

The Daily Astorian. ASTORIA, OREGON: SUNDAY, MARCH 2, 1906. City and County Official Paper.

The chicken business is a matter of wonderful importance to the table comfort, and the financial outlook of the American farmer. Government statistics show that the annual expenditure in this line is \$500,000,000; and despite the immense production of eggs, several million dollars worth are annually imported to meet the deficiency of the home supply.

This census bureau for 1890 sprang up in the night like a gigantic mushroom. When Mr. Porter was appointed superintendent a few months ago it was represented by a single individual, known in the interior department as the "census clerk." Within a few weeks from now it will have 2,000 employees in its offices and 45,000 men in the field, not counting the thousands of special agents. It will spend on paper and printing \$700,000, and for other expenses nearly \$6,000,000 more—for it costs about 10 cents a head for every man, woman and child to take the census of the people. Finally, it will publish twenty-five volumes, and then, like a mushroom, it will go out of existence, leaving not a trace behind, save one solitary census clerk sitting at a desk in the department of the interior, until the year 1900 shall arrive and another census shall be in course. Then the mushroom will sprout again.

A HOTEL RUN BY ELECTRICITY. What is known as an electrical hotel has been running at Samaden, Switzerland. The building is lighted by electricity, generated by a water wheel propelled by a cataract. All the rooms are supplied with electric signals, and the cooking ranges contain resistance coils, brought to a red heat by a powerful current. Water may be heated and eggs cooked on the dining table by means of a current of electricity.

The running of a hotel by electricity and its application in a thousand other ways is not equal to the scientific manner in which Drs. Darrin employ the subtle fluid in the restoration of health to the afflicted, as the following multiplying results show. Drs. Darrin appear to know the uses of electricity to the human system quite as well as Edison does to the application of machinery.

Dr. Wm. B. Caldwell, of the Columbia River Manufacturing Co., cured of sciatica. Rheumatism.

Ed. Orygenius. Dear Sir: Having heard of Dr. Darrin through my brother, George L. Caldwell, who was cured of numbness of the arm of many years' standing, I was induced to apply to him for relief from sciatic rheumatism, which was then extremely painful, and also a dislocated liver, from which I suffered very much. I was cured of rheumatism in two weeks' time so that I have felt no recurrence of the disease, and am rapidly recovering from the liver difficulty, so that my health is better than for several years.

Wm. M. Caldwell, Skanokawa, Wash.

Brief Mention of People Cured by Drs. Darrin. Mrs. F. W. Vliet, Portland Heights—Neuralgia, or the dolorous, three years' cure.

L. P. Smith, Freeport, Wash.—Liver and kidney complaint, cured. He was also reduced eighteen pounds in flesh.

Mrs. J. Martin, Olex, Or.—Chronic rheumatism, general debility and various ailments for three years; cured one year ago.

R. Van Pelt, Salem, Or.—Severe headache to the extent that it caused him to stagger and undermined his health; restored.

Miss Sadie L. Campbell, employed at Litt's dressmaking establishment, Portland—Cured of catarrh, bronchitis and weak lungs.

E. B. Chamberlain, Woods, Tillamook county, Or.—Afflicted fifty years with kidney and liver complaint and neuralgia of the stomach; cured in six weeks.

Drs. Darrin can be consulted daily at the Washington building, corner Fourth and Washington streets, Portland, and Hotel Grandoff, Tacoma. Hours, 10 to 5; evenings, 7 to 8; Sundays, 10 to 12. All chronic diseases, irregularities of women, blood taints, loss of vital power and early indications permanently cured, though no references are ever made in the press concerning such cases, owing to the delicacy of the patients. Examinations free to all, and circulars will be sent to any address. Charges for treatment according to the patient's ability to pay. The poor treated free of charge from 10 to 11 daily. All private diseases confidentially treated and cures guaranteed. Patients at a distance can be cured by home treatment. Medicine and letters sent without doctor's name appearing.

Valuable Acreage for Sale. Skipanon. The 55-Acre Tract of Hiram Gray with improvements thereon, valued at \$2,000, at \$39 per acre. Apply to E. C. LEWIS, or W. B. ADAIR.

Wonderful Results. The use of Hood's Sarsaparilla. Severe cases of scrofula, upon which other preparations have been powerless, yield to the peculiar curative powers of this medicine. Distressing cases of dyspepsia, excruciating complaints of the kidneys and liver, agonizing itch and pain of salt rheum, disagreeable cases of catarrh, and aches and pains of rheumatism, are cured by Hood's Sarsaparilla. It purifies the blood, and at the same time tones the stomach, creates an appetite, and gives strength to every function of the body. Give it a trial.

General Debility. "For four years my wife suffered with large tumor bunches on the glands under the arms, and general debility of the whole system. She became so poor in health that we were on the verge of despair regarding her recovery. Physicians did not seem to understand her case; at all events she never derived any benefit from their treatment. She finally concluded to try Hood's Sarsaparilla. The immediate effect was so marked and satisfactory that she continued to take it, and this is the result: She has gained in weight

From 84 to 111 Pounds and is stronger and in better health than she has been for years. The bunches under her arms have diminished, and we believe Hood's Sarsaparilla will be too much for them in time." J. J. Noncross, 226 Commercial Street, Boston, Mass.

Hood's Sarsaparilla. Sold by druggists. \$1; six for \$5. Prepared by C. I. HOOD & CO., Apothecaries, Lowell, Mass. 100 Doses One Dollar.
