PORTLAND, Oct. 21.—Frank Putnam, the Southern Pacific fireman injured at the Junction City accident last Friday, died at St. Vincent's hospital this morning. The remains were taken to Brownsville for interment this afternoon.

LITTLE STEAMER LIBELLED. The little Albina steamer Alarm has been libelled for damages to the extent of \$4,000 by Bartholomew Leitkeiser this morning. The steamer was libelled by deputy United States marshal Clay Myers, and her owner, Captain Spencer, at once furnished bail in the sum of \$8,000. Leitkeiser fell overboard one day last summer, and claims it was the captain's fault.

SOUTH AMERICAN POLITICS. GUAYAQUIL, (via Galveston), Oct. 21.—El Globo publishes a long editorial in support of the refusal of the Ecuadorian government to accept the proposals of an agent for a European syndicate for an arrangement touching upon national, external and internal debt. Also for the construction of a railroad to Quito, and the establishment of an official bank.

YALE IS ALL RIGHT. NEW HAVEN, Conn., Oct. 21.—Two students of Yale college recently died of typhoid fever, and sensational dispatches were sent out alleging that an epidemic of typhoid was raging. Physicians say there is nothing to justify them. The health of the students is as good as usual at this time of year. In all there have been four cases.

ARREST OF COUNTERFEITERS. LONDON, Oct. 21.—Russian police at Odessa late Saturday night arrested two men said to be Americans charged with circulating large amounts of new and dangerous 25 rouble bills of the bank of Russia. Two packages purporting to be bales of cotton cloth which arrived from New York last week were assigned to one of these men and upon examination by the customs officials were found to contain nearly one million roubles of these counterfeit bills.

WILL DISPENSE WITH THEIR SERVICES. WASHINGTON, D. C., Oct. 21.—Numerous applications have been made to the secretary of the treasury for the position of inspector of foreign vessels at different ports in the United States and upon examination of the subject the secretary has found that the controlling reason in most instances for the anxiety to secure these places is the limited amount of work the inspectors have had to perform. Several of these places have for a number of years past been sinecures and not more than a dozen foreign vessels would in a year take advantage of the law permitting their examination by officers of the United States government.

AN OPINION BY THE LAND OFFICE. WASHINGTON, Oct. 21.—The commissioner of the land office in reply to a letter from the attorney of the Northern Pacific road says the office will continue in the course indicated some time since, refusing action on contests between the railroad company and settlers on lands where the railroad has been completed within the time fixed by law, preferring to leave the matter open until congress shall express an opinion relative to the claim of the railroads to land of this class.

Their Business Booming. Probably no one thing has caused such a general revival of trade at J. W. Groff's Drug Store as his giving free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures, and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size \$1. Every bottle warranted.

SECRETARY BLAINE'S DIPLOMACY. WASHINGTON, Oct. 21.—It is reported that our minister to Hayti, Fred Douglas, is commissioned by secretary Blaine to try and impress the powers in Hayti and San Domingo that while maintaining their autonomy it would be to their advantage to put themselves under the protectorate of the United States. Furthermore, minister Palmer is to see what he can do at Madrid in a quiet way to secure the severance of Spain's relations with Cuba.

JOY'S VEGETABLE Sarsaparilla. "What are you growling at, sir?" "At the amount you are eating, sir! Have you no regard for the feelings of a dyspeptic, sir?" "No sir! Go and take a course of Joy's Vegetable Sarsaparilla and you won't have the dyspeptic, sir!"

John Arnold of 63 Golden Gate avenue, writes: "You may also use my name as an additional authority that 'The California Remedy,' Joy's Vegetable Sarsaparilla, will cure dyspepsia and liver and kidney complaint. It has done it for me."

James Wells, Oakland, Cal., writes: "I suffered acutely from dyspepsia for years, scarcely taking a meal without the distressing pains of indigestion. Joy's Vegetable Sarsaparilla relieved me of it entirely."

To Be Taken For What It Is Worth. A prominent Portlander, who has been absent in the east for several weeks, says the Oregonian, writes that no removals will be made in the principal federal offices in this state—the Portland custom house, postoffice, internal revenue office, district attorney and the Astoria custom house—until congressman Hermann returns to Washington, which will be next month. It is inferred from the letter that the writer obtained this information from senator Mitchell, who left Portland in a hurry several weeks ago, ostensibly to be at the sickbed of his mother in Pennsylvania, but really, it is said, to escape the importunities of the horde of office-seekers, who occupied a great portion of his time and came near pestering him to death. They flocked to his law office, and filled the passage and corridors of the Esmond hotel awaiting his appearance.

Senator Dolph escaped a great deal of worry by abbreviating his stay in Portland. Congressional business required his presence in the east. On the other hand, congressman Hermann has been making a prolonged tour of the state to acquaint himself with the legislative needs of the different sections, and it is a wonder that he is alive, with so many office seekers at large.

Since the adjournment of congress the number of candidates for the principal offices has narrowed down, many having been appointed to minor positions, while many were disposed of by being tendered places which they declined, which is equivalent to their retirement from the race.

SCROFULA. Is that inquiry of the blood which produces unsightly lumps, swellings on the glands of the neck; causes painful running sores on the arms, legs, or feet; develops ulcers in the eyes, ears, or nose, often causing blindness or deafness; is the origin of pimples, cancerous growths, or the many other manifestations usually ascribed to "humors;" and fastening upon the lungs, causes consumption, and death. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

How Can It Be CURED. By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, often when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula or impure blood, be sure to try Hood's Sarsaparilla.

Every spring my wife and children have been troubled with scrofula, sores breaking out on them in various places. My little boy, three years old, has been a terrible sufferer. Last spring he was one mass of sores from head to feet. I was obliged to use Hood's Sarsaparilla, and we have all taken it. The result is that all have been cured of the scrofula, my little boy being entirely free from sores, and all four of my children look bright and healthy." W. B. ARMITAGE, Passaic City, N. J.
