ASTORIA, OREGON:

__NOVEMBER 1, 1880.

THE four new stars are not under statute added to the flag until Fourth of July next.

SEATTLE is about to make a move to reduce high insurance rates in that city. One good way is to organize a home mutual fire insurance company.

A CORRESPONDENT of the St. Louis Globe-Democrat asserts that there is tin enough in Pennington and Custer centuries to come. He says he obtained six pounds of tin from nine pounds of ore in a mine near Custer.

A CALIFORNIA SENSATION.

[Petatuma Courier.] It is reported that the sales of the "Californi

Remedy," Joy's Vegetable Sarsaparilla, have grown within a few months till they are now really sensational. The way the fame of this production has spread is simply marvelous. Six months ago it was unknown. To-day it is all over the country. It is authoritatively stated that they have been actually giving it away in San Francisco to people afflicted with awayin San Francisco to people afflicted with dyspepsia, sick headaches, indigestion and liver troubles, not to be paid for unless it cured. Such practical tests are so startlingly convincing as to be almost sensational. It is stated that two of the active principles of the new remedy belong to the vegetable kingdom of California and are so well known to us all heads committed at various times in the common parage that it would supprise the conference of Palitic California and are so well known to us all heads common parage that it would supprise the conference of Palitic California and are so well known to us all heads common parage that it would supprise the conference of Palitic California and are so well known to us all heads committed at various times since 1875. William Harig alleges he added ballot-stealing, by which F. under common names that it would surprise us if told them. But we are not surprised at anything Californian, and this recent discovery of the new medicinal virtues of its vegetable kingdom is but another justance of the that he changed a majority of 450 for governor to 1,760 for John Lee Car. like ours.

The American schooner Mollie Adams was chased by the cutter Rush in Behring sea, but out ran her and brought a full cargo of sealskins to Port Townsend.

It is said that \$4,000,000 in bonds of the Ellensburgh & Northeastern rail road have been taken by eastern capitalists, which insures the construction of the road from that city to the Big Bend and Okanogan mines.

Fred and Herbert Rolf and W. Hill, the three young villains who dis placed a switch on the Southern Pa cific railroad, near Albany in July causing the death of engineer Jack Miller and Fireman Guthrie, have been indicted by the grand jury for murde in the second degree.

The biggest mineral strike of this season in the Cœur d'Alenes was made Saturday within one mile of Mullan, Idaho, by John W. Smith, deaf and dumb prospector. He found a five foot vein, of eighteen inches of solid galena, at a depth of fifteen feet, below the grass roots. A quarter in-terest in the property has been bonded for \$10,000.

In all other states when a convict is discharged from a penal institution is differently conducted. Not a word is ever received here respecting the pardon or discharge of a convict, and the ex-prisoner, if he so feels in-clined, can again begin operations without molestation.

A Communication

ASTORIA, October 20, 1829. EDITOR OF DATES ASTORIAN :-In this morning's paper I notice the com non council last evening adopted the repor an ams morning's paper I notice the com-mon council last evening adopted the report of a committee to effect that I have not con-structed streets in front of my own lots in accordance with the requirements of the ordinances relating to the matter; and that therefore the bond-given when I got per-nuts for doing the work, (not contracts to do the work for other people) are forfeited.

How much the members of the council, or of any committe, were prejudiced by inis-representation, that I had talked defaulty to any commitment, or committee, I do not

know.

I do know that one of our daily papers and a few weeks ago, very erroneously represent me (by allusion) as so talking to the street committee. No statement could be more false. I have never so talked to any conneilman or committee of the council. I believe in giving all due honor and respect to our city conneilman and all other persons in authority, at all times.

In regard to complying with the street ordinances I will say only this now, that after I took a permit to improve the streets in front of block 14 (alluded to in the council proceedings) a new ordinance affecting that part of Chemamus street was passed by the city council, changing the grade in front of that block, so that it would cost over \$200 more to hipprove it than it would have cost to improve it as I promised to do in the bond on my permit. And yet I have met the extra \$200 expense and the only complaint now made against that improvement is that I did not use new 4-inch planking.

Some of the planking is new, good fir, 4-inch material, all the other material used is sound solid, well tested, seasoned (some of it water seasoned) material; and much of it water seasoned) material; and much of it will outlast any new fir planking that has been put on the streets this season. I have tested this matter by using similar material on other streets in this city years ago.

And if any of this planking gives out in

And if any of this planking gives out in the near future, I shall replace it and keep he street in repair, as I have always done, in front of my own premises. I might add in this connection that after the new collingues eleminates

mits,

I have a good defense for my action in all
the other places, or matters, complained of
by the said street committee.
