced me that it is a genuine article. Its use has not only caused the hair of my wife and daughter to be

Abundant and Glossy,

but it has given my rather stunted moustache a respectable length and appearance."—R. Britton, Oakland, Ohio.

"My hair was coming out (without any assistance from my wife, either). I tried Ayer's Hair Vigor, using only one bottle, and I now have as fine a head of hair as any one could wish for."—R. T. Schmittou, Dickson, Tenn.

"I have used Ayer's Hair Vigor in my family for a number of years, and regard it as the best hair preparation I know of. It keeps the scalp clean, the hair soft and lively, and preserves the original color. My wife has used it for a long time with most satisfactory results."—Benjamin M. Johnson, M. D., Thomas Hill, Mo.

"My hair was becoming harsh and dry, but after using half a bottle of Ayer's Hair Vigor it grew black and glossy. I cannot express the joy and gratitude I feel."—Mabel C. Hardy, Delavan, Ill.

THE ALASKAN FISHERIES.

An Opinion From Commissioner Stone.

SAN FRANCISCO, Sept. 22.—The steamer, *Haitien Republic*, arrived from the Kodiak islands, Alaska, last night, with about 200 passengers, and a cargo of salmon. Among the passengers were four United States commissioners, who are to make a report to the United States government on the condition of the salmon fisheries in Alaska. This commission appointed by the United States fish commissioner, consists of Thomas H. Bean, of Washington, D. C.; Livingston Stone, Oregon; Franklin Booth, of Berkeley, and Robert Lewis, of Washington.

Commissioner Stone said: "A brief report of our investigations will be made to congress in December, and a full report next June. We originally intended to go as far north as Behring sea, and Cook's inlet, but the lateness of the season prevented us from going beyond the Kodiak islands. On these islands, however, we made a very thorough examination, with surprising results. We visited every part of the islands, and made careful inquiries into the condition of the fisheries. The number of salmon taken up there is simply astonishing. In Carlock river, which is a stream about sixty feet wide and twenty-five miles in length, over 150,000 salmon were caught in a single day soon after our arrival.

"Although the country is wholly unsettled there are several millions of dollars invested in the salmon trade there, and the business is very profitable. There are eight canning companies on the islands, nearly all of them San Francisco concerns. We saw 20,000 salmon taken in one haul. I am told that the Carlock company cleared \$390,000 in business last year.

"What will be the nature of your report to the government?"
"We will say that too many salmon are being caught. If the present amount of fishing be continued and the same methods be used the salmon will soon be completely exterminated in the best and longest rivers on the Kodiak islands. My personal work was the selection of a suitable site for a station at which to breed salmon. I found an excellent place on the Litsic river.

"We will report two methods by which the salmon fisheries may be preserved and protected. First by restricting the packing companies as to the extent of their catches, and second, to hatch salmon by artificial methods. Either of these plans will solve the question and protect the fisheries. Most of the canning factories are located at the mouth of the Carlock river, which I think is the most wonderful stream in the world. Millions of salmon in the narrow run are unaccounted for." Commissioner Stone left to-night for his post at the government fishing station, at Clackamas, Or.

The commission will meet in November to prepare its report which will be made public soon after it reaches the hands of President Harrison.

CAUTION TO MOTHERS.

Every mother is cautioned against giving her child laudanum or paregoric; it creates an unnatural craving for stimulants which kills the mind or the child. Acker's Baby Soother is specially prepared to benefit children and cure their pains. It is harmless and contains no Opium or Morphine. Sold by J. W. Conn, Druggist.

The people of the United States spend \$25,000,000 annually for baking powder. Verily we are a rising nation.

"ARE YOU SKEPTICAL?"

If so will convince you that Acker's English Remedy for the lungs is superior to all other preparations, and is a positive cure for all Throat and Lung troubles, Croup, Whooping Cough and Colds. We guarantee the preparation and will give you a sample bottle free. J. W. Conn, Druggist.

In France workers stop at 10:30 A. M. for lunch. Sunday work is common.

A DUTY TO YOURSELF.

It is surprising that people will use a common, ordinary pill when they can secure a valuable English one for the same money. Dr. Acker's English pills are a positive cure for sick-headache and all liver troubles. They are small, sweet, easily taken and do not gripe. J. W. Conn, Druggist.

Used by the United States Government. Endorsed by the heads of the Great Universities and Public Food Analysts, as the Strongest, Purest and most Healthful. Dr. Price's Cream Baking Powder does not contain Alumina, Lime or Alum. Dr. Price's Delicious Flavoring Extracts, Vanilla, Lemon, Orange, Almond, Rose, etc., do not contain Poisonous Oils or Chemicals.
