

The Daily Astorian

VOL. XXXIII, NO. 126.

ASTORIA, OREGON, SATURDAY, NOVEMBER 30, 1889.

PRICE FIVE CENTS

A SHORT TIME HAS GONE BY Since "Dement's Astoria" was put on the Market! ONLY FOUR BLOCKS ARE LEFT!

This is believed to be a pretty good sign that people know a good thing when they see it. This property is going fast. If you want to make money and make it fast, here is your chance. If you don't, this doesn't interest you. Meanwhile bear in mind that it is in just such purchases of real estate that big money is made. Better buy than wish you had. Anyhow if you should get left, don't say you didn't have a chance or weren't told.

SHOREY & BALL.

OVER A. V. ALLEN'S.

Rich and Poor,

Prince and Peasant, the Millionaire and Day Laborer, by their common use of this remedy, attest the world-wide reputation of Ayer's Pills. Leading physicians recommend these pills for Stomach and Liver Troubles, Costiveness, Biliousness, and Sick Headache; also, for Rheumatism, Jaundice, and Neuralgia. They are sugar-coated; contain no calomel; are prompt, but mild, in operation; and, therefore, the very best medicine for Family Use, as well as for Travelers and Tourists.

"I have derived great relief from Ayer's Pills. Five years ago I was taken so ill with

Rheumatism

that I was unable to do any work. I took three boxes of Ayer's Pills and was entirely cured. Since that time I have never without a box of these pills." Peter Christensen, Sherwood, Wis.

REPORTS OF GOVERNMENT CHEMISTS AS TO PURITY AND WHOLE-SOMENESS OF DR. PRICE'S CREAM BAKING POWDER.

DR. PRICE'S CREAM BAKING POWDER does not contain Alum, Ammonia or Lime, or any adulterant. R. S. G. FAYOS, Ph. D., Chemist for the United States Government.

The Cream of Tartar used in DR. PRICE'S CREAM BAKING POWDER is the strongest and free from all time and other impurities. Prof. FREDERICK COLLIER, Chief Chemist for the United States Department of Agriculture, Washington, D. C.

I have several times examined baking powders in the market to determine their purity, raising power and influence on the health of those using them. I have uniformly found Dr. Price's Cream Baking Powder the best in all respects. In raising power it stands at the head. It is a pure, clean, elegant and beautiful preparation. I have used "Price's" in my family for years.—Prof. R. C. KEDDIE, Late President Michigan State Board of Health.

A Photograph Mystery.

A well-known photographer, says the London Tablet, will vouch for the following facts: He was called in one day to take a photograph of a young girl of about 20, who had died a few days before. The corpse was laid out upon a bed with the hands clasped over the breast. Death had come very gently to her, and, except for the stiffness, she lay there as if in sleep. Some flowers had been strewn over the body, and on the floor by the side of the bed, and standing out in black relief against it, was the coffin. The photographer, secretly adjusted his lens and took the photograph. During the ten minutes needed for the exposure, the photographer peeped up and down in the long corridor outside the room where the dead girl lay. When he returned he saw that on the lid of the coffin was a flower, which was not so before. How did that flower come there? No one had entered the room, the windows were closed and there was not a breath of air stirring. Why was the flower now lying on the coffin, when a few minutes before it was on the bed between the hands of the corpse? The photographer listened, but he could hear no sound except the beating of his own heart. In a few moments, however, he determined to dismiss the question from his mind and busied himself with packing up his instrument. Then he paused—possibly the falling flower had left a trace on the negative, or, as the day was gloomy, the photograph might not be quite successful. He would try again. A second photograph was taken and the artist returned home. That night sitting up late in his studio, he developed the two negatives. The position of the corpse was not the same in the two negatives. The photographer strained his eyes, half believing the evidence of his own senses, but there were the two negatives before him, telling him in their silent, unmistakable truthfulness, that between the taking of the two photographs the arm of the dead girl had distinctly moved. The mystery of the flower on the coffin was solved, but it was succeeded by a mystery more terrible still.

