FOR SALE BY

BELL & GOODSELL,

Cor. Fourth and Genevieve Sts., Astoria, Oregon.

FROM THE NATIONAL CAPITAL.

Adverse to the Holders of Valentine Scrip on the Sound.

THE FORTY-THIRD STATE.

Ten Thousand Dollars For a Light Ship and Fog Signal.

Special to THE ASTORIAN. WASHINGTON, March 27.—In the case of Frank Burns and others who made application to locate Valentine scrip upon the tide lands near Seattle, the secretary of the interior has decided that such land is not within the intent of the act of congress authorizing the issue of the Valentine scrip of public lands of the United States. It is stated that the lands in question are located on the water front of Seattle, which together with the improvements are valued at several millions of dollars.

Pacific Road Legislation.

Special to THE ASTORIAN. WASHINGTON, March 27.—The house committee on Pacific railroads here referred all in bulk to government consideration instead of separate bills as was at first proposed.

The Forty-Third State.

Special to THE ASTORIAN. WASHINGTON, March 27.—The house today took up the bill for the admission of Wyoming.

Springer, of Illinois, offered an amendment providing that none but males should vote, thus striking out the woman suffrage clause. This was voted down. Two other motions, one to submit the above question of female suffrage to the people, and another to the committee on territories, were voted down and the bill then passed by a vote of 139 to 127.

Do It All One Without Any Aid Tape.

Special to THE ASTORIAN. WASHINGTON, March 27.—The senate committee on military affairs today agreed to report favorably a bill to loan ten thousand tents, if necessary, to the military forces in the lower Mississippi valley. The secretary of war said today that if needed he could furnish 25,000 tents for the sufferers within ten days.

In the Senate.

Special to THE ASTORIAN. WASHINGTON, March 27.—Senator Dolph from the committee on commerce reported back favorably the bill to reorganize the Puget Sound customs district, also a bill appropriating a light ship and fog signal at the mouth of the Columbia river, Oregon, and on motion of Dolph, this bill was at once taken up and passed.

The bill was passed authorizing the secretary of war to purchase 2,500 tents to shelter the refugees driven out by floods in the Mississippi valley.

The anti trust bill was referred to the judiciary committee with instructions to report in twenty days.

The New Assistant Secretary of War.

Special to THE ASTORIAN. WASHINGTON, March 27.—The urgent deficiency bill in which there is a provision for paying the salary of the assistant secretary of war, which office was recently created, has been passed by both houses and it is probable that a man will be selected within a few days for the position. So far as can be ascertained, no selection has been made, but it is understood that secretary Proctor is inclined to name chief clerk Tweedall, who he believes would be of more service to him than any other else who might be selected. A number of persons are applicants for the place, but if the wishes of the secretary are carried out, it is very likely that Mr. Tweedall will be selected. Tweedall is a native of Philadelphia and has been in the war department for a number of years, has served as chief clerk for the past ten years, and is thoroughly equipped at every point, to perform intelligently and effectively the duties of the new office. The selection of no other man would, perhaps, be so generally acceptable to civilians who are brought in contact with the war department as that of Mr. Tweedall.

Killed by a Train.

Special to THE ASTORIAN. SUSQUEHANNA, Pa., March 27.—The train on the Erie railroad killed three men at Red Rock this morning. The men killed were brothers, Deidrick, John and Henry Blakesley, of New York. Henry disappeared some months ago, the others threw up their jobs and went in search of him. They had just found him and were returning when killed.

Wyoming Rejoices at the News.

Special to THE ASTORIAN. CHEYENNE, Wyoming, March 27.—The capital ran wild on receipt of the news that the house had voted favorably on the Wyoming bill. The celebration will last until morning. Bands are playing, men and women cheering, and artillery and fireworks sounding. All the church bells are ringing and prayer meetings of thanksgiving were held. Realty values have advanced twenty-five per cent.

ANOTHER GIGANTIC TRUST.

Let the Supreme Court of New York Has Decided such Illegal.

