

The Daily Astorian. ASTORIA, OREGON: SUNDAY, JUNE 1, 1920. ISSUED EVERY MORNING.

J. F. HALLORAN & COMPANY, Publishers and Proprietors. ASTORIAN BUILDING, 115 1/2 CASS STREET, ASTORIA, OREGON.

Terms of Subscription: Sent by Mail, per month, 15c; per quarter, 45c; per year, \$5.00. Free of postage to subscribers.

CITY AND COUNTY OFFICIAL PAPER. Many strawberries are daily arriving, but the supply does not equal the demand.

Carl B. King is advertised to appear here. He is a wonder, and will draw a crowded house.

Third street repairs drag considerably and progress is slow. A scarcity of men is reported.

There was a heavy hail storm at Westport yesterday, which was quite unusual occurrence.

Large numbers of people were in the city yesterday, coming on all the steamers from surrounding towns.

Keen & Cook were busy yesterday moving into their handsome new office on Third street, west of West 9th street.

To-morrow morning, for the first Monday in its existence, The Astorian will appear in its many readers and friends.

Raspberries, salmon berries and blackberries will soon be ripe, and indications are favorable for a large supply in this immediate vicinity.

In the window of a barber shop is displayed an interesting piece of work, it being a licker about two feet long, made entirely of old newspapers.

An application for a charter for a camp of Sons of Veterans is being circulated by C. J. Curtis, and a number of names have already been obtained.

In the Congressional Church to-day the morning theme will be "The Purpose and Power of Preaching." Evening theme, "Joan of Arc, the Maid of Orleans."

Some of the canneries were very busy last week. It is believed that the aggregate pack on the river up to date is greater than for the corresponding time last year.

It was Mrs. Geo. Ainsworth, in 1887, when the O. R. & N. Co. succeeded the old O. S. N. Co., that the rule since enforced that no liquor should be sold on the company's boats.

The attention of investors is directed to the advantages of Seal Beach beach five miles below Seaside, a property that is looked for to rapidly increase in value. Keen & Cook are the Astoria agents.

Late last night, Mrs. Ellen Winiford, wife of George Lovett, died, aged 35 years. She was a native of Vancouver, Washington. Notice of funeral will be given in to-morrow's Astorian.

Salmon are abundant, and the fishermen could catch more, if they could dispose of them, but the canneries are unable to use all they could catch, and most of them limit the number they will receive from each boat.

All interested in the following subjects are requested to attend the Methodist church to-day, H. A. M., "God's Reason for Giving the Law," S. P. M., lecture to young ladies, "Foolish Marriages." Song service, 7 P. M.

The ordinances for the improvement of Third street, and of Water street, and for the franchise to the Bay Railway company, have all three been approved by Mayor Crosby. The ordinance for numbering the houses he has not yet approved.

The rainfall in this city during May, aggregated 1.14 inches. May, '89 showed 3.06 inches; in May, '87, there fell 2.83 inches here, so that by comparison, this has been a very dry month; it was also a very cool one, here.

THE SECOND RALLY. Speeches by Judge Raleigh Scott and Hon. C. W. Fulton.

REPUBLICAN TORCHES BLAZING

The second Republican rally of the campaign occurred last evening. The Finnish Temperance band at the corner of second and Cass streets, from 7:30 to 8 o'clock, played excellently a number of stirring pieces, and a crowd of at least 800 persons assembled to listen to the music.

Upon the platform were seated the following prominent Republicans: Dr. Jay Tuttle, chairman, Mayor M. C. Crosby, Hon. C. W. Fulton, Hon. H. D. Gray, John Fox, James W. Welch, Dr. Baker, C. W. Longberry, F. I. Dunbar, R. Carruthers, M. Ford, and E. W. Wright.

After music by the band, Dr. Jay Tuttle stepped forward, stating that he had heard from several speakers of the Democratic party, including Webb, Penoyer and Miller. Prompted by curiosity I listened to the governor to see what he would say in reference to the promises he made four years ago, none of which have been fulfilled.

