Best of All
Cough medicines, Ayer's Cherry Pectoral is in greater demand than ever. No preparation for Throat and Lung Troubles is so prompt in its effects, so agreeable to the taste, and so widely known, as this. It is the family medicine in thousands of households.
"I have suffered for years from a bronchial trouble that, whenever I take cold or am exposed to inclement weather, shows itself by a very annoying tickling sensation in the throat and by difficulty in breathing. I have tried a great many remedies, but none does so well as Ayer's Cherry Pectoral which always gives prompt relief in returns of my old complaint."—Ernest A. Henner, Inspector of Public Roads, Parish Terre Bonne, La.
"I consider Ayer's Cherry Pectoral a most important remedy.
For Home Use.
I have tested its curative power, in my family, many times during the past thirty years, and have never known it to fail. It will relieve the most serious affections of the throat and lungs, whether in children or adults."—Mrs. E. G. Edgerly, Council Bluffs, Iowa.
"Twenty years ago I was troubled with a disease of the lungs. Doctors afforded me no relief and considered my case hopeless. I then began to use Ayer's Cherry Pectoral, and before I had finished one bottle, found relief. I continued to take this medicine until a cure was effected. I believe that Ayer's Cherry Pectoral saved my life."—Samuel Griggs, Waukegan, Ill.
"Six years ago I contracted a severe cold, which settled on my lungs and soon developed all the alarming symptoms of Consumption. I had a cough, night sweats, bleeding of the lungs, pains in chest and sides, and was so prostrated as to be confined to my bed most of the time. After trying various prescriptions, without benefit, my physician finally determined to give me Ayer's Cherry Pectoral. I took it, and the effect was magical. I seemed to rally from the first dose of this medicine, and, after using only three bottles, am as well and sound as ever."—Rodney Johnson, Springfield, Ill.

THE FISH BILL.
As Passed by the Legislature of the State of Washington.
FULL TEXT OF THE MEASURE.
Following is the bill introduced in the Washington legislature by representative Megler, of Wahkiakum county, and state senator Seaborg, of Pacific county, and passed by that body:
SEC. 1. That there shall be appointed biennially by the governor, by and with the advice and consent of the senate, one competent person who shall be denominated the fish commissioner, whose term of office shall continue two years and until his successor be appointed and qualified.
SEC. 2. Before entering upon his duties, said fish commissioner shall file, with the secretary of state, a bond with five or more sufficient sureties, and in the sum of five thousand dollars; conditional that he will discharge his duties under this act faithfully.
SEC. 3. Said commissioner may appoint three deputies, to be known as deputy fish commissioners; they shall hold their office respectively during the pleasure of the fish commissioner, who may summarily remove any one of their number whenever, in his judgment he shall deem such a change for any cause advisable.
SEC. 4. It shall be the duty of the fish commissioner to give his entire time and attention to the fishing interests of the state of Washington, and by and with the help of his deputies, see that all laws for the propagation and preservation of food fishes and oysters in the public waters of the state of Washington, whether entirely or partially within the state boundaries, are enforced, and if necessary, to select and purchase suitable land, build, operate and manage thereon, fish hatcheries for the purpose of supplying said waters with young fish; to employ necessary and competent men to successfully carry on said hatcheries.
SEC. 5. That said commissioner shall annually, on December 31st, report to the governor of this state a full account of his actions under this act; also of the operations and results of the laws pertaining to the fish and oyster industries, the method of taking fish, the number of young fish hatched and where distributed, amount of expense incurred, and make suggestions as to the needs of such legislation, if any, and full statistics of the fishing and oyster business.
SEC. 6. The fish commissioner shall receive an annual salary of \$2,000 to be paid in quarterly installments by the state treasurer, and he shall be allowed his actual expenses of travel in the performance of his duty, not to exceed \$1,000 in any one year. The deputies shall receive five dollars each day for time actually employed, not exceeding fifty days each per annum, and shall be allowed for his actual expenses of travel in the performance of his duty, not to exceed \$300 each per annum; and no payment of salary or traveling expenses shall be made by the state treasurer to any deputy fish commissioner except upon the certificate of the fish commissioner that he has performed his duty in all respects to the satisfaction of such fish commissioner.
SEC. 7. Each deputy fish commissioner shall give bonds to the sum of \$1,000 conditioned for the faithful performance of his duties, respectively, such bonds to be subject to the approval of the fish commissioner. The fish commissioner shall issue to his deputies such general and special orders and instructions in the execution of their duties under the law, as he shall deem necessary, and he may in his discretion assign any or all of them to duty in districts to be prescribed by him, but such assignment shall not relieve any deputy from the performance of duty in any other part of the state when his services may be needed.
SEC. 8. The fish commissioner shall have authority to apply to the attorney-general for his official opinion upon any question touching the construction and interpretation of the statutes for the protection of fish and oysters wherein he shall need legal advice; and the attorney-general may, in his discretion, furnish from his office such official legal assistance as he may deem useful in the conduct of any suit brought by the fish commissioner in the pursuance of the provisions of the laws for the protection of fish and oysters.
SEC. 9. That there be and is hereby appropriated out of the general fund of the state the sum of \$5,000 for the maintenance of the commission herein created.
SEC. 10. That all expenses incurred under the provisions of this bill shall be audited by the secretary of state upon bills being presented properly certified by the fish commissioner, and the said secretary of state shall, from time to time draw warrants upon the state treasurer for the amount.
SEC. 11. The fish industry urging immediate action in these respects, an emergency exists; therefore this act shall take effect from and after its approval by the governor.
India has 269,500,000 people.

