

The Daily Astorian.

THE PRICE OF SALMON.

THE NORTHERN PACIFIC.

THE "R. P. ELMORE."

REAL ESTATE TRANSFERS, APRIL 10.

ASTORIA, OREGON: FRIDAY, APRIL 11, 1920. ISSUED EVERY MORNING. (Monday excepted.) J. F. HALLORAN & COMPANY, Publishers and Proprietors.

The Situation as Between the Cannermen and Fishermen.

THE LATEST CIRCULAR ISSUED.

Ten days of the open salmon season on the Columbia river have gone by, and there is little change in the existing situation. No canneries are running and no fish are being caught in the Columbia or in the Willamette below Portland.

Two of Its Representatives in This City.

Among the passengers arriving last evening on the steamer S. G. Reed from Portland were A. L. Horner and E. S. Alexander, who are said to be here in the interest of the railroad.

Successful Launch of The New Steamer.

The little steamer which has been constructed in rear of the Astoria Iron works, was launched yesterday afternoon in the presence of several hundred spectators, who had assembled on the surrounding wharves, and maintained their position for a long time, in spite of the chilly wind which was blowing.

As Filed in The County Recorder's Office Yesterday.

P. L. Cherry and wife to Mina F. Rogers lots 3 and 4, tract 1, Gray's subdivision of blk 27, H. & A. addn. 550 J. H. D. Gray and wife to Ellen S. Cherry lots 3 and 4, tract 1, Gray's subdiv of blk 27, H. & A. addn. 550 C. S. Dow and wife to T. T. B. Woodland blk 14, Prospect Park. 400 Wm. and Annie Reid to J. Fitzpatrick blk 42, Roseville. 170 W. L. Eddy and wife to Amelia May lots 3 and 8, blk 11, East Astoria. 150 Previously reported this year. \$1,178,084 Total to date. \$1,179,904

CITY AND COUNTY OFFICIAL PAPER.

Sheriff Smith wants those who have not yet paid their county taxes to do so by to-morrow evening.

The first of a series of three socials by the Terpsichorean club, will be given at Pythian castle on Third street this evening.

Yesterday a sub contract was let by Hoffman & Co. to Gordon, Egan & Co. to build the Astoria & South Coast railroad to Byrd's.

Messrs. Granger and Hallonquist are busy laying out a four hundred acre tract of land near Young river and will put it on the market in a short time.

The Gen. Canby will leave at 6:45 this morning instead of 8 o'clock as usual. She will make two trips to-morrow on account of losing one on Thursday.

Spring house-cleaning has commenced in good earnest, and there is hardly a house but what has the carpets pulled up and is receiving a general overhauling.

Granger & Hallonquist are plattling the property on Young's river recently bought by Messrs. Stewart and Eckler from M. Nowlin. It will shortly be put on the market.

A prominent financier of eastern Oregon will arrive here this morning for the purpose of buying a suitable business location on which to erect a brick building and establish a bank.

Some of the young men of the city have secured an 18-foot Columbia river boat and are having a bowsprit put in and the boat yacht-rigged, the forerunner of the Astoria Yacht club.

At a regular convention of Astor Lodge, No. 3, K. of P., held at Pythian castle on Wednesday evening, H. A. Smith resigned as keeper of records and seal, and D. B. Blount was elected to fill the vacancy.

For a portion of last evening the streets were shrouded in darkness, as the electric lights were in gloom for awhile, but they were soon burning, their value was quite apparent. "You never miss the sun," etc.

The lecture by Archbishop Gross at Ross' opera house next Tuesday evening will be an interesting one, and he will doubtless have a large audience. It is very rarely that he appears, and his discourses, in subject and style, always attract a multitude of auditors.

That flag staff over the custom house seems oppressed by the weight of two flags. It is a terrible strain on one pole to have to sustain the custom flag and the stars and stripes. The treasury surplus at Washington, D. C., would not be greatly increased by an appropriation for a suitable flag pole.

