

The Daily Astorian.

ASTORIA, OREGON: WEDNESDAY, JUNE 11, 1930. ISSUED EVERY MORNING. J. F. HALLORAN & COMPANY, Publishers and Proprietors.

CITY AND COUNTY OFFICIAL PAPER.

Fishing boats were quite numerous on the river yesterday. Monday there were 22 deeds filed for record, and yesterday, there was the same number, lacking 21.

It is reported that J. B. Sale has purchased the steamer Electric, and that she will be taken to Shoalwater bay.

One or two boat houses, with row and sail boats to let, would undoubtedly do a good business. Who will start one?

There is to be a glove contest for points in the Athletic club rooms next Wednesday evening, and it promises to be largely attended.

Last evening, at the Parker house, a large number of people were finely entertained in listening to music on a Scotch bagpipe, played by the bartender.

Work has commenced on the erection of the new wharf at North Cove on Shoalwater bay. It will be over 1,000 feet long, and reach out to a depth of nine feet at low water.

The new track of the street railway extension is now laid on Second street, between Olney and Genevieve, and the center of the street is torn up for a block further west, to Cass street.

The numerous piles of wood scattered all along the streets, and left there weeks at a time, make this look like a backwoods town instead of a city. Don't use the streets for a permanent wood yard.

Hereafter when the anniversary of American independence is celebrated, Albert Nelson may say "my country" for yesterday he severed connection with the king of Sweden, and took out preliminary papers of citizenship.

The city building will not be raised at present, not until the next rainy season, as it would interfere with the use of the engine house and engine, and that is not deemed advisable in dry weather, in case a fire should break out.

The colored singer, Miss Flora Batson, who appears here on Friday and Saturday evenings, is spoken of in the highest terms by the press. Yesterday's program had a highly commendable notice, and calls her the "queen of song."

The railroad drawbridge across Skippoon creek at Warren is out of order and cannot be opened for the passage of boats. Yesterday it was closed with great difficulty, and must be considerably repaired before it can again be opened.

Yesterday, in Justice May's court, two Chinamen, Ah Sing and Ah Gee, were arraigned, who had been arrested by constable Welch for smoking opium. They were examined at the county jail, and will be remanded at 3 o'clock this afternoon.

In the city council last evening, Mr. Welch made an excellent suggestion, if it can be carried out, and that is to remove No. One's engine house to No. One on the city lot, then furnish a good pair of horses for it.

People should remember that a refusal to answer the questions propounded by one of the census enumerators is a misdemeanor, and by so doing they are liable to arrest and fine. Answer the questions promptly and the work will soon be completed.

Horseback riding is growing in favor, and would be more popular if there were more saddle horses to be obtained. Last evening F. H. Surprenant and wife, W. A. Shoran and sister, Miss Jessie Jewett and several others were out riding. It is good exercise for all.

By Special Request. Prof. Hanna, the World Expert Chiropractor and Manipulator, has extended his visit in Astoria for the remainder of this week. The Professor, during his past three weeks' visit in Astoria, has proven himself to be thoroughly skilled in his profession, and no one hesitates to call on him that may be afflicted with their hands or feet, and particularly Corns and Bunions. His office is over Allen's paint store, corner Fourth and Cass streets.

Fresh Bread and Cakes every day at Columbia Bakery. As orders delivered at all parts of the city.

For fine variety of Numbers for your buildings, call on Judge Jewett.

Wilson & Fisher will have Silver-Plated Numbers for Houses in a few days at seven and a half cents each.

Strawberries and Cherries. The only place in the city where you can get Fresh Strawberries and Cherries daily, at Rock Bottom prices, is at F. Ferrell's.

Try the Columbia Bakery and satisfy yourself where you can do the best.

Salmon Cans. The Pacific Can Co. is prepared to furnish packers with salmon cans in quantities to suit. For rates and prices apply to an address, P. P. Kendall, at office of Columbia River Packing Co., Astoria.

