CHINESE TO BE RETURNED.

The Nation Will Pay For Sending Them Back to China.

MORE WORK ON TARIFF BILL.

Special by The California Associated Press.

WASHINGTON, April 25.—Acting secretary of the treasury Batchelder has written the following letter to the collector of customs at Port Townsend, Wash.:

"Dear Sir: The department is in receipt of a letter dated the 19th inst. from the United States attorney general in which it is stated that there are nineteen Chinamen now in the custody of the United States marshal for the state of Washington, who were arrested and tried for coming into the United States in violation of the executive act of October 1, 1888.

"He recommends in accordance with the suggestions of the secretary of state, that said Chinamen, notwithstanding the presumption that they may have come across the British border, be returned to China on the first steamer which could not be returned without payment of a head tax of \$50 each and because, even if returned to that country, the Chinamen would probably again evade the vigilance of the United States officers and come back to United States territory. The department approves the recommendation of the attorney general, and you are hereby instructed to consult with the United States marshal, and to take the necessary steps for having said nineteen Chinamen returned to China at the expense of the United States. It is the wish of the department that these Chinamen be returned in as economical a manner as possible by a sailing or other vessel bound directly for China without touching at any American port en route. Vouchers for the expense incurred should be forwarded for payment."

Anti-Trust Legislation.

Special to THE ASTORIAN.

WASHINGTON, April 25.—The house committee on judiciary today reported to the senate an anti-trust bill, and recommended its passage.

Some Oregon Postmasters.

Special to THE ASTORIAN.

WASHINGTON, April 25.—The following changes were made today in fourth class postmasters in Oregon: F. L. McCallum at John Days, Grant county, vice G. W. Grant, resigned; W. D. Gorman at Mill City, Marion county, vice J. A. Shaw, resigned; H. H. Morris at Spikeland, Jackson county, vice J. S. Morris, resigned; G. F. Johnson at Wellsburg, Multnomah county, vice W. E. Wells, resigned.

Two Oregon Pensioners.

Special to THE ASTORIAN.

WASHINGTON, April 25.—Oregon pensions granted on issue of April 12th original, Samuel Hollaway, Eugene City; Geo. Harris, Glenside.

An Extensive Charity.

Special to THE ASTORIAN.

WASHINGTON, April 25.—A resolution appropriating one hundred and fifty thousand dollars for the relief of Mississippi river flood sufferers, was passed by both houses today.

Getting into Practical Shape.

Special to THE ASTORIAN.

WASHINGTON, April 25.—President Harrison, this afternoon approved the world's fair bill.

An Advance in Silver.

Special to THE ASTORIAN.

NEW YORK, April 25.—Zimmernann and Forsyth report bar silver in London at 48 1/2 and strong, with very little offering. London wires that the market is strong and an advance is likely to be maintained. The advance in silver is sufficient to add 5 per cent. to the net earnings of the Mexican Central for they come entirely in Mexican dollars and they net the company 5 per cent. more than this time last year.

Going to Arbitrate Matters.

Special to THE ASTORIAN.

CHICAGO, April 25.—To-morrow at 1 p. m. the striking carpenters president, Goldie, the old and new boss carpenters, and the citizens committee will meet at the builders exchange to arrange a settlement of the strike.

Too Wet to Play.

Special to THE ASTORIAN.

BROOKLYN, April 25.—Game postponed on account of rain.

The Police Stopped the Fun.

Special to THE ASTORIAN.

NEW YORK, April 24.—A glove fight, arranged between George Dixon, colored champion, and Mose Corbin, another colored boxer, which would have taken place at Nilsson hall this evening, was stopped by the police.

Cincinnati Victorious.

Special to THE ASTORIAN.

PITTSBURG, April 25.—In the contest today, between the Pittsburg and Cincinnati National League teams, Foreman pitched a good game and won. The visitors fielded well and the latter part of the game was brilliantly played. Score—Pittsburg 1, Cincinnati 10.

THE MCKINLEY BILL.

It Will Not Become Law in Its Present Shape.

WASHINGTON, April 25.—The Republicans of the senate finance committee are at work on the tariff bill to be reported to the senate as a substitute for the McKinley bill. They expect to have all the work done and be ready to report very soon after the McKinley bill passes the house. The understanding is to have the McKinley bill pass the house practically as it is, but there is no expectation of its becoming a law in that form. The senate is expected to pass quite a different bill and the whole matter will be settled in a conference on the disagreement between the two houses.