On Wednesday evening, while a party of young men were playing ball near the Main street dock, a swifly-thrown ball struck John Cogan, night clerk at the Parker house. He fell, his left eye, knocking him squarely off his feet and discolored his optic. Mr. Cogan does not care to play ball much more.

This is Arbor day, and will be celebrated at the Court school, district No. 1, and at the Cedar street school, district No. 18. Trees will be set out in each yard, and at the latter school there will be an address by Rev. Mr. Short, of Grace church, as well as exercises by the children, commencing at 2 o'clock.

The carpenters have completed their work in the new rooms being fitted up for the Athletic club, and painters have nearly finished and paperhangers are putting on the ornamental touches. The seats, ring-pews, dressing and bath rooms are ready for use. A splendid gaslight of large size and great power is in position over the center of the ring.

Quite a variety of furs were seen by a reporter of THE ASTORIAN yesterday in P. J. Meany's tailoring rooms on Cass street. He buys them and ships them abroad. The collection, about ready to be sent away, and embraces skins of wildcat, muskrat, beaver, skunk, otter, mink, raccoon and bear, all of which were captured within thirty miles of this city.

Every one has seen those huge yellow patches which look like lilies, and grow in such profusion around here. A young man picked one last evening and presented it to his business partner, saying that he never knew before that lilies grew wild here. And he and she smiled when told that the plant while pleasing to the eye was offensive to the olfactory and was commonly known as skunk cabbage.

"The Boston Store," Shanahan Bros. proprietors, is open. The commodious building southeast corner Second and Benton streets, opposite the postoffice has been leased by them and a large stock of dry goods, fancy goods, notions, men's furnishing goods and ladies wear invites the attention of the Astoria public. Note their opening announcement on second page.

To Arrive at 4 P. M. A piece of cardboard, 8x13 inches, is received, on which is printed in blue ink a statement that the Union Pacific system of steamers on the Columbia river will leave Portland on Monday, Wednesday and Friday at 7 A. M. and arrive at Astoria at 4 P. M. This is indeed pleasing news. They have been arriving from 6 to 7:30 P. M., and to arrive at 4 P. M. is a gratifying innovation. When does this lightning schedule begin?

Lost. A pocketbook, in the vicinity of the Flavel building, containing memoranda and a sum of money. Please return it to this office and be rewarded.

Beans Cooked to Order. Private rooms for ladies and families: at Central Restaurant, next to Foard & Stokes.

It seems a matter of impossibility for the cannermen to pay \$1.25 for salmon in this season of the year.

Unfortunately it is equally impossible for the gill-net fishermen to make anything like decent wages at anything less, if the same number of boats run on the river this season that ran in 1919.

This situation is a difficult one to both sides. There is a natural desire of the cannermen to utilize the expensive plant that lies idle, anyhow, eight months in the year.

The fishermen, for some of them at least, do not work and earn a subsistence for themselves and those dependent on them.

The fishermen, for some of them at least, do not work and earn a subsistence for themselves and those dependent on them.

The fishermen, for some of them at least, do not work and earn a subsistence for themselves and those dependent on them.

The fishermen, for some of them at least, do not work and earn a subsistence for themselves and those dependent on them.

The fishermen, for some of them at least, do not work and earn a subsistence for themselves and those dependent on them.

The fishermen, for some of them at least, do not work and earn a subsistence for themselves and those dependent on them.

The fishermen, for some of them at least, do not work and earn a subsistence for themselves and those dependent on them.

The fishermen, for some of them at least, do not work and earn a subsistence for themselves and those dependent on them.

The fishermen, for some of them at least, do not work and earn a subsistence for themselves and those dependent on them.

The fishermen, for some of them at least, do not work and earn a subsistence for themselves and those dependent on them.

The fishermen, for some of them at least, do not work and earn a subsistence for themselves and those dependent on them.

The fishermen, for some of them at least, do not work and earn a subsistence for themselves and those dependent on them.

The fishermen, for some of them at least, do not work and earn a subsistence for themselves and those dependent on them.

The fishermen, for some of them at least, do not work and earn a subsistence for themselves and those dependent on them.

