dance with the above recommendation, and the chair appointed J. H. D. Gray, W. B. Adair and S. B. Smith. Vice-President John Hobson stated that he, as one of the committee appointed to confer with the Whitman Historical Society, of Walla Walla, in reference to transferring to that society the money this society has collected towards erecting a monument in honor of Dr. Marcus P. Whitman and his associates, who were massacred by Indians near Walla Walla, had corresponded with Rev. M. Eels, and handed the secretary a letter which he had received from that gentlemen. The letter was read and the writer

stated that the Whitman Historical Society were making efforts to secure the erection of a monument, either at the site five miles from Walla Walla or else in that city on the grounds of the Whitman college. On motion of Col. John Adair the

letter was received, and placed on file. Henry Kelling was invited to address the society and gave a synopsis sidewalk or street should be repaired of the work being done towards per petuating the memory of Dr. Whitman. He came as a committee from the Whitman historical society to confer in regard to the transfer of mone for the monument. They have one acre offered them as a gift, where the remains are interred, but desire four acres more. If they can get per-mission of the heirs, thny will remove the remains to Walla Walla, to the grounds of the Whitman college, where they can be better kept, and the monument seen by more people. They desired to erect a monument costing at least \$2,000. The Whitman college has a faculty of seven or eight professors, about 150 students, and a campus of four or fire agree. If we can have four or five acres. If we can have a year or more we will either purchas

The Census Takers in This County.

The census will soon be begun to be enumerated. Following are the probable enumerators in Clatsop county: Clatsop, Seaside and Lewis and Clarke's, F. H. Ward; Young's river, Fishhawk and Mishawaka, A.

We desire to say to our citizens that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Buklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well or that have given such univerings, and stated that \$19.92 was due to him for taxes paid, but there were no funds in the treasury. A motion by W. B. Adair to assess each member \$2.50, was withdrawn after it was stated that there was considerable money coming from members for dues.

The list of members was read, and 57 were reported as the number. Vice-President Hobson suggested that the members pay their dues, and he stepped forward and set the example, which was promptly followed by nearly all the nineteen who were present.

For example, or years we have been selling Dr. King's New Life Pills, Buklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits.

A WORD OF CAUTION.

In this as in every other locality where it is own, there are hundreds who are taking Joy's Vegetable Sarsaparilla, and in nine cases out of every ten it is effecting specific cures. But word comes to us occasionally of people who report that it operates too freely upon the bowels. We want to say to those that they are not following the printed in-structions and are taking too much of it. If it acts too freely reduce the dose, never takbig any more than causes easy and perfect action. Keep this in mind, and take it reg-ularly for a while and do not indulge in too much greaty food, and we will have your testimonial within a fortnight. If taken under these conditions it is an absolute cure for frestion, dyspepsia, sick headaches, con on, face eruptions and liver and kid ney disorders. It may be asked how it can possibly cure so many aliments. But the region is clear. All those troubles are the legitimate result of improper liver and kidney action or impaired digestive organs.