It is said that there has never been any expectation among the party leaders that the McKinley bill would become a law in anything like the form it was reported. It is understood that the plan was merely to settle on the understanding in view there will be no serious difficulty in passing a bill through the house. There is quite a radical difference of views between the senate finance committee and Major McKinley on several points. The ideas of the ultra-protectionists and expressed in the McKinley bill proposals are being received by the ways and means committee from interests in various parts of the country, many of which conflict with each other. Over 500 formal petitions, having many hundred signatures, have been received since the bill was reported. Some of the petitions and protests are very emphatic in language, but the committee remains complacent and content with its work.

Want a Day to be Nine Hours.

Special to THE ASTORIAN.

BUFFALO, April 24.—The carpenters, mill hands and cabinet makers of this city have decided to ask for 9 hours to constitute a day of labor.

He Got off Very Light.

Special to THE ASTORIAN.

PHILADELPHIA, April 24.—Ex-prefect, King, of the blind asylum, has been sentenced to 5 years in the eastern penitentiary on account of bad practices.

The Oklahoma Government.

Special to THE ASTORIAN.

GETTYSBURG, April 25.—As soon as the president signs the Oklahoma bill, the enforcement of law is taken out of the hands of the United States authorities and vested in the new government. The latter cannot be on its feet for some weeks and it is likely that without authorized officers to govern in the interim, which is looked upon as a critical period. The president has ordered the United States officers to continue to enforce the law but the illegality of the order is acknowledged here. Private information makes Geo. W. Steele, of Indiana, the accepted governor of the territory; he was eight years a congressman, and an old friend of the president.

A Large Attendance.

Special to THE ASTORIAN.

BUFFALO, April 25.—About 2,000 people were present today at the meeting of the Chicago players League series. It was an exciting contest. The Chicago got on to Keef's pitching early, but that did not win the game, the defeat of the Buffalo being due mainly to slacking base running of the western men. Score, Buffalo 8, Chicago 10.

A Hard-fought Game.

Special to THE ASTORIAN.

CLEVELAND, O., April 25.—The Cleveland players League game today and in the ninth inning pulled victory out of the fire. Score—Cleveland 10, Chicago 6.

Close Game in Pittsburg.

Special to THE ASTORIAN.

PITTSBURG, April 24.—The Cleveland Brotherhood Team appeared here today for the first time. Errors were mainly responsible for loss of the game by Pittsburg. Corcoran, at short, doing poor work. The visitors batted steadily throughout. Score—Pittsburg 8, Cleveland 9.

Sullivan Will Meet Jackson.

Special to THE ASTORIAN.

NEW YORK, April 24.—Sullivan will be in this city early next week, when he will forward an answer to the California athletic club's proposition to arrange a glove fight with Jackson. Barnett, Sullivan's manager, said yesterday it would undoubtedly be accepted. "I am free to say that match, and little more. Have been in communication with the champion, Sullivan will accept the offer on two conditions, first is an unalterable decision that the winner take all, second he must have side bet at least \$5,000."

American Demand for Silver.

Special to THE ASTORIAN.

NEW YORK, April 25.—The Evening Telegram says: "Private cables from London report large purchases of silver; and that that market is almost entirely bare on American orders."

Too Much Rain.

Special to THE ASTORIAN.

BOSTON, April 25.—No national game today on account of rain.

SILVER GROWING STRONGER.

The London Market Cleared Out By American Orders.

THE U. P. HAS ADVANCED WAGES.

Special by The California Associated Press.

BOSTON, April 25.—A Cheyenne special says that last night the manager of the Union Pacific railroad conceded an increase of wages for employees of the eastern division but did not agree as to the mountain division; this is looked upon with favor in this city, where so much railroad stocks and bonds are held and all danger of a strike on the Union Pacific's lines now is thought to be over.

SILVER IS APPRECIATING.

Special to THE ASTORIAN.

NEW YORK, April 25.—Silver certificates are again active and buoyant, with a rise to 107, followed by a reaction to 105 on sales for foreign account, followed by late recovery to 106 1/2. At London silver was also strong, higher, with a rise to 84 1/2 per ounce.