The fishermen, for some of them at least, do not work and earn a subsistence for themselves and those dependent on them.

The fishermen, for some of them at least, do not work and earn a subsistence for themselves and those dependent on them.

When the reporter presented the advantages of Astoria in regard to the largest ships or steamers discharging or receiving freight at our wharves, and the great convenience it would be a through line of railroad connecting here, Mr. Horner was much interested and believes that it is only a question of time when ships will connect here with railroads and thus be enabled to load and unload full cargoes here instead of going to or coming from Portland.

The gentlemen go over on the Gen. Canby this morning, will visit Wharf, and also Mr. Canby and Stevens and the government jetty.

Judging from Mr. Horner's knowledge of pile work, its cost, durability of piles and the action of the terebinth on them, it is safe to infer that he must have had considerable experience in the construction of wharves, piers, trestles and bridges.

Mr. Alexander is interested in water works and the water supply of cities and towns.

The gentlemen will remain in this vicinity for a few days, and propose investing in real estate if it is not held at figures above its value.

It is very likely that they are here for the purchase of land, and if so, they are in the interest of the Northern Pacific, with a view of the extension of the lines of that road here, or over on the Washington side.

PERSONAL MENTION. G. B. Hegardt, superintendent, was up from the jetty on government business yesterday.

Miss L. V. Chapman of Tillamook, arrived upon the Augusta yesterday and is a guest at the Occident.

P. S. Mattox, general agent of the Cleveland-Haverly minstrels, came down from Portland last evening, to arrange for the appearance of his company here on Friday evening of next week, and favored THE ASTORIAN with a pleasant call.

Capt. H. Wherly leaves this morning for Shoalwater and surrounding points, on a business trip in the interest of E. C. Hughes & Co.

The Old Veterans. Cushing Post, No. 14, G. A. R., had a very interesting session last evening at their hall on Second street.

Calculated to Advertise Astoria. "What is Said About Astoria," is the title of a neatly printed pamphlet, received yesterday morning containing a large amount of matter about Astoria's prominence, its commercial position and its manifold advantages.

Mr. Lindenberg, who has been having salmon put up in barrels, salted, for shipment to Europe, sent off his first carload yesterday. It is bound for St. Petersburg, going to New York over the Union Pacific, thence by steamship to Hamburg and thence by steamer to St. Petersburg.

NO LONGER A TERROR. Modern Treatment that Cures Constipation. According to the San Francisco dailies a remedy has been discovered that will almost certainly cure chronic constipation. It is the new laxative principle in Joy's Vegetable Sarsaparilla. The papers are full of recent occurrences confirming its efficacy, and we give to their last sensation, a card from San Francisco which reads as follows: "I am willing to relate the following experience. I have for years had a weak stomach attended with constipation, and never found but one preparation that helped me and that soon wore out and lost its effect, and I was again a sufferer until I tried Joy's Vegetable Sarsaparilla. It has thoroughly reorganized me. I had one of the most sensitive of stomachs and was in continual distress, but can with the aid of Joy's Vegetable Sarsaparilla now eat any and everything with my old accustomed freedom. I am both surprised and delighted, and gladly commend it."

REMARKABLE RESCUE. Mrs. Michael Curtin, Plainfield, Ill., writes the statement that she caught a cold which settled on her lungs; she was treated a month by her family physician, but grew worse. He told her she was a hopeless case, and she bought a bottle and to her delight found herself benefited from first dose. She continued its use, and after taking ten bottles found herself sound and well, now does her household work as well as she ever was. Free trial bottles of this great discovery at J. W. Coon's Drug Store, large bottles, 50c. and \$1.

ADVICE TO MOTHERS. Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, cures the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

TO THE LADIES. Mrs. Bowman has secured the services of a competent dress maker from the east, and has reopened her dress-making parlors. She invites her old friends and the public generally to call at her establishment on Third street, near Main. All work done with neatness and dispatch and at prices within the reach of all.

Remember the Astoria House at the Seaside is open the year 'round.

As she floated on the waves, cheers were given by the people on shore, and whistles were blown by the little steamer "Electric Bitter".
