Notice is hereby given that the assessment made by ordinance No. 1140, for the construction of a sewer in Main street in the city of Astoria, as laid out and recorded by John Mct lure, in the manner provided by ordinance No. 1101, entitled "Anordinance to provide for the time and manner of constructing a sewer in Main street from the south side of Eighth street to a point 125 feet north of the north side of concomly street," approved July 23d, 1889, on each of the following described lots and portion of lots, is now payable at the office of the city treasurer, and unless paid system, so that the collection of a debt will be entirely a matter of honor. debt will be entirely a matter of honor, declaring that the credit system is the curse of the country. Of course most people would object to this; yet there is little doubt the system is carried too far, and a golden mean would be very acceptable. We mention this fact to illustrate the great variety of the makeup of the American people.
