In 1887, there were 776 votes cast, in 1887, 979, or 203 more.

The Deadly Wire. NEW YORK, Dec. 9.—Paul Clausen, an unknown Dane employed as a line-man, to-day ascended a pole at the corner of Third avenue and One Hundred and Fifty-sixth street. Shortly after, some children playing near by heard a hissing noise. Looking up, they saw the line-man lying across two electric light wires, which a bluish light shot from his right hand and head. The police were summoned, and Thomas Smith, driver of an express wagon, volunteered for assistance. The body was lowered, but the rope was old and broke. A second rope was got around the body, but all efforts failed to break Clausen's hold of the wire.

Finally a hatchet was secured and the electric wires severed, thus breaking the connection. Clausen's body was then lowered to the street. He was dead. The body smelling of burning flesh. Clausen's wife was taken to his home, where his wife, about to become a mother, went almost frantic at the sight it presented.

There is more experience, time, and brain work represented in the preparation of Hood's Sarsaparilla than in any other medicine. It is this which makes Hood's Sarsaparilla peculiar in its curative power, and in the remarkable cures it effects. Give it a trial.

Pacific Coast Defenses. Representative Clinie, of California, has an elaborate plan for the defense of the Pacific coast, and it is understood his bill providing for a system of fortifications will be one of the most complete ever presented to congress.

Prior to coming to Washington Clinie had several consultations with General Miles concerning the matter. The main points covered by the bill which he proposes to introduce are:—

1. That the Pacific coast be divided into three military departments, to be known as the Department of the Columbia River, the Department of the Puget Sound, and the Department of the San Francisco Bay.

2. That the Department of the Columbia River be divided into three military districts, to be known as the District of the Mouth of the Columbia, the District of the Mouth of the Willamette, and the District of the Mouth of the Cowlitz.

3. That the Department of the Puget Sound be divided into two military districts, to be known as the District of the Puget Sound, and the District of the Strait of Juan de Fuca.

4. That the Department of the San Francisco Bay be divided into two military districts, to be known as the District of the San Francisco Bay, and the District of the Strait of Carquinez.

5. That the Department of the Columbia River be provided with a chain of fortifications extending from Puget Sound to San Diego, making the United States proof against invasions on the Pacific side.

6. That the Department of the Puget Sound be provided with a chain of fortifications extending from the mouth of the Cowlitz to the mouth of the Willamette, making the Department of the Puget Sound proof against invasions on the Pacific side.

7. That the Department of the San Francisco Bay be provided with a chain of fortifications extending from the mouth of the Strait of Carquinez to the mouth of the San Francisco Bay, making the Department of the San Francisco Bay proof against invasions on the Pacific side.

8. That the Department of the Columbia River be provided with a chain of fortifications extending from the mouth of the Columbia to the mouth of the Willamette, making the Department of the Columbia River proof against invasions on the Pacific side.

9. That the Department of the Puget Sound be provided with a chain of fortifications extending from the mouth of the Willamette to the mouth of the Cowlitz, making the Department of the Puget Sound proof against invasions on the Pacific side.

10. That the Department of the San Francisco Bay be provided with a chain of fortifications extending from the mouth of the Strait of Carquinez to the mouth of the San Francisco Bay, making the Department of the San Francisco Bay proof against invasions on the Pacific side.

11. That the Department of the Columbia River be provided with a chain of fortifications extending from the mouth of the Columbia to the mouth of the Willamette, making the Department of the Columbia River proof against invasions on the Pacific side.

12. That the Department of the Puget Sound be provided with a chain of fortifications extending from the mouth of the Willamette to the mouth of the Cowlitz, making the Department of the Puget Sound proof against invasions on the Pacific side.

13. That the Department of the San Francisco Bay be provided with a chain of fortifications extending from the mouth of the Strait of Carquinez to the mouth of the San Francisco Bay, making the Department of the San Francisco Bay proof against invasions on the Pacific side.

14. That the Department of the Columbia River be provided with a chain of fortifications extending from the mouth of the Columbia to the mouth of the Willamette, making the Department of the Columbia River proof against invasions on the Pacific side.

15. That the Department of the Puget Sound be provided with a chain of fortifications extending from the mouth of the Willamette to the mouth of the Cowlitz, making the Department of the Puget Sound proof against invasions on the Pacific side.

16. That the Department of the San Francisco Bay be provided with a chain of fortifications extending from the mouth of the Strait of Carquinez to the mouth of the San Francisco Bay, making the Department of the San Francisco Bay proof against invasions on the Pacific side.

17. That the Department of the Columbia River be provided with a chain of fortifications extending from the mouth of the Columbia to the mouth of the Willamette, making the Department of the Columbia River proof against invasions on the Pacific side.

18. That the Department of the Puget Sound be provided with a chain of fortifications extending from the mouth of the Willamette to the mouth of the Cowlitz, making the Department of the Puget Sound proof against invasions on the Pacific side.

19. That the Department of the San Francisco Bay be provided with a chain of fortifications extending from the mouth of the Strait of Carquinez to the mouth of the San Francisco Bay, making the Department of the San Francisco Bay proof against invasions on the Pacific side.

20. That the Department of the Columbia River be provided with a chain of fortifications extending from the mouth of the Columbia to the mouth of the Willamette, making the Department of the Columbia River proof against invasions on the Pacific side.

THE UNION PACIFIC DIRECTORS.

They Favor a Railroad to Astoria. Sometime ago THE ASTORIAN stated that the railroad survey now being made by engineer John Hurlburt and his corps of assistants, was for a route for the company's extended line of railroad to Astoria.

Such was and is the fact, and under his experienced guidance a full corps of surveyors are now between Portland and this city.

This paper is now able to say authentically, that the Portland directors of the road are also in favor of building the road, and they state:

The road will be built, a necessary adjunct the company's prosperous existence, and no denials can alter the fact.

Of course it is but natural and customary for any one, individual or corporation to prosecute its plans quietly, and let results show their intentions, and in this case the U. P. has followed the same course. But it isn't necessary to wait to see their locomotives here, to know and be able to say with certainty that it is now a fact, that the little fellow's person as white and healthy as though he had never been attacked, in my opinion your valuable remedies saved his life, and to-day he is a strong healthy child, perfectly well, no repetition of the disease having ever occurred.

Atty at law and Ex-Pro. ATTY. Astoria, O.

Boy Covered with Scabs. My boy, aged nine years, has been troubled all his life with a very bad humor, which appeared all over his body in small red blotches with a dry white scab on them. Last year he was in the hospital, and was covered with scabs from the top of his head to his feet, and continually growing worse, although he had been treated by two physicians. As a last resort, I determined to try the CUTICURA REMEDIES, and in a happy way they did all that I could wish. I am now a strong healthy child, perfectly well, no repetition of the disease having ever occurred.

That I will faithfully attend to the duties of the office if elected, it is only necessary to refer to my past record in the official positions I have held. If elected, I shall endeavor to discharge the duties of the office to the best of my ability. Respectfully asking your suffrage, I remain, F. SHERMAN.

THE SOUTHERN PACIFIC. Will Secure and Hold All Possible. NEW YORK, Dec. 9.—Senator Stanford, C. P. Huntington and A. N. Towne, of the Southern Pacific company, are here, and, it is said, are studying the best means to circumvent the great schemes of the eastern railroads, which are pushing west, and how to prevent inroads on their territory.

All three of the above-named gentlemen have been in close consultation for some days, and, from what can be learned, it is their intention to build, in the near future, several branch lines, both from the Southern Pacific and Central Pacific, in order to absorb all the territory which can be made tributary to their lines.