The *Herald* and *Express* says it is too soon to talk about the possibility of our taking the market for silver away from London, but it is quite certain for at least a week past that New York has controlled the price and has advanced it against sales for London account and is quite in a position to hold the price with sales of less than 300,000 ounces. The price was advanced yesterday to 104 1/2 and London advanced to 107 today. At this rate silver is climbing daily. About one-tenth of the distance separates it from gold on the monetary scale, and the silver dollar is gaining on the gold dollar at the rate of about two cents a day.

Marine News and Notes.

Special to THE ASTORIAN.

The *Alliance* sailed for Gray's Harbor yesterday morning.

THE IRON OLD MEN'S VIEWS.

Special to THE ASTORIAN.

NEW YORK, April 25.—The *Herald* cables an interview with Bismarck, from Frederickshafen in which he says in part: "If I were still minister of the crown, I would wish to abstain from all interference, allow nations to take their natural course, and pursue a policy of observation. If necessary to law were attempted, I would fight, otherwise I should look on with indifference. If a laborer chooses to select a day to make money while about in process of existing, when a revolution strikes, he has nothing to prevent him. With repression by legislation, it is always the same. Unlawful attempts to prevent mischief, are often the cause of mischief."

Police Court Business.

Special to THE ASTORIAN.

In the police court yesterday, before Judge Jovett, there were three cases, Elmer Barry and Lewis Shennet were charged with having been drunk and disorderly, but not being present the deposit of two dollars by each one, was declared forfeited, and four dollars more was entrusted to the care of the city treasurer.

W. W. Ward, C. C. Dalton and J. W. Hoverton were up from Ilwaco yesterday.

SHILOH'S CATARRH REMEDY—a positive cure for Catarrh, Diphtheria and Canker Mouth. At J. C. Demant's.

THE STEAMER "MANZANITA."

Return of the Light House Tender From A Pleasant Cruise.

Last evening at eight o'clock the steamer *Manzanita* arrived from her northern cruise. A representative of THE ASTORIAN was soon on board, and received a very cordial welcome from the genial Captain Richardson.

They have been absent nearly two weeks and the trip has been delightful, more like the pleasure cruise of a yacht. Maj. T. H. Handbury and wife joined them at Seattle on Wednesday, the 16th inst., and then they went to Friday Harbor, on San Juan Island, thence across the Gulf of Georgia to Port Roberts and Patos Island.

Turn point was visited, which is the place where the British man-of-war *Amphion* struck a rock a few months ago. From there they continued to Victoria, British Columbia, arriving on Friday, and remaining until Saturday afternoon at four o'clock, when they returned to Seattle, arriving there the same night.

Leaving Seattle on last Monday they went to Tacoma where they attended the Haverly Minstrels and reported a crowded house. Tuesday morning they sailed from Tacoma to Seattle, took on coal and proceeded to Port Townsend. There they took on a whistling buoy which had broken loose and been towed into that harbor a few months ago, and left Port Townsend on Thursday morning.

The next call was at New Dungeness light station and then at 7:30 yesterday morning the steamer was off the entrance to Gray's Harbor, in which at 8:15 anchor was cast. Another whistling buoy was here taken on board which had been found adrift, and towed in by a vessel. From there they came to this city.

Major Handbury and wife left at Seattle last Sunday night and went overland to Portland. Capt. and Mrs. Rhoads left on Monday night at Tacoma and returned to Portland by rail. Capt. Rhoads officially visited and inspected all the light stations on the trip, and was well pleased with the condition in which he found them.

VIVACIOUS VANCOUVER.

Special to THE ASTORIAN.

It gives the U. P. Railroad a \$45,000 subsidy.

Special to THE ASTORIAN.

VANCOUVER, Wash., April 24.—Today at a meeting of the Chamber of Commerce \$45,000 was immediately subscribed by leading citizens of Vancouver to secure the U. P. extension to the sound for Vancouver. Vice-president C. J. Smith of the Union Pacific Railway was present, and the building of the road and bridge across the Columbia at Vancouver is now an assured fact, and as the result of the millmen's strike here on Monday last one of the mills has accepted the ten percent request, that of the Michigan Lumber Co., which is working with new hands, and W. J. Ross mill is forced to lay idle.

