

# Morning The Daily Astorian.

VOL. XXXIII, NO. 119.

ASTORIA, OREGON, FRIDAY, NOVEMBER 22, 1889.

PRICE FIVE CENTS

## DEMENT'S ASTORIA

This tract is beautifully located on the John Day Slope; joins Riverside on the East and Columbia Second Addition on the North.

It is by far the most beautiful and sightly piece of land yet offered for sale. The timber is light (small hemlock) and the land can be cleared of every stick and stump for less than thirty dollars (\$30) a block. When so cleared it is comparatively level; only enough slope to secure good drainage.

We offer the first twenty (20) blocks at the low price of sixty-five dollars [\$65] for inside, and eighty dollars [\$80] for corner lots. **DON'T WAIT!** Don't join that army of people who in less than one year from to-day will congregate on the street corner and tell how they could have bought the City of Astoria for five hundred dollars [\$500] and made a fortune, but did'nt. **BUY NOW!**

## SHOREY & BALL.

OVER A. V. ALLEN'S.

### Ask For Ayer's

Sarsaparilla, and be sure you get it, when you want the best blood-purifier. With its forty years of unexampled success in the cure of blood diseases, you can make no mistake in preferring Ayer's

**Sarsaparilla** to any other. The foremost of good blood medicines, Ayer's Sarsaparilla is still the most popular, being in greater demand than all others combined.

"Ayer's Sarsaparilla is selling faster than ever before. I never hesitate to recommend it."—George W. Whitman, Druggist, Albany, Ind.  
"I am safe in saying that my sales of Ayer's Sarsaparilla far exceed those of any other, and it gives thorough satisfaction."—L. H. Bush, Des Moines, Iowa.  
"Ayer's Sarsaparilla and Ayer's Pills are the best selling medicines in my store. I can recommend them conscientiously."—C. Bickhaus, Pharmacist, Roseland, Ill.

"We have sold Ayer's Sarsaparilla here for over thirty years and always recommend it when asked to name the best blood-purifier."—W. T. McLean, Druggist, Augusta, Ohio.

"I have sold your medicines for the last seventeen years, and always keep them in stock, as they are staples. There is nothing so good for the youthful blood as Ayer's Sarsaparilla."—R. L. Parker, Fox Lake, Wis.

"Ayer's Sarsaparilla gives the best satisfaction of any medicine I have in stock. I recommend it, or, as the doctors say, 'I prescribe it over the counter.' It never fails to meet the cases for which I recommend it, even where the doctors' prescriptions have been of no avail."—C. F. Calhoun, Mouthouth, Kansas.

**Ayer's Sarsaparilla,**  
PREPARED BY  
Dr. J. C. Ayer & Co., Lowell, Mass.  
Price \$1; six bottles, \$5. Worth \$5 a bottle.

### ODDS AND ENDS.

The profits of the Standard Oil Trust last year were \$26,000,000.

Each time a 110-ton gun is fired, \$1,200 goes out of the treasury.

About three hundred thousand telephones are in use in the United States.

Nearly one-half the 487 doctors of medicine in Boston University are women.

The estimated population of Utah is 230,000, an increase of 86,000 since 1880.

The American Bank Note company prints 20,000,000,000 postage stamps per year.

Settlers in the Bend country, Wash., have to ride forty miles to get their mail and to vote.

The oldest bank notes are the "flying money," "convenient money," first issued in China, 2697 B. C.

There is a religious sect for every 7,333 persons in Victoria, Australia, or 150 denominations for 1,100,000 people.

About five thousand Dakota Indians will become full fledged citizens as soon as lands are allotted to them in severalty.

The Argentine Republic, possesses, roughly speaking, about 20,000,000 head of horned cattle and about 130,000,000 sheep.

The deaths in London last year numbered 78,848, or 18.5 per 1,000; in New York, 40,175, 26.33, and in Paris, 22.6 per 1,000.

Two million cents are about to be coined. This sounds big, but how far will they go among the 10,000,000 small boys of this country?

It is said that there are over six hundred thousand regular opium eaters in this country. There are over twenty thousand in Chicago alone.

The most widely separated points between which it is possible to send a telegram are British Columbia and New Zealand, via America and Europe.

Of free species there are over six hundred kinds listed by the census report for the United States alone—three times the number existing in central Europe.

The secret of making Russian sheet-iron is owned by the government, and is such an immense monopoly that it is currently supposed to defray the entire expenses of the government.

The population of Kansas, as returned by the assessors one year ago, was 1,518,552; for this year the same returns make the population of the State 1,464,914, a loss 53,538, or 3 1/2 per cent.

In transmitting a message from San Francisco, Cal., to Hongkong, China, via New York, Canso, Penzance, Aden, Bombay, Madras, Penang and Singapore, about fifteen minutes are consumed.

The man who invented the roller-skate, made \$1,000,000 out of it and probably does not care now that there is only one roller rink open in this country, a smaller one in a little Kansas town.