NO HOUSEHOLD SHOULD BE WITHOUT

WILLING TO PAY FOR GOOD ADVICE.

When D. K. Tenney was admitted to the bar he was one of the "boys." He enjoyed a good time as well as anyone and a good many stories are told about him. It is said that on one occasion he went to a country dance near Madison and became smitten with one of the country girls. He danced with her all the evening, regardless of the fact that a certain six-footer in the room kept watching him threateningly. Finally a friend approached.
"Dan," he said, "do you see that big fellow on the other side of the room?"
"Yes."
"Well, he's going to kick the life out of you."
"What for?" asked Tenney.
"You've been dancing with his girl all the evening."
"I didn't know it. What shall I do?"
"Well, if I were you I'd put on my coat and make a sneak for home. I'd get away from here as quickly as I could."
The embryo lawyer said never a word, but reached down in his pocket and pulled out a \$2 bill.
"What are you doing?" asked the friend.
"Take it."
"I don't want any money."
"Take it," repeated Tenney. "I've taken \$5 for a blamed sight worse advice than that."—Milwaukee Evening Wisconsin.

Price, \$1.00.

"Tin Horn Gamblers."
Inquiry as to the sources of the term "tin horn gamblers," so often used, has elicited the following statement:
The first season after the mining boom struck Butte, Montana, and as times were dull and money scarce many of them were really suffering for the actual necessities of life and were compelled to go to the swill barrels at the back doors of hotels and restaurants, and tramped fashion fish out the crumbs found floating on the surface and devour them to keep them from starving. Many scraps of bread would become water logged and sink, thereby being lost. One of the fraternity was an ingenious fellow who went to the tin shop and had a long tin horn made, which, by thrusting into the barrels and blowing into it caused the much coveted food to rise to the top of the swill and so be easily secured. His invention created quite a favor among his associates, who borrowed the horn from time to time for their own use. All the fraternity who used this means of obtaining a livelihood were designated "tin-horn gamblers." From Butte the name was carried to other localities, and thus the expression has become general all over the coast.

Nature in Convulsion
Is terrible. Volcanic eruptions, cyclones, earthquakes, are fully and dreadfully pictureque, but scarcely desirable to simulate in a nation and even by the administration of a medicine which produces convulsion and agony in the abnormal portion of the human frame. Such is the effect of the old-fashioned violent purgative fashion falling more and more into disuse, and of which the means of obtaining a livelihood, which excite convulsions, also, malaria, nervousness and rheumatism.

CATARHUS.
Catarrhal Deafness.—Hay Fever.—A New Home Treatment.
Sufferers are not generally aware that these diseases are contagious, or that they are due to the presence of living parasites in the living membrane of the nose and eustachian tubes. Microscopic research, however, has proved this to be a fact, and the result of this discovery is that a simple remedy has been formulated whereby catarrh, catarrhal deafness and hay fever are permanently cured in from one to three simple applications made at home by the patient once in two weeks.
N. B. This treatment is not a snuff nor an ointment; both have been discarded by reputable physicians as injurious. A pamphlet explaining this new treatment is sent on receipt of three cents in stamps to pay postage by A. H. Dixon & Son, 357 and 359 West King street, Toronto, Canada.—*Christian Advocate.* Sufferers from catarrhal troubles should read the above.
We chew \$6,000,000 in gum yearly.
Catarrh Cured.
A clergyman, after years of suffering from that loathsome disease, Catarrh, and vainly trying every known remedy, at last found a recipe which completely cured and saved him from death. Any sufferer from this dreadful disease sending a self addressed stamped envelope to Prof. J. A. Lawrence, 88 Warren St., New York City, will receive the recipe free of charge.

Eggs sell for 18 cents a dozen in Kansas.
