

The Daily Astorian.

ASTORIA, OREGON: SUNDAY, OCTOBER 27, 1889.

A CHICAGO husband and wife both filed petitions for divorce on the same day, each without the knowledge of the other.

THE son of a Chicago millionaire is in jail for stealing cigars. The evils of the tobacco habit have rarely been more strikingly illustrated.

EMILIE DE LAVALYER believes that the two great powers of the future, leaving China out of the question, are the United States and Russia.

THE Marion county board of equalization made a horizontal reduction of 25 per cent, on the county assessment roll, last year, as returned by the assessor.

MRS. COCHRAN, of Shelbyville, Illinois, has invented a dish washing machine, and if it is a success the weary women of America will rise up and call her blessed.

BISMARCK told the czar that a policy of conciliation should be adopted in Russian public affairs, and the czar asked Bismarck why he had never tried it in Germany.

A LAWYER at Tarpon Springs, Florida, advertise as follows in a local paper: "Marriages and divorces secured with neatness and dispatch, with or without publicity."

THE domain obtained from the Indians by the Minnesota commission is as large as Connecticut. The Indians have been made citizens of the "state, so as to be more easily governed.

THE Corvallis Times is evidently indignant with the Yamhill Ledger man, and fearlessly states that the Y. L. man "ought to be in hades setting red hot nonpareil Italian at a nickel a thousand."

SAYS a Washington D. C. dispatch: "The Venezuela claim commission has been organized over a week, but has struck an obstacle in a lack of claims to consider. It is thought claimants are not aware of the commission being organized, and that as soon as they are so informed then the commission will have plenty to do."

Astorian Should Take Notice.

"It is the business of reputable and honest organs of local opinion to see that establishments locating themselves here and thriving upon the good name of this community shall not go up and down the land pushing improper schemes without being called to explanation or account. It is the belief in many quarters, east and west that the American Building and Loan association is a scheme to defraud the poor and unwary. The least reputable part of the business of this 'American Building and Loan association' is its expense. This American association exists solely and purely because it can collect under guise of an expense fund an enormous sum of money that goes, presumably, in the pockets of the managers. No other financial institutions ever organized on earth, not even the worst of the bogus assessment insurance companies, have ever as we believe made such exorbitant charges for expenses." - Minneapolis Tribune.

A CALIFORNIA SENSATION.

It is reported that the sales of the "California Remedy," Joy's Vegetable Sarsaparilla, have grown within a few months till they are now really sensational. The way the fame of this production has spread is simply marvelous. Six months ago it was unknown. To-day it is all over the country. It is authoritatively stated that they have been actually giving it away in San Francisco to people afflicted with dyspepsia, sick headaches, indigestion and liver troubles, not to be paid for unless it cured. Such practical tests are so startlingly convincing as to be almost sensational. It is stated that two of the active principles of the new remedy belong to the vegetable kingdom of California and are so well known to us all under common names that it would surprise us if told them. But we are not surprised at anything Californian, and this recent discovery of the new medicinal virtues of its vegetable kingdom is but another instance of the astonishing possibilities of a soil and climate like ours.

A Brief Record of the Day's Doings.

Drunken Row on the "Geo. W. Elder."

Successful Launch of the San Francisco.

Murder of a Young Man in a Saloon.

PORTLAND, Oct. 26.—On the 16th of last September at a meeting of the stockholders of the Portland Cement company, F. D. Ball, W. Lockatan, O. E. Heintz, E. D. Whitney and G. G. Gammons were elected directors of the company for the ensuing year. On the 14th inst. some of the stockholders held another meeting in the office of J. C. Bayer, electing the following board of directors: John Robertson, J. A. Martin, J. B. Bridgers, R. J. Stuart and A. W. Middleton.

F. D. Ball president of the company this morning filed a complaint in Judge Shuttuck's court asking that the second election be judicially nullified.