Judge Scott gave a review of the principles of the Democratic party and its platform, then of the Republicans, and contrasted them, showing the vital points of difference between the two parties. He was far superior in his friendship for the labor element, for the Union veterans, and more in favor of internal improvements and extending our commerce.

Dr. P. Thompson was referred to as a man who had worked his way up from driving sheep across the country and learning the blacksmith's trade until he had acquired a competence and was universally respected and trusted implicitly, having never proven false to any trust which had been confided in his keeping.

Penoyer is a natural aristocrat, college bred and of a haughty family. He goes to Salt Lake once or twice a week, then returns to watch the 100 men in his sawmill and see if they have sweat enough over their eleven hours of toil to be entitled to their wages. Yet he poses as the friend of the laboring man and the eight-hour system.

The statements made by Penoyer and Welch that they have decreased expenses and increased the school fund are incorrect. They have sold land at \$1.25 per acre which should have brought from \$5 to \$20. The tariff question was revived, the McKinley bill favored, the convict labor system discussed, and strong claim made for the subsidizing of American ships to carry our mails.

He spoke for fifty minutes, and in closing urged all to work for the success of the entire ticket, and then next Monday night Penoyer will be in the consumption, and we can say sie temper Mcintyre. The band played "Hail to the Chief" and Dr. Tuttle said "I now desire to present to you a stranger whom you have never heard, but who I feel sure will entertain and interest you and therefore take great pleasure in introducing him, Hon. C. W. Fulton."

He spoke only twenty minutes, but it was a ringing, eloquent speech, and elicited frequent applause. He stated that Penoyer's speech boiled down was simply a claim that his re-election would be a panacea for all existing political ills, and a genuine for all malarias. Four years ago he promised to drive out the Chinese, to do away with fish traps and fish wheels, but those evils still remain as before.

A good point was made in the statement that opposition to the Chinese by the Republican party is because that as they live so much cheaper than white men they can work cheaper, and our party opposes them because it is in favor of protection for American labor. We want our own people to make our own clothes, our own people to till our own soil and raise our own produce, and because we believe this we are opposed to Chinese labor.

Penoyer is not in favor of encouraging American labor if he favors free trade, for whether Chinamen are allowed here to compete with white labor or whether by establishing free trade by throwing down the barrier of protection, they can remain in their own country and send their manufactures here, what is the difference?

PERSONAL MENTION. COUNTING THE PEOPLE.

Miss Annie Hanson of Portland, is visiting Mrs. Jno. Rogers. Miss Florence Simmons goes home to Willapa on Monday, in consequence of the illness of her mother.

Mr. Andrew Taylor, a brother of Col. Jas. Taylor is visiting this city. Chief Barry returns from Portland this morning with Geo. Evans, who is wanted on a charge of larceny.

F. S. Jewett and A. S. Reed got back yesterday from a hunting excursion, with well filled game bags. Miss Grace Hendrickson who has been here several years with her married sister who resides at Smith Point, starts on Wednesday next, for her home in Rustie, Express county, Idaho.

The steam schooner Louis Olsen arrived yesterday from Tillamook. The steamer R. R. Thompson comes down from Portland to-day, with a Jewish excursion. The steamship Danube, Capt. J. R. Hill, arrived from Victoria and Vancouver, B. C., and went up the river to Portland.

The steamer Manzanita went up to buoy depot yesterday and took on part of the iron lighthouse for Destruction island. To-morrow she will call up. The steamer City of Astoria, which has been running on the Westport route, was yesterday sold to Messrs. Reed and Stream for \$6,000. She will be taken to Shoalwater bay, and will run between Sealand and South Bend.

The steamer R. P. Elmora, Jas. Tattou master, D. Orenton, engineer, cleared for Wrangal, Alaska, Timi bay, yesterday, with 127 boxes tin plate, 5 boxes kegs, 2 tons pig tin, 2 dozen saws, and sundry miscellaneous stores.

To the person making the closest guess as to who will be the successful candidates for county offices and the respective majorities they will receive, I will give an elegant \$25 suit of clothing free of charge. Every voter in Clatsop county is entitled to one guess up to Monday, June 2, at 9 o'clock A. M.

