LOOK OUT FOR FIRE.

To Theater Owners, Managers and Whom it May Concern: May Concern:

This is to certify that I have equipped the Windsor theater in this city with the Lindgren stationary chemical fire engines. After examining all other systems of fire protection, and after repeated tests of the Lindgren stationary chemical fire engine, and upon the recommendation of the insurance under-writters. I have no hositation in pronouncing it the cheapest and most powerful, as well as perfect, fire protection for theaters ever invented. In my opinion every theater and opera house in the United States, as well as Europe, should be equipped with these chemical fire engines, and thus save the less of life and thousands of dollars in property.

(Signed H. I. GOLDY, Owner Windsor Theater, Chicago, Ills.)

See What a Practical Fireman Says. Tacoma, Wash., Sept. 10, 1889,

This is to certify that I. George A. Burbank, witnessed the exhibition of the Lindgren chemical engine test to-day, and as I have witnessed a great many such chemical tests in Now York City, Borton, Mass., and other large cities in the East, I hereby state that it was the quickest and most estisfactory test, and was also pronounced so by two of our councilmen and all the citizens present, and I will also state that the time of applying the chemical was left entirely to me and I did not give the word until the fire was well started, for in other tests I have witnessed they have always put the chemical on the minute the fire was started and water would answer just as well, as there was nothing but the flame started and the wood not charred, and I take great pleasure in recommending the "Lindgren" as far superior to any other "Chemical" engine on the market.

Some men should never be seen except in a crowd.

If you ever expect to get rich, you must make money when times are hard. There is so much in every man's

history to be ashamed of; so little to be proud of. If you want to be miserable, think about yourself, about what you want, what you like, what respect people ought to pay you, what people think of you, and then to you nothing will be pure and you will always be wret-