The Strawberry season is now at its prime. Thompson & Ross are receiving large quantities of this delicious fruit. Order a case early.

The Hoffman Cigar Cigar. The La Paloma cigar and other fine brands of cigars, the finest in the city, at Charles Olson's, next to C. Cooper.

There are some nice rooms. Over the Mikado candy store, suitable for offices, for rent. Apply to Alex Campbell.

For a good shave, go to F. Ferrell. Remember the Austin house at the seaside is the open year round.

THE CITY COUNCIL.

Ordinances, Resolutions, Reports, Bills and Communications.

TO MEET WEEKLY HEREAFTER.

The city fathers assembled last evening, and were called to order by Mayor Crosby at 7:45 p. m., Elbon, Fox, Welch and Wickman being present, and Bergman arriving soon after.

The minutes of the last meeting were read and approved. Alex Grant petitioned for a liquor license, which was granted.

The ordinance passed at the last meeting, requiring property owners to connect their premises with street sewers, was returned by the mayor unsigned, because defective in section seven, by the omission of the word "persons."

The veto was sustained. The report of street superintendent as to amount of work done on the streets was read and placed on file.

City engineer Thielson's report in reference to petition of W. E. Headington and others for grade of Court street was read and filed.

Petition of Margaret McCann who proposed to sell to the city for \$500 lots 3 and 4, block 112, Shively's, which had been referred to city attorney was reported upon by him, recommending that the council should reject the proposition, and the assessment for Cedar street grade be collected. Report was received and filed.

The city attorney reported on petition of John Devlin and William Bock in reference to correcting the line of West Water street, referred to him from last meeting, recommending that an ordinance be passed to correct the line. The report was received and filed. Report of the city attorney in reference to the bond matter was presented, stating that he had notified N. W. Harris & Co. of Chicago that the city had accepted their proposition to purchase \$23,000 of six per cent. twenty-year bonds at a premium of 1 1/2 per cent, and that the bonds were being printed at the office of The Astorian.

At the conclusion of the reading of the report, Mayor Crosby suggested that the council should do the best they could to advance the city's interest, and that another party had offered to take the bonds, and pay 3 per cent. premium, which would make a premium of \$390, or \$345 more than the other offer, and that a while ago he had told Mr. Welch of this offer.

Mr. Welch stated that the mayor had spoken to him on the street concerning this offer, but that it was after the former had been accepted by the council, and had said that if the city would pay his (the mayor's) expenses he would go and place them at a still better figure for the city. His honor then intimated that the council or committee had not done their duty for they had asked but one party, to which Mr. Welch replied with spirit, denying the statement and claiming that the mayor was misrepresenting the case. Considerable discussion was had, the records were consulted, and finally the report of the city attorney was adopted.

The committee on wharves and water frontage reported in reference to the ordinance referred to them at last meeting, granting to Astoria Iron Works permission to erect a gridiron wharf at foot of Jackson street and recommended that the same be granted for 20 years. The report was adopted.

An ordinance was adopted, extending the time of the city assessor for completing the roll, to June 23d.

Ordinance for improvement of Polk, Jackson and Madison streets were read first and second times.

The ordinance, fixing boundaries of Water street from the plane line to West Ninth street, was referred to the committee on streets and public works.

A new ordinance was introduced to take the place of the one in reference to sewers which had been voted by the mayor and was read twice.

The ordinance providing for the issuance of \$23,000 in bonds and sale of the same to N. W. Harris & Co. of Chicago was introduced and read twice, and further action deferred until next meeting, some members fearing that if not adopted the city will be liable to the above firm for damages for violation of contract.

The ordinance allowing the Astoria Iron works to erect a gridiron wharf at the foot of Jackson street, and maintain the same for twenty years, was passed. Mr. Fox refraining from voting, because an interested party.

