London, Dec. 9.—It is stated that the greater portion of the higher officers of the Brazilian army are anarchists and joined the republican mi-nority in the recent outbreak in Brazil under the belief that the demonstration was to be merely against the ministers and not against the em-

pire. They only became aware of the true facts when they had gone too far to retrace their steps. When the revolution started thousands of students armed themselves with revolvers, rifles and swords and threatened to kill the emperor and family. A boat manned by students patrolled the harbor, it being their intention to intercept the emperor while he was embarking and do him injury.
