Blood Diseases are cured by the persevering use of Ayer's Sarsaparilla.

This medicine is an Alterative, and causes a radical change in the system. The process, in some cases, may not be quite so rapid as in others; but, with persistence, the result is certain. Read these testimonials:—

"For two years I suffered from a severe pain in my right side, and had other troubles caused by a torpid liver and dyspepsia. After giving several months to a fair trial, without a cure, I began to take Ayer's Sarsaparilla. I was greatly benefited by the first bottle, and after taking five bottles I was completely cured."—John W. Benson, 70 Exchange St., Lowell, Mass.

"I had a dry scaly humor for years, and suffered terribly, and, as my brother and sister were similarly afflicted, I thought the humor was hereditary. Last winter, Dr. Tyson, of Ferrisburgh, N.Y., recommended me to take Ayer's Sarsaparilla, and continue it for a year. For five months I took it daily. I have not had a blotch upon my body for the past three months."—T. E. Wiley, 146 Broadway St., New York City.

"Last fall and winter I was troubled with a dull, heavy pain in my side. I did not notice it much at first, but it gradually grew worse until it became almost unbearable. During the latter part of this time disorders of the stomach and liver increased my troubles. I began taking Ayer's Sarsaparilla, and, after faithfully continuing the use of this medicine for some months, the pain disappeared and I was completely cured."—Mrs. Augusta A. Furbush Haverhill, Mass.

A Plea for Boys

I am sorry to say that boys are not generally understood. Between 6 and 14 years of age the masculine nature is a mixture of mischief, and sensitiveness, and spunk, and fun, and trouble, and pugnacity, which the chemistry of the world fails to analyze. A little girl is definable. She laughs when she is pleased, cries when she feels badly, pouts when she is cross and eats when she is hungry. Not so with a boy. He would rather go a nutting than to eat, forgets at the fish pond he has not had his dinner, often laughs when he feels badly, and looks submissive to an imposition practiced upon him. He gets the perpetrator alone in the middle of the road, and tumbles him in the dirt. His eyes and mouth and nose are so full that the fellow imagines that he, for a time, has returned to dust. A boy under a calm exterior may have twenty emotions struggling for ascendancy. Especially do I feel for a boy who has more fun abroad than he can master. How well I remember the country school-house where we all had to be sedate, though one boy would make a face enough to put the whole school in danger of running over with giggles. It is an awful thing for a child not to dare to laugh when the merriment rises and wells up till the jacket gets tight and the body is a ball of fun, and he knows that if out of one of the corners of his compressed lips a snicker should escape all the boys would go off in explosion. I remember times when I had at school such responsibility of repression resting on me and proved unfaithful.—Dr. Talnage in New York Observer.

Ayer's Cathartic Pills contain neither calomel nor any other injurious substance. They stimulate the appetite and regulate the bowels.

An ex-member of the California legislature, who since his term expired has dropped still lower and has been serving a term in the Oregon penitentiary, was released from that institution last Sunday, and is now an ex-convict. Curtis Baird is his name and he was sent up for four years from Clackamas county. While county school superintendent of Clackamas, he created a false school district and appropriated to his own use the warrants drawn in favor of the teachers and for the various expenses of the district. So nearly did he conceal information of the bogus district that the crime was not detected until the books were turned over to his successor, who was of course unable to find such a district. Baird is a highly educated man and has a respected family residing at Oregon City.

Melancholy or Despondency. Commonly called the "blues," generally proceeds from a sluggish liver. It either causes Dyspepsia, or follows it, being both cause and effect. To cure it take Simmons' Liver Regulator. "I was so sick and low spirited I would have given anything to get well; and if anyone had, ensured me the good health produced by using Simmons' Liver Regulator, and charged me a thousand dollars, I would willingly have paid it—in fact, \$10,000 would be worth less to me than what it has done for me."—Geo. F. BARRETT, Mason, Ga.

"Be sure your sin will find you out." After sixteen years the notorious Bender family, that committed such a series of horrible murders in Southern Kansas, is discovered. They will doubtless be given the full benefit of the law on their old camping grounds.

Children Cry for Pitcher's Castoria. When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

Its peculiar efficacy is due as much to the process and skill in compounding as to the ingredients themselves. Take it in time. It checks diseases in the outset, or if they be advanced will prove a potent cure.