The following bills against the city were allowed and ordered paid by warrant on the proper funds: West Shore mills, \$308; telephone company, \$3; gas company, \$19.95; Astor house, for board of prisoners, \$41.99; sundry persons for labor on streets, \$232.60; Carruthers & Co. for hauling and stacking \$200 West Shore mills, \$150; Clatsop mill company, lumber for streets, \$348.93; three other bills presented, one of \$4, one of \$9.50 and one of \$2.50, were laid over.

Welch introduced a resolution providing that the council meet every Tuesday evening, and it was unanimously adopted.

Welch introduced a resolution that the city attorney institute suits against the persons who have failed to pay their assessment or improve Ark street, which was adopted.

A resolution introduced by Welch at the request of Parker that proper notice be given of the intention to grade Lafayette street to the city of Alaska. These young men were landed at Alki point, and went to the site of Seattle, which was then an Indian settlement, and mainly a dense forest.

That tired feeling, so subtle and yet so overpowering, is entirely overcome by Hood's Sarsaparilla, which tones and strengthens the system and gives a good appetite. Be sure to get Hood's Sarsaparilla. "100 Dollars One Dollar" is true only of this peculiar medicine.

Coffee and cake, 20 cents, at the Central Restaurant.

Perfection Fruit Jars, at Thompson & Ross.

Ludlow's Ladies' \$3.00 Fine Shoes; also flexible hand-made French Eds., at P. J. Goodmark's.

The Summer Eclipse. Will make regular trips to Knappa and Swenson's Landing, on Saturdays, leaving Knappa at 7:30 a. m., and leaving Wilson & Fisher's dock at 2 p. m. For freight or passage apply to the captain, on board.

Drink Knickerbocker bottled beer.

Wolke's bottled beer.

Best Free Lunch at the Telephone station, 5 cents.

The latest style of Gent's Boots and shoes at P. J. Goodmark's.

Children's Eye and Throat Remedies.

PERSONAL MENTION.

A. McKinnin and wife, of Portland, are at the Occident.

Ex-mayor J. W. Hume returned from the Coquille yesterday.

Fred R. Reed, ex-mayor of the city of North Yakima, is visiting this city.

Mrs. Low and her daughter, Mrs. Spear, were in the city yesterday from Knappa.

Prof. Hanna is 30 years old today, and it is just 18 years since the commenced taking lessons in his profession from his father, who had preceded him in the business.

A party of prominent people from Saginaw, Michigan, are stopping at the Occident, and may invest here if satisfied with the place. Their names are Levi Tillotson, A. Brown, A. Rust, Miss Ida Rust and Miss Sarah Brockway.

MARINE NEWS AND NOTES.

The British bark Kitty, Capt. W. R. Laird, expects to sail this morning for Haiphong, China.

The schooner Laura May which left here recently with a cargo of lumber, arrived at San Diego last Friday.

The steamer Signal, Capt. M. B. Bendig, sailed yesterday for the coast, with 799 sacks of plaster and 478 packages of miscellaneous freight.

The steamer Dolphin, Capt. Neill, arrived from Shoalwater bay last evening at 5:45, and at 8 o'clock started up the river for Portland.

The steamship Danube, Capt. J. R. Hill, sailed yesterday for Vancouver and Victoria, British Columbia, carrying 5,004 barrels of flour, valued at \$17,455.

The steamer Manzanita coaled up yesterday, and took on a second class whaling boat to replace the one now on Unalaska reef, which is out of order, and will be brought down for repairs. The weather not being favorable for departure, she did not leave last evening.

Coming From California.