In East Turkestan, as well as in the extreme north, there are almost no thunder storms as Cape Ogle, northern part of North America, Iceland, Novaja Semlja, and the coast of the Siberian ice sea.

Five men of every hundred cannot be trusted with other people's money. This is what the English surety companies have learned from their experience. In the United States the business of furnishing bonds for fidelity is two percent to warrant such deductions.

When the bark from which quinine is made was gathered from wild trees in Central America, the price of the drug was \$3 an ounce. Now that the trees are planted and cultivated, the supply of bark has increased and the price of quinine fallen to 50 cents an ounce.

Ayer's Sarsaparilla. Its record of forty years is one of triumph over blood disease.

### NO HOUSEHOLD SHOULD BE WITHOUT

The majority of the ills of the human body arise from a diseased Liver. Simmons' Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy Liver than any other agency on earth.

**SEE THAT YOU GET THE GENUINE**  
Price, ONE Dollar

Triumph of Genius.

Edward Colgan, editor of the *Cumberland Gap*, died at Middleborough, Ky., two weeks ago. Eight years ago while reporting for the *Louisville Courier-Journal*, he wrote the following:

The June-bug has a grand wing. The lightning-bug has flame. The bed-bug has no wings at all, but he gets there just the same.

The managing editor killed it. Next day Mr. Colgan gave it to Mr. Padmen the humorous paragraphist, who printed it. It has gone the rounds ever since and been read by millions, who have thus been made to know that Colgan lived, while the unappreciative editor who attempted to squelch him is still an impersonality unknown to fame.

Prophylactic in Sickness.

"Typhoid Fever has broken out again, but wherever Darby's Prophylactic Fluid has been freely used there has been no fever."—M. B. LANCASTER, P. M., Ed. Central Alabamian.

"The fluid is not merely a deodorizer, but a disinfectant—a destroyer of the disease germs in an atmosphere which cannot be breathed without danger."—NEW YORK EVENING POST.

Statistics that have been collected as to the number of newspapers published throughout the world, credit Europe with 20,000 journals. This aggregate is almost equaled by that of the United States, in which last year 16,919 papers were printed, including 1,494 dailies, equalling the daily newspapers of England and Germany combined.

Anguish Unspeakable.

Is endured by the victims of inflammatory rheumatism, and any form of the disease may reach that agonizing phase, attack the heart and cause death. Unhappily they who feel its preliminary twinges seldom realize this. Like other possibly dangerous maladies, rheumatism is often disregarded at the outset. Well will it be for him if this brief notice shall serve as a warning of future peril or pain to a reader troubled with incipient rheumatism. The proper sequel will be an instantaneous resort to the great preventive depurative, Hostetter's Stomach Bitters, whose honest professional commendation popular experience has confirmed. There is no finer or more genial antidote to the virus of rheumatism in the system. Botanic in its origin, it is free from the objections attaching to de-purative poisons, and is taken in more than the infinitesimal dose. The Bitters conquers malaria, indigestion, liver and kidney troubles.

**SHILOH'S CATARRH REMEDY**—a positive cure for Catarrh, Diphtheria and Canker Mouth.

### An Unlucky Year.

When this year drags its weary feet into eternity it will have left a record behind it; a record of death, and a pathway bordered by bones. Its history thus far has been a history of fire, floods and famine. Fires that swept cities from the face of the earth, floods that have drowned thousands and tens of thousands, and famine that has stalked abroad through many a mining city, and of many a "once fertile plain" the "winds that have done their work, and brave vessels have fallen to pieces on the rocks, and brave sailors by the score have looked their last upon the deep. And the daily paper continues to be a record of murders, executions and accidents; of "horrible accidents" and suicides of so common a nature that they do not strike us as being horrible, but which are fatal just the same.

Up in Oregon once, a great many years ago, a soldier was tried for shooting another. The shooting took place near the cookhouse between the sounding of the tattoo and the sounding of the retreat. He hired a lawyer to defend him, and a witness was put on the stand to swear to the shooting.

"The shooting was done opposite the cookhouse between tattoo and retreat," was part of his evidence.

The lawyer had had a plan of the place prepared. He pulled it out.

"Here is a plan of the ground," he said to the witness. "Now, sir, will you point out to the jury the exact place between tattoo and retreat on this map where the shooting was done?"—*S. P. Chronicle.*

Have you taken a cold? You can cure it promptly with Ayer's Cherry Pectoral. The safest remedy for throat and lung troubles.

One of the most remarkable things in Utah is a mountain near Salt Lake City completely covered with oyster shells.

THE REV. GEO. H. THAYER, of Bourbon, Ind., says: "Both myself and wife owe our lives to Shiloh's Consumption Cure."

ARE YOU MADE miserable by indigestion, Dizziness, Loss of Appetite, Yellow Skin? Shiloh's Vitalizer is a positive cure.

WHY WILL YOU cough when Shiloh's Cure will give immediate relief. Price, 30 c. s., 50 cts. and \$1.
