Special to THE ASTORIAN.
CHICAGO, April 4.—A day's meeting of the railroad men, who are trying to reorganize the interstate commerce railway and the Western states' passenger associations, there was a stormy session, and it looks as if the railways have not got enough of cut rates and that no agreement can be patched up. The scalpers are now reaping a harvest.

Close Political Parties in Rhode Island.

Special to THE ASTORIAN.
PROVIDENCE, R. I., April 4.—The official count in Newport reveals the fact that there is no election for the first or fourth districts. This makes twenty-eight members of the assembly to be elected. They May Strike Oil in the Far North.

Special to THE ASTORIAN.
WINNIPEG, Man., April 4.—The dominion government has announced to the provincial authorities, its intention to organize an expedition headed by American experts, to explore the oil regions in the far north, near Athabasca. Prof. Dawson, who passed through the territory, says "If the indications of oil are correct, Canada has the largest oil-bearing district in the world, comprising 150,000 square miles, and as the indications extend down the McKenzie river below Athabasca, the above area may only be a part of the oil-bearing country. Some of the lakes and rivers in the north are covered to a depth of several inches with oil which has exuded from the banks."

SWEET SUBJECT.

Strong Opposition to Proposed Sazar
Schedule.

Special to THE ASTORIAN.
WASHINGTON, D. C., April 4.—Opposition to the proposed cut in the sugar schedule comes in from various sources to-day. H. A. Brown of Mass., a noted sugar tariff expert, addressed a strong letter to McKinley and the members of the ways and means committee, and to senator Allison, of the senate finance committee, and to congress at large, in which he criticizes the vagaries of the ad valorem sugar tariff schedule, prepared by the Republican majority of the committee.

Brown claims that the classifications in the present sugar tariff are reasonably correct, and that the raising of the color line from 13 to 16 is playing into the hands of foreign producers of American refined sugar, as well as to the sugar trust people. He also claims that under the present ad valorem schedule low grades of sugar will not be sent to this market, but will be worked into higher grades, and therefore the poorer classes will be deprived of cheap, pure, refined sugar, and be compelled to buy expensive refined sugar or put up with yellow refined sugar, doctored with glucose.

He further claims that the ad valorem bill will increase the false invoicing and under-valuation frauds, and that a European war, a short foreign sugar crop, or some other untold event, may at any time double or treble the foreign crop of sugar and double or treble the duty on sugar. He says it costs the most when protection is greatest and vice versa.

Brown, in his letter, officially compares the foreign crop of sugar and the average SSC per acre in 1887, to the sugar beet root crops, which averaged \$6,750 per acre the same year, and shows by official figures that the consumption of imported and domestic sugar in this country for the fiscal year ended June 30, 1888, was 57,166 per cent. per capita, of which there was produced in the United States 14.16 per cent.

The Cigar Makers Are Triumphant.

Special to THE ASTORIAN.
CHICAGO, April 4.—The cigar makers' union won its fight, with the Phoenix factory, and has begun it with a dozen or so of other shops. The Phoenix factory will resume work on Monday, with a union shop and at regular union prices. All open shops in which union and non-union men, have heretofore been allowed to work together, will be declared closed by the union, in pursuance of an agreement reached at last night's meeting. There will be no general strike.

Knights of Labor carpenters, forming local assemblies Nos. 637, 9272 and 9307, met to-night and conformed to the action of their delegates, taken Thursday at the Eugene State carpenters' union. A Basely Attorney.

Special to THE ASTORIAN.
INDIANAPOLIS, April 4.—Hon. Lee Wilson, a member of the legislature from Shelby county, was arrested to-night, charged with collecting illegal fees in pension cases and government reports. This is a preliminary to further prosecutions, wherein it is alleged that the defendant procured fraudulent divorces, and thereby the widows of soldiers, having remarried, had their marital relations dissolved, and were restored to the pension rolls. It is further alleged that to destroy evidence, the docket of the court had been removed, as well as all papers filed in the original suit. Twenty divorces are alleged to have been uncovered, only one of which is believed to be legal.

THE STRIKING QUARRYMEN.

Their Demand for Nine Hours Will
Probably Be Granted.

AMONG THE WICKED OF HELENA.

Special by the California Associated Press.
ROCKLIN, Cal., April 4.—There were no new developments in the quarry strike here to-day. It is reported that all of the quarries, excepting one at Folsom, have given the men nine hours. A meeting of the bosses, many of whom have offices in San Francisco, will be held to-morrow, when it will be decided whether to give the men their demand of nine hours or put in seals at ten hours per day. The general opinion of people here is that the men will be given their point, as their work is very hard. During the warm weather which is about coming on, the thermometer will average from 125 to 150°, and even with the scantiest of clothes the men will be in a dripping sweat from the time they go to work until they quit.

A DELIGHTFUL PARTY.

One of the Happiest Socials of the Season.

The social gathering at the residence of B. C. Kindred, near Fort Stevens, on Thursday evening, was one of the most enjoyable affairs of the season, so pronounced by all who had the good fortune to be present.

The guests from this city went down on the little steamer *Electric*, starting at 8:20 P. M. On arriving at their destination the boat could not land at the dock and the passengers were taken ashore in small boats. Though it was raining at the time, nobody seemed to mind it, as all were happy and out for a joyous time. Those who went from here were as follows: C. H. Holt and wife, Mrs. May, Mrs. C. J. Curtis, Mrs. Capt. Babbidge, Misses Eliza McKean, Minnie Cleveland, Belle Douglas, Winnie McKean, Belle Cleveland, and Messrs. Sam Freeman, B. L. Ward, Harry Gribb, Frank Holt, George Goodell, L. A. Granger, J. E. Ferguson, Frank Curten, William Johnson and Dr. Strickler.

Those living near Fort Stevens and from Skipanon, who were already assembled at the house were the following: B. C. Kindred and wife, Mrs. C. Gray, E. McGinire, Misses Andrews, Dean, Fisher, B. Coe, Sarah Kimbrell, Carrie Warren, and Messrs. E. M. Cross, William Stoddard, F. Mud, W. Mad, Ed Kindred, H. H. Ingalls, Fred Monson and David Kindred.

The Italian band furnished most excellent music, and dancing was the order of the evening, interrupted at midnight by a substantial and elegant supper, served in fine style. After supper dancing was resumed and merrily the time sped by, all unheeded by the happy participants until half past two o'clock yesterday morning, when farewells were exchanged and the Astorians started for home, having to walk a mile and a half to reach the boat, but they were safely landed here at four o'clock in the morning, and will long cherish in pleasant remembrance the happy occasion, and think kindly of their hospitable entertainers.