The steamship Columbia is due here from San Francisco this morning, with the following passengers: Mrs. Captain Lewis J. Tutin, John Mendell, Clarence Mendell, Mrs. Mendell, H. J. Chamberlain, wife and child, J. Williamson, Miss Williams, E. B. Greenway, D. Gamy, E. and E. Hirsch, Wm. Baker, H. E. Bloomer, G. H. Bathburn, E. H. Morgan, Mrs. E. H. Morgan, W. H. Dolan, J. C. Menzie, D. G. Mellan, Dr. L. E. Lewen, W. F. Baldwin, W. S. Woods, D. L. Murry and wife, E. Nelson and wife, S. Krautshel, J. J. Thompson and wife, A. Hayward, Mrs. A. Hayward, Miss Hawes, Miss E. Landers, Mrs. H. Haunover and daughter, S. Monaster, E. B. Warman, G. Miza and wife, Mrs. Hickox, Mrs. Gillespie and daughter, Clyde Harrow, Sarah Stevens, P. D. Dechant, wife and daughter, C. Cooley, E. Tucker, R. Swain, C. H. Young, F. M. Mulkey, Mrs. G. W. Hedgus, E. Morgan, J. A. Johnson and wife, John Kelly, J. H. Hubbar, Mrs. A. R. Van Blomcom, Miss C. A. Van Noretton, G. M. Channed, D. J. Malaseky, Mrs. E. V. Hathaway, Miss Norton, Mrs. P. H. Rinn and son, Mamie Meisler, Miss Knapp, Miss Lucy Welch, J. Gardner, N. A. Sander, P. H. Bruhn.

Wrecking Notes From the Port Townsend "Leader."

Puget sound wreckers intend shortly to commence work upon the hull of the old steamer Idaho, which came to grief near Race rocks, last year, and now lies in Port Townsend bay. It is supposed that her boilers and something else—it is not known what—are still clinging to her, as a clumsy weight attached to her bottom prevents her floating in less than ten fathoms of water.

The steam wrecker Whitcomb now plies regularly between Race rocks and the outer wharf, Victoria, where a heterogeneous mass of chains and old anchors, broken masts and fragments of deck planking lies piled.

The grappling irons are tearing the old steamer's chains to shreds, and whatever comes up in their claws is at once landed. It is expected that the wreckers will get to work upon the more important part of the old wreck before the end of the week.

PRACTICAL TESTS.

An Astonishing Offer—Some of the Replies. The San Francisco papers of recent date contained the following offer:—

"As an evidence of the ability of Jory's Vegetable Sarsaparilla to prevent and cure skin diseases, we will give to the first twelve respectable persons who will apply for a bottle free if they will send us their names and addresses, and if they will admit the fact over their signatures."

This offer so startlingly assisted the efficiency of the remedy that many accepted, and the letters of the parties, nearly all of whom reported, are probably the most convincing evidence that any remedy ever received. The following is a sample of those received:—

"I have been subject to bilious headaches and constipation for several years, and have tried many remedies, but have never obtained any relief. I have taken a bottle of Jory's Vegetable Sarsaparilla, and have derived great benefit from it, and intend continuing it after my own experience I can heartily advise those troubled with biliousness to take it. Yours, CHAS. E. ELKINGTON, 125 Locust Avenue, San Francisco."

Seattle was founded thirty-eight years ago by some thirty or forty men, who went there in the schooner Excelsior, which had been chartered by a party of California miners to go to Alaska. These young men were landed at Alki point, and went to the site of Seattle, which was then an Indian settlement, and mainly a dense forest.

That tired feeling, so subtle and yet so overpowering, is entirely overcome by Hood's Sarsaparilla, which tones and strengthens the system and gives a good appetite. Be sure to get Hood's Sarsaparilla. "100 Dollars One Dollar" is true only of this peculiar medicine.

Coffee and cake, 20 cents, at the Central Restaurant.

Perfection Fruit Jars, at Thompson & Ross.

Ludlow's Ladies' \$3.00 Fine Shoes; also flexible hand-made French Eds., at P. J. Goodmark's.

The Summer Eclipse. Will make regular trips to Knappa and Swenson's Landing, on Saturdays, leaving Knappa at 7:30 a. m., and leaving Wilson & Fisher's dock at 2 p. m. For freight or passage apply to the captain, on board.

A NEW INVENTION.

