There are monuments of the presence of the Northmen, said Prof. Horsford on every square mile of the basin of the Charles. As evidence of this he alluded to the canal, walled on one side for a thousand feet along the west side of Stony Brook, and to the dry canal near Newtonville. There were also remains of canals, ditches, deltas, boom dams, ponds, fish traps, dwellings, walls, and amphitheatres scattered all throughout the basin of the river Charles.

THE QUESTION SETTLED. This is a faithful picture of the establishment of Thomas Price & Son, at 524 Sacramento St., S. F. As the leading chemists of the west, they were asked to settle the question as to what sarsaparilla was in fact purely vegetable. We present their report: "We have made careful chemical analyses of several well known brands of sarsaparilla, and have found them all with the single exception of Joy's to contain iodide of potassium. As a result we are enabled to pronounce Joy's to be the only purely vegetable sarsaparilla now on the market, which has come under our observation. Modern medicine has proven that all ordinary face eruptions are caused by indigestion and sluggish circulation, which call for vegetable alteratives. Instead of mineral blood purifiers like iodide of potassium, Joy's Vegetable Sarsaparilla is the first to discard the old notions and proceed under the modern theory. Its cures are the talk of the hour."

NEW TO-DAY. CITY ELECTION. To the Citizens and Voters Of the City of Astoria. I hereby announce myself as an independent candidate for the office of Superintendent of Streets at the ensuing election. Among the epigrams that illuminated Secretary Noble's instructive and suggestive speech at the chamber of commerce banquet, one was especially felicitous and notable. Speaking of the time when the Nicaragua canal will connect the waters of the Gulf with those of the Pacific, he said: "The Mississippi will be the shore of two oceans." That is a big conception conveyed in very few words.