HOLD TO APPEAR. Two sneak thieves, Archibald Clements and Marcus H. Stephen, who were arrested by officers Smith and Young, Friday morning while breaking into the Veto saloon had an examination before Judge Tauner today on two charges: attempting to burglarize the Veto saloon, and larceny from Geo. Wager's saloon, on First and Clay streets. The men waived examination to appear before the grand jury, and their bail was fixed at \$500 in each case. The evidence against them is very strong.

KEARNEY'S DOMESTIC TROUBLES. Arthur Kearney was arrested this morning on a warrant issued at the instance of his wife who says he has threatened to kill her. She alleges that last Wednesday while drunk he assaulted her and said he would cut her to pieces. Kearney's bonds were fixed at \$100; he was present before Justice Tuttle this morning and acknowledged he had made threats: He said "its whisky that causes me to do so; the only way to keep me down is to put me in jail. It has caused me the loss of wife and two little boys" and the tears came into the wretched man's eyes.

A LIVELY TIME ON THE "ELDER." C. H. Lewis, first mate of the Geo. W. Elder, who has been charged with brutally beating a man named Nordberg, while the ship was in northern waters, called this morning to make a denial. In giving his version of the affair Mr. Lewis said: Nordberg in the first place was not a sailor on the ship. The statement that he was acting in such capacity is a falsehood. On the morning of the 19th he and thirty other fishermen came aboard the vessel at Pyramid Harbor, Alaska to take passage. They were a rough looking set. In a short time one of the crew came up from the forecabin and said the fishermen had left the steerage quarters and were in the forecabin drinking liquor. They were also furnishing the ship's sailors with whisky and rendering them unfit for duty. To make the situation more grave, we needed all the sailors, as the ship was in the worst portion of her course. I went at once to the forecabin and told the fishermen not to give the men any more whisky, also to quit drinking themselves, as I did not want drunken men on the ship. Hardly an hour had passed when the assistant came up and said the fishermen were again giving liquor to the men. I returned to the forecabin and told the offenders if they did not desist I should put them in irons. Nordberg applied a vile epithet to me and in reply I slapped him in the face. He then went with others to the steerage. Soon the steward reported that they were fighting among themselves. I went down and found one man with his head cut open; the others were all smashed up. We patched up the injured man and caused the fighting to stop. It was in this broil that Nordberg was hurt. I am not a vicious man and never abuse my sailors, much less passengers, but if a man gives me strong provocation while on my vessel I shall deal with him as he deserves."

SUCCESSFULLY LAUNCHED. SAN FRANCISCO, Oct. 26.—The government cruiser San Francisco was successfully launched to-day with fitting ceremonies.

THE READY REVOLVER. FARMINGTON, W. T. Oct. 26.—This morning a man named Russell in company with another man, named Colton, a cripple from Dayton entered the Palace saloon while under the influence of liquor. After a few remarks he drew a revolver and shot Dan'l Canty through the head, the ball entering below the temple and passing back of the windpipe and out at the neck. Medical assistance was immediately summoned, but the chances of Canty's recovery are one among a thousand. Daniel Canty is a young man about 20 years of age and well thought of. Russell is about 28 years old and the son of Charles Russell an old pioneer of Walla Walla. He is now locked up in the city jail waiting his examination which takes place to-day.

PRIVILEGED CHINESE. SAN FRANCISCO, Oct. 26.—One of the crew of the United States flagship Omaha writes from Yokohama, saying: "One-fourth of our crew are Chinamen, who, if they are here stated, are not subject to the discipline to which other men must accede. The Chinamen go up to the mast, shake their hand to their cap, the officer of the deck answers, 'All right,' and the Chinamen go ashore to return at their own discretion and convenience. Notice beside these Chinamen at the mast perhaps one of the few Americans on the ship. When the officer of the deck sees him he of course asks him what he wants. He requests to see the executive officer to know if he can go ashore. What is the result? His request is met with a

positive refusal, because it is not three days since he was ashore last, and the man walks away, while the Chinamen, who go ashore every day, go tripping over the gangway laughing at the rejected Americans. Is that justice? Is that discipline? I know every fair-minded citizen's answer: It is neither.