A Peculiar Device to Assist Fishermen. The Cape Ann Breeze, of Gloucester, Mass., describes a singular invention and says the schooner Pioneer will carry to Georges with her the coming trip something not before the fishing vessels from this port. Its shape is something similar to a steam boiler. It is about five feet long. The frame is of iron and is covered with a net-work of very strong wire. In one end is a door, through which it will be filled with chopped bait. It will then be fastened to the vessel's cable, about 25 fathoms from the anchor by a pulley. The motion of the sea will wash bits of the bait out, and these fish will be tolled around the vessel. The machine was invented by Mr. Silvine Monksong, of this city, who has applied for a patent on it, and who will go on the vessel to superintend the working of it. He is perfectly satisfied that it will do all that is claimed for it. The result will be awaited with interest by all engaged in the fisheries, both fishermen and owners.

What Makes a City Prosperous?

An exchange indulges in some good observations as to the methods that make a town or city prosperous or the things that make a city prosperous is the stability of its business men. Where each attempts to forward the interests of the other he adds to his income as well. In towns where each strives to knock the other down there will be but few prosperous men. So in any community, where neighbor is at war with neighbor there will be poor straw stacks at all places, but where all are at peace and good will reigns there is happiness and prosperity. Money never pays. But we find a great many persons who go to other towns to buy their goods and pay more for them than they could buy the same of their home merchants. Some buy on credit, and some buy when they get a little money and spend it with another merchant who don't trust them. Some will tell every stranger that comes to town that the business men are rascals and robbers. Some will construe every effort of enterprise as a scheme and boodle game. In fact there is nothing calculated to increase the interest of a town or county but has its opposition. Merchants have been known to carry customers when they would otherwise have suffered, that allow such debts to go unpaid and then spend the money with others and curse their creditors. It has been known for one merchant to carry two or three hundred in his pocket for a whole year, and then go to the bank and ask them to loan them twenty-five dollars for a few days to finish out a payment, and allow the bank to carry the balance on you, and then grumble and ten per cent. Such things should not be if we desire to see a flourishing town and induce people to locate here. We must be a unit and work and labor for each other's good.

If a stranger inquires of you concerning the condition of any future prospects of your town, speak a good word for every department that deserves it. If a merchant favors you when you are in a tight corner, as when you have the money. Those of you who have money to spend with your home merchants, if they don't have what you want, have them send and get it for you. They will get it cheaper than you can. If farmers have produce to sell they should bring it to the home market. Let business men work together and do each other all the good they can. If you have spare money to carry on the system, you want it and if you want a favor go to the banker for it. In union there is strength, but a house divided against itself cannot stand.

"Gath" writes: "The widow of secretary Manning, reputed in Albany to be the most lady-like and graceful representative of the women of that city, I recently saw at the Fifth Avenue hotel. Her step son is now mayor of Albany. She retains a genuine interest in Washington city, and considers it the most satisfactory place of abode, especially for the female portion of society, in the whole land."

Electric Bitters. This remedy is becoming so well known and so popular as to need no special mention. All who have used it will give it their warmest praise. A purer medicine does not exist and it is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the Liver and Kidneys, will remove Pimples, Boils, Salt Rheum and other affections caused by impure blood. Will drive out the system and prevent as well as cure Malarial fevers. For cure of Headache, Constipation and Indigestion try Electric Bitters. Entire satisfaction guaranteed, or money refunded.—Price 50 cts. and \$1.00 per bottle at J. W. Conn's.

Go to the San Francisco Gallery for the finest Photographs and Tintypes. Olney Street.

Dr. F. Graag has returned to the city and resumed practice at the corner of Fourth and Cass streets, up stairs, formerly the Salvation Army barracks.

Lost. Sunday evening, near the Postoffice, a child's red, knit shoulder cape. Finder to please leave at this office and be rewarded.

Board and Room Wanted. For woman and child in private family. References given. Address "M," this office.

Rooms and Board. A few rooms at Mrs. E. C. Holden's, with board; corner of Third and Main. Also a few table boarders can be accommodated.

Fine Table Wine. Delivered at 60 cents a gallon, to any part of the city. A fine line of pure white wine at low prices, at A. W. Utzinger's Cosmopolitan saloon.