Special to THE ASTORIAN. NEW YORK, March 27.—Six great white lead manufacturing companies of this city and Brooklyn today consolidated, exchanging their stock for certificates on the National Oil and Lead company. The companies are the Bradley White Lead Co., Brooklyn White Lead Co., Lenox Smelting and Refining White Lead company, Union White Lead company and Ulster Lead company. The trust starts with a capital of one million dollars, with a New York charter. The object of the consolidation is explained by W. P. Thompson, president of the lead trust, is to make lead for the lowest figure possible, and selling it at the highest possible price. Competition is to be absolutely eliminated as a set of salesmen will cover a territory which used to be covered by six, and in place of six boards of salaried officers, there will be only one.

The Barbell Matter.

Special to THE ASTORIAN. NEW YORK, March 27.—T. B. Alderson, of Alderson & Sons, mining engineers, gives information concerning two missing young men supposed to have been hired to Canada from England by Barbell and murdered. Alderson & Co. notified the Canadian detective, Murray, of the facts, and he is now investigating them. The missing men are Augustus A. Rawlings and Frank Begbie. Alderson is convinced that the most of the skeletons found in the wilds of Canada during the last six or eight years are the remains of young men forwarded to America in this way.

What Amos Asserts.

Special to THE ASTORIAN. NEW YORK, March 27.—Ex-Gov. Ames, of Massachusetts, has just returned from Cuba. He says that he learned from the American consul at Havana that Blaine favored free trade between the United States, Cuba and Mexico, the United States to keep the duty on sugar from all parts of the world except the islands included in the treaty.

Fearful Catastrophe and Loss of Life.

Special to THE ASTORIAN. CHICAGO, March 27.—Shortly after six o'clock this evening as the men were preparing to leave the big sugar refinery on the corner of Beech and Taylor streets, the largest boiler exploded. The flames caused by the explosion reached the starch department when another explosion occurred. Three floors of the great building and the timbers supporting it, were actually blown to atoms. A large number of men at once went to work to dig out the bodies of the dead and bury them where the bodies of the buried. At 9 o'clock four bodies have been recovered and the work is being pushed.

A Very Small Estate.

Special to THE ASTORIAN. CHICAGO, March 27.—Lieut. Kennon was appointed administrator of General Crook's estate today. It consists of about \$1,000 worth of war papers.

Raid for American Manufacturers.

Special to THE ASTORIAN. OTTAWA, March 27.—In the house of commons the minister of finance presented his tariff changes. They seriously affect our manufacturers and interests. The duty of 33 per cent on mining machinery is removed. The duty of 50 cents per barrel on American flour is increased to 75 cents. Green fruits, shrubs and trees imported free from the United States under the statutory offer of reciprocity are put back in the tariff under the old duty of 20 per cent. The duty on fresh beef imported from the United States is increased from 1 to 3 cents per pound.

A Railroad Seized For Smuggling.

Special to THE ASTORIAN. ST. JOHNS, N. B., March 27.—There was great excitement about town today when it was announced that the Shore Line railway, owned by Russell Sage and others in New York, and which extends from St. Johns to St. Stephen, opposite Calais, Maine, was to be seized for smuggling. J. D. Bonness, dominion customs officer, was seen by a correspondent. He said that the customs officials had been forbidden by the government to give information respecting seizures, but he would state that smuggling had been extensively carried on when the road was known as the Grand Southern and he was here to investigate the information which had been laid against the company. If certain charges were substantiated, the rolling stock and the line would be held liable. The case is a novel one and the outcome will be awaited with great interest.

Don't Go Off Before You Are Ready.

Particularly on a long journey. Be fully prepared. You cannot be permitted to say, unless you are accompanied with the traveler's and tourist's valve means, Hostetter's Stomach Bitters, most genial of appetizers, cleanses the system, cures indigestion, against seasickness, malaria, cramps and colic, restores the appetite, and is a sovereign preventive. It imparts a relish for food not altogether to your taste, and prevents it from disagreeing with you. Never was there such a capital thing for the unfortunate dyspeptic who stands in dread of the best cooked meal. Stomachic trouble caused by ill-prepared viands aboard ship, on steamboats, and rations hastily boiled at railway restaurants, is soon remedied by the Bitters, which gives a quietus also to rheumatism, laryngitis, neuralgia and toothache.