No Home should be Without It.

It takes the place of a doctor and costly prescriptions. All who lead sedentary lives will find it the best preventive of Indigestion, Headache, Biliousness, Piles and Mental Depression. No loss of time, no interference with business while taking. For children it is most innocent and harmless. No danger from exposure after taking. Cures Colic, Diarrhea, Bowel Complaints, Feverishness and Feverish Colds. Invalids and delicate persons will find it the mildest Aperient and Tonic they can use. A little taken at night insures refreshing sleep and a natural evacuation of the bowels. A little taken in the morning sharpens the appetite, cleanses the stomach and sweetens the breath.

A PHYSICIAN'S OPINION. "I have been practicing for twenty years and have never been able to put up a vegetable compound that would cure the Liver, and effectively move the Liver to action, and at the same time aid (instead of weakening) the digestive and assimilative powers of the system." L. M. HINTON, M.D., Washington, Ark. Marks of Genuine: Look for the Trade-Mark on front of Wrapper, and Seal and Signature of J. H. Zeller & Co., in red, on the side. Take no other.

Price 51.

An impostor is gaining a living in Michigan by calling himself the Messiah, and claiming that water cannot drown and crucifixion water cannot kill him. There are a few perfectionists that worship at his shrine, mostly women. His name is George Jacob Schweinfu, but more rational persons believe that not even that will be of service to him when he is put to the test. He is the same man that some rough woodmen threw into the water some years ago as a test and let him sink three times before they fished him out. But his ardor does not seem to be dampened.

CAUTION TO MOTHERS. Every mother is cautioned against giving her child laudanum or paregoric; it creates an unnatural craving for stimulants which kills the mind of the child. Acker's Baby Soother is specially prepared to benefit children and cures their pains. It is harmless and contains no Opium or Morphine. Sold by J. W. Conn, Druggist.

The Weatherwax milling interests here, have been merged into a stock company. The company is organized under laws of the territory of Washington, for the purpose of manufacturing and dealing in lumber, in Aberdeen and San Francisco. The concern will be one of the strongest of its kind on the Pacific coast. It will have a paid up capital of \$225,000. The name of the company is the J. M. Weatherwax Lumber company, and the stock is all owned by Capt. Weatherwax and his sons. The officers of the company have not yet been elected, but it is generally understood that C. B. Weatherwax will be general manager, with headquarters at Aberdeen.

PIMPLES ON THE FACE Denote an impure state of the blood and are looked upon by many with suspicion. Acker's Blood Elixir will remove all impurities and leave the complexion smooth and clear. There is nothing that will so thoroughly build up the constitution, purify and strengthen the whole system. Sold and guaranteed by J. W. Conn, Druggist.

Over four hundred patents for lands taken under the various laws, and which have been issued since Oct. 14, await claimants at the Seattle land office.

A DUTY TO YOURSELF. It is surprising that people will use a common, ordinary pill when they can secure a valuable English one for the same money. Dr. Acker's English pills are a positive cure for sick-headache and all liver troubles. They are small, sweet, easily taken and do not gripe. J. W. Conn, Druggist.

Many defects are discovered in the British navy, but there were more when we got through with it in 1812.

The Bear Wanted the Grouse.

A few days since Mr. William Starr, who has a pre-emption claim in the woods back of Mooreville, Columbia county, started out to visit the place and look after his crop of potatoes. On his way out he shot a grouse, and on arriving at his cabin cooked it for his supper, and as he ate it scattered the bones about the door. He then lighted a lamp and was reading, when he heard a noise at the door, and, looking up, saw a big black bear looking at him, apparently waiting to be asked in. Mr. Starr jumped for his gun which was loaded with birdshot, and the bear, seeing he was not welcome, walked off. But the taste and smell of grouse haunted him, and soon he returned, to find the door barred against him.

Now whether the bear thought that by eating Mr. Starr his craving for grouse would be satisfied, or what his ideas were is not known, but he began to scratch at the door, and every time he scratched Starr's hair rose on end, and this was repeated so often that now he can't stop it and his friends think he is wearing a bright wig, of some new patent. He has not yet decided whether to abandon his claim or to hire some one to kill the bear.—Oregonian.