Nothing Like It

No Home should be Without It.

FOR WHOSE BENEFIT

It takes the place of a doctor and costly prescriptions. All who lead sedentary lives will find it the best preventive of disease and cure for indigestion, Constipation, Headache, Biliousness, Piles and Mental Depression. No loss of time, no interference with business while taking. For children it is most innocent and harmless. No danger from exposure after taking. Cures Colic, Diarrhoea, Bowel Complaints, Fevers, Chills and Feverish Colds. Invalids and delicate persons will find it the mildest aperient and tonic they can use. A little taken at night insures refreshing sleep and a natural evacuation of the bowels. A little taken in the morning sharpens the appetite, cleanses the stomach, and sweetens the breath.

A PHYSICIAN'S OPINION.

"I have been practicing medicine for twenty years and have never been able to put up a vegetable compound that would, 'Silveo' Liver Regulator, promptly and effectively move the liver to action, and at the same time aid (instead of weakening) the digestive and assimilative powers of the system."

Murdered in His Cabin

CANYONVILLE, O., Nov. 28.—This morning Thomas Dyer, an employee of the Southern Pacific railroad, called at the cabin of Fine Caine, also a railway employe, and found him dead, with every evidence of having been murdered last night. His place is near the falls of Cow creek, about five miles south of Riddles station. Caine was an estimable young man, well liked in the community where he lived, and was a track walker for the Southern Pacific railroad.

Biliousness.

We have tested its virtues, personally, and know that for dyspepsia, Biliousness and Throbbing Headache, it is the best medicine the world ever saw. We tried forty other remedies before we found this, but none of them gave us more than temporary relief; the Regulator not only relieved but cured us.—H. H. JONES, F. D. Big Fire in Boston.

Boston, Nov. 28.—The most disastrous fire from which Boston has suffered since 1872, and one which in property loss rivals the great conflagration at Lynn, Tuesday, broke out about 8:20 A. M., today in the six-story granite building, owned by Jordan, Marsh & Co., and occupied by Brown, Durell & Co., dry goods merchants, on Bedford street, at the corner of Kingston. The great fire of 1872 broke out at the corner of Kingston and Sumner streets, and the alarm of today's fire was rung in from the same box which heralded the memorable conflagration that consumed nearly \$100,000 of property. The first alarm rung in today was immediately followed by the first general alarm in Boston since 1872.

To-day's conflagration

ruined for six hours, burned over two acres of territory covered by magnificent structures, and entailed a loss of, as now estimated, \$4,000,000. The general alarm was soon followed by calls upon all the neighboring cities and towns for assistance. Seven people in the building at the corner of Kingston and Bedford streets were overcome by the smoke, but were rescued by the bravery of police sergeant Kimball, patrolman Haines, and ex-councilman Barry. A policeman and several firemen are reported to have been seriously injured or burned. The origin of the fire is not definitely known, but it is attributed to the electric wires. Latest estimates of the loss place it at nearly \$5,000,000. About two hundred firms were burned out, and one hundred agents of New York and western firms had their headquarters destroyed.

The agents of a large number

of the insurance companies interested were seen by a reporter and asked as to their losses. The risks which could be secured today amount to nearly \$750,000, while a large number of companies have not yet been heard from. The fire, coming as it does on top of the great blaze at Lynn, is a crushing blow to many of the smaller insurance companies, and it is not at all unlikely that it will cause the suspension of some of them.

Sen Butler's New Book.

Is Ben Butler loaded for bear? Speaking of his counting book, he says he has a personal desire that the true inwardness of the notions of some sentimental saints, martyrs, heroes and generals, who have figured so romantically in the history of the greatest occurrences in the life of any nation, as peddled out to magazines at so many pennies a line, shall be set right by an impartial statement of the true facts and incidents of their careers. And I think I shall have will enough to sustain me until I have done justice to both my friends and enemies, and especially the latter.