JAS. G. BLAINE

Said to Favor Reciprocity Equivalent To Free Trade.

GEN. CROOK'S SMALL ESTATE.

Special by The California ASSOCIATED PRESS. NEW YORK, March 27.—The Post prints this evening a special from Washington, the substance of which is that representatives of this country in the Pan-American congress are reported to have been authorized in the name of secretary of state Blaine, and with his approval, to make a proposition of absolute reciprocity to the representatives of the South American countries. The reciprocity proposed is without exception and the adoption of the plan would bring about free trade in every article of commerce between the United States and the South American countries.

A proposition is said to involve the surrender by the U. S. of duties upon sugar and carpet wools imported from the countries of Central and South America, in exchange for a similar concession from the government of those countries, as to merchandise imported from the United States, including all farm products, refined petroleum and lumber, agricultural implements, machinery and some other articles. It is asserted that such an exchange of concession would increase the exports from the United States to Latin America from \$24,000,000 to \$29,000,000 per year.

Blaine Declines to Talk About the Rumor.

Special to THE ASTORIAN. WASHINGTON, March 27.—Secretary Blaine declined to-night to talk about the report sent from Washington and published in the New York Evening Post, to the effect that the United States delegates to the Pan-American conference were authorized by him to make a proposition of absolute reciprocity to the representatives of the South American countries. A gentleman well posted in what is going on in conference, says that delegates Flint and Colidge, two of the U. S. delegates, have been and are still in consultation with some of the foreign delegates, with reference to the subject, but whether they are acting upon their own responsibility or under the instruction of secretary Blaine, could not be ascertained.

Three Missing Fishermen.

Special to THE ASTORIAN. SAN LUIS OBISPO, Cal., March 27.—Roswell Fourness, with his sons Jose and Joseph Minetti, left Cayenne last Sunday for fishing at sea. Since then nothing has been heard of them. It is supposed that all are lost. Fourness was an old fisherman. He leaves a wife and several children.

Building Across Nevada.

Special to THE ASTORIAN. LOS ANGELES, March 27.—H. M. McCartney, resident engineer of the Union Pacific road, in charge of the company's works west of Ogden, is in town. He says the work of building the line between Milford and Pioche, Nev., is steadily progressing. We have 2,000 men employed on the job at present, scattered over 115 or 125 miles of road to be built. I think that by December 1 we will have trains running into Pioche. No building will be done south of Pioche.

Water Front Owners Are Mappy.

Special to THE ASTORIAN. SEATTLE, March 27.—There is considerable rejoicing in the city over the decision of the secretary of the interior, in the Valentine scrip case, as scrip has been filed on a million dollars worth of water front property, the title to which is now cleared by that decision.

Children Cry for Pitcher's Castoria

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became Miss, she clung to Castoria.

When she had Children, she gave them Castoria.

All the patent medicines advertised in this paper, together with the choicest perfumery, and toilet articles, etc., can be bought at the lowest prices at J. W. Child's, Astoria, opposite Occident hotel, Astoria.

PACIFIC COAST NOTES.

Southern Pacific Officials En Route From San Francisco.

RAILROADS IN SOUTH NEVADA.

Special by The California ASSOCIATED PRESS. TAHOA, Washington, March 27.—Attachments were issued against the Pacific Mill Co. to-day by local traders, for small amounts. It has just developed that the company within a few days has executed a mortgage in favor of different parties for \$120,000. It is stated that the concern has been in an unhealthy financial condition for some time, and that an arrangement for the benefit of its creditors would probably be made to-day. Besides the paper above mentioned a mortgage of \$75,000 is held by San Francisco parties, having been drawn nearly a year ago. It is also asserted that the company's assets will prove to be in excess of the liabilities and that all the debts would be discharged.

Important Railroad News.