Write on a piece of paper the candidates you think will win and the majorities you expect them to receive, then hand it in at my place of business any time before 9 o'clock A. M., June 2d, 1920. I have selected two fair and square men as judges, Messrs. J. F. Halloran and Geo. Noland, who will canvass the guesses immediately after the official count is known, and award the suit to the one making the closest guess.

The Reliable Clothier & Hatter, in Occident Hotel Building, quick Sailing Time. SAN FRANCISCO, May 30.—The schooner Norelly, Captain Lewis arrived in port this morning after the remarkable quick voyage of four days from Port Blakely. She brought a cargo of 720,000 lbs. of lumber. The distance from Port Blakely to San Francisco is 800 miles, giving the Norelly an average of 200 miles a day, almost steamer time.—Oregonian Special.

USEFUL INFORMATION. Tibbery Fox, M. D., the eminent medical writer, in his work "Skin Diseases," thus accounts for the pimples so common to the face and neck. Plugging too tight or too greasy food, or too hearty eating while the stomach organs are sluggish, causes in most people indigestion or a dyspeptic condition, which causes the blood to move sluggishly, and encloses the pores. The result is, that the exuding secretions block the pores, which inflame, each distinct inflammation being a pimple. Dr. Fox therefore does not prescribe "blood purifiers" so called, but a "dyspepsia cure" to be taken, by his own Sanaparilla follows the modern ideas of Dr. Fox, and aims with gentle efficiency at the stomach and digestive organs. The reason is apparent why it cures dyspepsia and indigestion, and the pimples and skin eruptions which result therefrom, and why sanaparilla that is used internally.

Trailload of Salmon. The Union Pacific sent a trailload of salmon east yesterday, consisting of nineteen cars solid salmon. The salmon were all from the Columbia river, and the circumstance speaks well for Oregon products.—Oregonian, May 31.

Nearly everybody needs a good medicine at this season, to purify the blood and build up the system. Hood's Sarsaparilla is the most popular and successful spring medicine and blood purifier. It cures scrofula, all humors, dyspepsia, sick headache, that tired feeling.

Sam Jones on Infidels and Society. I'd rather be a low-down chain-gang negro than one of your little infidels. You won't be in hell two minutes before you'll be hopping around in the fire and yelling: "What a mistake I made." I have some respect for Bob Ingersoll, because he can get \$200 a night for his lecturing. But some of these little infidels are infidels for nothing, pay \$2 to hear Ingersoll, and board themselves. I understand you are all running "society" here pretty lively. Society! A pair of 75 cent slippers and a \$1.25 wash bonnet lets you into it. There is no manhood, no womanhood in it. The fruits of society, so-called, are the dulle and dudine. If you don't like what I'm saying, just get up on your hind legs and slide out.—From a Recent Sermon.

SCROFULA

It is that impurity of the blood which produces unsightly lumps or swellings on the glands of the neck; causes painful running sores on the arms, legs, or feet; develops sores in the eyes, ears, or nose, often causing blindness or deafness; is the origin of pimples, cancerous growths, or the many other manifestations usually ascribed to "humors;" and fastening upon the lungs, causes consumption, and death. Being the most ancient, it is the most general of all chronic or infectious, for every few persons are entirely free from it.

How Can It Be CURED? By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, often when other remedies have failed, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula or impure blood, be sure to try Hood's Sarsaparilla.

F. H. SURPRENANT & CO., County Coroner. A Scrap of Paper Saves Her Life. It was just an ordinary scrap of wrapping paper, but it saved her life. She was in the last stages of consumption, and the physicians said she was incurable and could live only a short time. She weighed less than seventy pounds. On a piece of wrapping paper she read the name of a certain medicine, and she bought a large bottle, it helped her more, she bought another and grew better fast. She continued it, and in a few days she was healthy, rosy, plump, weighing 140 pounds. For further particulars send stamp to Dr. J. W. Conn, 217 Smith.