Chinese Have No Rights On Mining Lands.

Special to THE ASTORIAN.

WALLA WALLA, April 25.—Judge Willis Sweet in the district court in the Moore case today decided that Chinese have no rights whatever on mining lands in the United States. The decision was rendered in a suit brought by Chinese against Patrick Flynn, et al., who last summer jumped claims on Moose creek in Elk City, a mining district held by Chinese for many years under a bill of sale given to Chinese by white men. In another decision involving the Buffalo Hill claims, Elk City district, white men having leased said claims to Chinese and being jumped by order of whites, the judge held that a lease of mining ground to Chinese was invalid and amounted to abandonment of claim unless the plaintiff proves that the Chinese lessees were actually employed to hold and work said ground on behalf of plaintiffs.

The suit for ejectment was therefore denied. Upon the announcement of the decisions parties were immediately organized to oust Chinese miners in Pierce City, Elk City and other mining camps in northern Idaho which are Chinese strongholds. The decisions are far reaching in their effects and will lead to abandonment of much ground where Chinese made a bare subsistence.

AN IMPORTANT DECISION.

Chinese Can Have no Rights On Mining Lands.

KELLIEHER KNOCKED OUT.

Special by The California Associated Press.

SAN DIEGO, Cal., April 25.—Fifteen Chinamen, who have been camping a few miles south of Milquiatay on the Mexican side of the line for several days, went some distance up the line last night and made a break to enter the United States, all got across and hid in the brush except six who were captured. Erwin Bangh and E. Walker, Americans who freighted the coolies up from Ensenada at \$5 each, were guiding the party and were also caught.

Olympia to the Front.

Special to THE ASTORIAN.

OLYMPIA, April 25.—An enthusiastic meeting of citizens was held here tonight on the final, favorable and partial report of the local committees who have raised a subsidy of \$100,000 to be divided between the Union Pacific and Oregon Improvement railroad companies; deposits, harbor privileges and rights of way were also granted.

The Latter Knocked Out in Thirteen Rounds.

Special to THE ASTORIAN.

SAN FRANCISCO, April 24.—The Golden Gate Athletic club was taxed to its utmost capacity this evening, the event being the meeting of Charley Turner of Stockton, the colored champion, and Denny Kellieher of Boston. The purse was for \$1,000, the loser taking \$250. The men were in great condition. Turner weighed 151 pounds, and Kellieher 154. Joe Choyenski acted as referee.

Turner like his backers seemed full of confidence. Both contestants were cautious, and feeling for weak spots. Kellieher worked Turner into a corner putting in a heavy left on his ribs and getting a slight return on the neck. The round closed even.

Rescue of a British Crew.

Special to THE ASTORIAN.

LONDON, April 25.—The crew of the British bark *Osso*, from Savannah, reported abandoned, were rescued by the British ship *Highmore*, Captain Molley, from Liverpool, March 10, for Adelaide. Some of the rescued men were placed on board another vessel off Lisbon. Five of the *Osso's* crew refused to proceed on the *Highmore* and started in their own boat for St. Vincent, sixty miles distant. They reached the island, but not in a strong condition. Notwithstanding their state, the Portuguese authorities would give them no succor and refused to allow them to land.

A Prominent Teacher Dies.

Special to THE ASTORIAN.

MONTREAL, April 25.—Principal McGregor, of McMaster College, is dead.

When the average man or woman comes to be fitted with the first pair of glasses some curious discoveries are made. Seven out of ten have stronger sight in one eye than the other. In two cases out of five one eye is out of line. Nearly one-half the people are color-blind to some extent, and only one pair of eyes out of every fifteen are all right in all respects.

Hydrographic Survey Ordered.

Special to THE ASTORIAN.

Major T. H. Handbury, U. S. engineer, is making arrangements to start out a party to make a hydrographic survey of the Columbia river from Tongue point up to Cathlamet. No survey of this part of the river has been made since 1868. This work is preliminary to preparing a project and estimates of the cost of making a twenty-five-foot channel from Portland to the sea, as Major Handbury was directed by the chief of engineers to do sometime since. As the remainder of the river has been surveyed lately it will not be necessary to go over it again in order to prepare the project. The party will begin work about May 1, and the job will occupy the party probably two months.—*Oregonian*, 25.