Special to THE ASTORIAN. TAHOA, March 27.—President Oakes of the Northern Pacific, who is now here on a tour of inspection, says there is no truth in the reported purchase of the Baltimore and Ohio, and the same is true of the rumors regarding the Soo line. The whole system of the railroad should stretch from ocean to ocean. The present size of the line is quite sufficient to tax the energies of the directors and officers. Arrangements have been made with the Wisconsin Central to give the road full entrance into Chicago for its trains and all needed facilities for the transaction of business. He thinks a satisfactory arrangement will be made so that trains of the U. P. can run over the road of the Northern Pacific between Tacoma and Portland. This will relieve the Union Pacific from the heavy expenditure of building a line of its own, until at some future time. A union depot for passenger service in Tacoma naturally follows. The policy of the railroad companies is to unite when it can be done for general convenience and economy. Mr. Oakes left for Portland this evening, to confer with the directors of the passenger station in connection with the Union Pacific and Southern Pacific roads.

Franchise for the Union Pacific.

Special to THE ASTORIAN. SEATTLE, March 27.—The probability is that the Union Pacific will be granted the franchise asked for by the council to-morrow night. It is unlikely however, that they will be given exclusive right for a certain space of ground.

Had Start for Canada This Month.

Special to THE ASTORIAN. PORTLAND, March 27.—Geo. Johnson, employed at Wadhams & Co., wholesale grocers, is an emigrant to the amount of \$5,000. Johnson is a prominent member of the church.

Astor Searches for a Dime.

The following story, illustrating the Astor philosophy in money matters, is told of the late John Jacob Astor by the man who was the other actor in the scene: "I want to Mr. Astor," he said, "with a business proposition which demanded an investment of \$100,000 on his part. While listening to the plan he kept groaning and frowning about on his face. He seemed to have dropped. When I had finished he said readily: 'All right, go on with the affair; I'll furnish the money.' At that instant a man entered to tell him that one of his buildings had just burned down. 'That happens nearly every day,' he said, with the utmost unconcern, and went on feeling about with great care for that something on the carpet. 'I finally asked him what he had dropped. 'Why,' he said, raising his head and looking as woe-begone as a small boy, 'I dropped 10 cents here a few moments ago and I can't find it. If a man's buildings burn down they are gone and he can't help it, and he is bound to let them go. But a man who deliberately throws away 10 cents because he won't take the trouble to find it is not to be forgiven.'

How They Shake Hands.

A man and a woman meet and both burst into a smile of welcome. Then the woman swings her right arm, which is perfectly rigid, straight out from her shoulder and directly in front of her. When the hand has reached the height of her chin she holds it there, with the thumb toward the face and the palm turned slightly outward. The man, who has been approaching her, gently takes hold of her hand a good deal as one might grasp the rung of a ladder. He bows slightly, as though intending to press his lips to the lady's hand, and then lets go abruptly and drops his hand to his side. Then the woman drops her stiffened arm, and the ceremony is over. This is English.—Brooklyn Eagle.

No Home should be without it to arrest disorders promptly, which, if not taken in season, often develop into serious diseases. Rev. JAMES M. ROLING, Pastor M. E. Church, S. Fairfield, Va., writes: "I have used Simmon's Liver Regulator for many years, having made it my only family medicine. My mother before me was very partial to it. It is a safe, good and reliable medicine for any disorder of the system and if used in time is a great preventive of sickness."

ARE YOU MADE miserable by indigestion, Dizziness, Loss of Appetite, Pale Skin? Shiloh's Vitalizer is a positive cure. At J. C. Dement's.

WASHINGTON LEGISLATURE TO ADJOURN.

Will May the People Rejoice Exceedingly. Special to THE ASTORIAN. OLIMPIA, March 27.—The adjournment of the legislature takes place to-morrow. A state ball, tendered by citizens to the governor, state officers and the legislature, is taking place to-night. It is a great occasion, many guests from Seattle, Tacoma and other cities attending.

Fire in Seattle.