"We have three Chinamen who are rated as carpenters and calkers. When we arrived in Yokohama one year ago we had seventeen white men doing all the cooking for the ship's company. Their rate was landsmen, and they received an additional \$18 a month from the messes for which they cooked. Then the men were of some use when called on deck to man a gun or participate in an evolution or drill of any kind. Furthermore, they were better cooks, and as regards cleanliness and neatness they by far surpass our present Chinese cooks, but it was of no use. The Americans must go and the Chinese must come and they did come, and we have twelve Chinamen cooking on the berth deck, and the white cooks are on deck as landsmen and ordinary seamen, while the Chinamen enjoy their victory and \$25 a month."

JOHN L. SULLIVAN. BOSTON, Oct. 26.—The statement that John L. Sullivan is bankrupt is said on authority to be false. The sum of \$20,000 of his money was placed in his father's keeping after the Mississippi fight and the old man has it yet. Arthur T. Lumley and Charley Johnston have published a card and say he has had large sums besides the \$20,000 stakes; that Johnston paid the legal expenses of his arrest and trial, and that he is in better circumstances than he ever was in his life before.

THE COLORED RACE. CHICAGO, Oct. 26.—John G. Jones, a lawyer of this city, with a number of prominent colored men in different parts of the country, has arranged to call a conference of leading men of the colored race from every state and territory of the Union, to meet in Chicago next June, for the purpose of forming a national league for the protection and elevation of the colored race in the United States.

EFFECTS OF A DROUGHT. ST. PAUL, Minn., Oct. 26.—Advises from southern Minnesota and Dakota state that a water famine with all its horrors is feared in that locality. The drought has been very severe and the streams are all dry. Thousands of farmers are hauling water, for stock and their own use, for miles. Great destitution is reported.

STEAMSHIP WRECKED IN THE RED SEA. NEW YORK, Oct. 26.—News is received of the total wreck in the Red Sea of the steamship Mary E. Brunner, from Bremen for Calcutta. The crew was saved.

A DENIAL. NEW YORK, Oct. 26.—Morton, Bliss & Co., bankers, deny that they have been lending the government money at 15 per cent. interest, as charged in the morning newspaper. The firm has not had one dollar of government money for any purpose.

A VALUABLE GIFT. MERIDEN, Conn., Oct. 26.—Isaac C. Lewis has presented the City Mission real estate valued at \$75,000.

ORGANIZED ASSASSINS. BERLIN, Oct. 26.—Klaiber, who attempted the assassination of Prince William of Wurtemberg is declared sane. He had been selected by lot by an Anarchist society sworn to kill princes.

Dyspepsia

Makes many people miserable, and often leads to self-destruction. Distress after eating, sour stomach, sick headache, heartburn, loss of appetite, a faint, "all gone" feeling, bad taste, coated tongue, and irregularity of the bowels, are the most common symptoms. Dyspepsia does not get well of itself. It requires careful, persistent attention, and a remedy like Hood's Sarsaparilla, which acts gently yet efficiently. It tones the stomach and other organs, regulates the digestion, creates a good appetite, and, by thus overcoming the local symptoms, cures the Sick Headache, and refreshes the tired mind.

"I have been troubled with dyspepsia. I had but little appetite, and what I did eat distressed me, or did me little good. After eating I would experience a faintness, or tired, all-gone feeling, as though I had not eaten anything. My trouble, I think, was aggravated by my business, painting, and from being more or less shut up in a room with fresh paint. Last spring I took Hood's Sarsaparilla and it did me an immense amount of good. It gave me an appetite, and my food relished and satisfied the craving I had previously experienced." GEORGE A. PAGE, Watertown, Mass.

N. B. If you decide to take Hood's Sarsaparilla do not be induced to buy any other.