Special to THE ASTORIAN. SEATTLE, March 27.—A fire this evening destroyed the lands occupied by W. T. Restaurant, Frank Leitz, furnishing goods, and Wallace, barber shop, on Yester Avenue, near Commercial street. The total loss is three thousand dollars, and the insurance two thousand. The fire is supposed to be the work of an incendiary.

Here Snow and Sleet.

Special to THE ASTORIAN. SAN FRANCISCO, March 27.—Heavy wind, snow and sleet storms are raging between Omaha and Chicago this evening, and seriously interfering with the telegraph lines.

Change of Officers.

Special to THE ASTORIAN. SAN DIEGO, Cal., March 27.—On April 1st, G. W. Sanborn, general superintendent of the California Southern railroad, will retire from that position, and W. C. Beemer will succeed him.

A Life's Sad Ending.

Special to THE ASTORIAN. LOS ANGELES, March 27.—G. Gordon Adams, an attorney-at-law, shot and killed himself this morning in his office. It is thought that the deed was an accident. He leaves a widow; he was forty years old, served in the Union army and rose to the rank of brigadier-general. After the war he was U. S. district attorney for the southern district of Mississippi.

Franchise for the Union Pacific.

Special to THE ASTORIAN. SEATTLE, March 27.—The probability is that the Union Pacific will be granted the franchise asked for by the council to-morrow night. It is unlikely however, that they will be given exclusive right for a certain space of ground.

Had Start for Canada This Month.

Special to THE ASTORIAN. PORTLAND, March 27.—Geo. Johnson, employed at Wadhams & Co., wholesale grocers, is an emigrant to the amount of \$5,000. Johnson is a prominent member of the church.

Astor Searches for a Dime.

The following story, illustrating the Astor philosophy in money matters, is told of the late John Jacob Astor by the man who was the other actor in the scene: "I want to Mr. Astor," he said, "with a business proposition which demanded an investment of \$100,000 on his part. While listening to the plan he kept groaning and frowning about on his face. He seemed to have dropped. When I had finished he said readily: 'All right, go on with the affair; I'll furnish the money.' At that instant a man entered to tell him that one of his buildings had just burned down. 'That happens nearly every day,' he said, with the utmost unconcern, and went on feeling about with great care for that something on the carpet. 'I finally asked him what he had dropped. STRICKEN BY A CYCLONE.

Two Thousand Lives Swept Out in Louisville, Kentucky.

THE STORM IS STILL RAGING.

Special by California ASSOCIATED PRESS. CINCINNATI, March 27.—It is reported here to-night that the western end of the city of Louisville has been blown down by a cyclone and from 1,500 to 2,000 lives were lost. It occurred about 9:30.

The Very Latest This Morning.

Special to THE ASTORIAN. SAN FRANCISCO, Cal., March 28, 2 A. M.—The storm is still raging in a large section of the country between the Mississippi and the Rocky mountains and telegraphic communication is seriously crippled.

The Dock Laborers Strike Again.

Special to THE ASTORIAN. LIVERPOOL, March 27.—The dock laborers who resumed work yesterday have again removed the strike because the men hired to take the strikers places.

Mackerel and Shingles.

Parson Brown, who loves a joke, though it be at his own expense, is fond of relating his experience in circulating a subscription paper for the purpose of raising funds to shingle a church. Among others he called on a merchant who was a liberal man where the object was praiseworthy. In the present instance he subscribed five dollars.

Shortly afterward the parson called to collect the amount, but the merchant, having had occasion to pay out all his money that day, informed the clergyman of the fact and invited him to call again. This did not exactly accord with the parson's views. Looking around the store he discovered a kit of mackerel which he thought might easily be converted into cash. "How much for mackerel?" he asked. "Five dollars a kit," replied the merchant. "Well, if you have no objection, I'll take that kit for your subscription."

"All right, parson," said the merchant, heartily. "You're welcome to anything in my store to the amount of \$5, but though mackerel are famous for making a man dry, I wouldn't shingle my church with them if I were you."—Lewiston Journal.

Bachter's Arnica Salve.