How's Your Feet. See the Chiropractor about them. He will be in Astoria until and including Tuesday, June 10th, and positively no longer. Office over Allen's paint store.

Telemachus's House. Best Beds in town. Rooms per night 50 and 75 cts. per week \$1.50. New and clean. Private entrance.

All the Choice Delicacies, made by our first-class men at the Seaside Bakery.

Some of the finest strawberries to be found in the state or out of it, are from La Du's garden at Mount Coffin, and are sold by Thompson & Ross.

Scaly Skin Diseases

Psoriasis 5 years, covering face, head and entire body with white spots. Skin red, itchy and bleeding. Hair will grow. Spent hundreds of dollars. Pronounced incurable. Cured by Cuticura Remedies.

Cured by Cuticura

My disease (psoriasis) first broke out on my left cheek, spreading across my nose and almost covering my face. It ran into my eyes and the physician was afraid I would lose my eyesight altogether. It spread all over my head and my hair all fell out, until I was entirely bald-headed; it then broke out on my arms and shoulders until my arms were just one sore. It covered my entire body, my face, head and shoulders being the worst. The white scabs fell constantly from my shoulders and arms; the skin would crack and bleed if scratched, and would crack and bleed if scratched. After spending many hundreds of dollars I was pronounced incurable. I heard of the CUTICURA REMEDIES, and after using two bottles CUTICURA RESOLVENT I could see a change; and after I had taken four bottles I was almost cured; and when I had used six bottles of CUTICURA RESOLVENT and one box of CUTICURA, and one cake of CUTICURA SOAP, I was cured of the dreadful disease from which I had suffered for five years. I thought the disease would leave a very scar, but the CUTICURA REMEDIES cured it without any scars. I cannot express with a pen what I feel as good as ever and so is my eyesight. I know of others who have received great benefit from their use. Mrs. ROSA A. KELLY, Rockwell City, Iowa.

Cuticura Resolvent.

The new Blood and Skin purifier and surest and best of Humor Remedies, internally and CUTICURA, the great Skin Cure, and CUTICURA SOAP, the best Skin Beautifier, externally, have cured thousands of cases where the shedding of scales, measured a quarter daily, the skin cracked, chafed, burning, and itching almost beyond human endurance, and all sorts of humors, were terrible. What other remedies have made such cures?

Everywhere. Price, CUTICURA, 75c; SOAP, 25c; RESOLVENT, \$1. Prepared by the FORTY DRESS AND CHEMICAL CORPORATION, Boston, Mass.

Send for "How to Cure Skin Diseases," 64 pages, 50 illustrations and 100 testimonials. PIMPLES, black heads, red, rough, chapped skin, and only skin prevented by CUTICURA SOAP.

IT STOPS THE PAIN.

Back-ache, kidney pains, weakness, rheumatism, neuralgia and muscular pains relieved in one minute by the first and only instantaneous pain-killing plaster.

They are coming. They are coming from the deserts of the dim and dusty east, where to raise a stunted turnip gives the prospect of a feast, where the farms are made of gravel and they plow with dynamite, where the festive chatted mortals sing dirges day and night; they are coming in their wagons, they are coming on the train, they are coming from the regions where they struggled long in vain; they are coming from the cabin, they are coming to Oregon, where there's plenty for them all. They are coming from the southland, they are coming from the north; from the valleys and the mountains they are coming in droves and coming forth; they are coming with their wives, they are coming with their husbands, with their needs and their platters, and their pencils and their guns, they are coming with their fathers and their mothers and their sons. They are coming, stout and slender, they are coming short and tall, they are coming on to Oregon where there is plenty for them all, where you needn't dig potatoes with a spade, where a dirt where, when the rain is badly needed, the rain gets in its work; where the rivers moan and murmur on their journey to the sea, where the breezes tinkle corn-cobs as big as fennel on the lee. Where the savage used to wander, yearning for a crop of hair, now the farmer takes his porker to the nearest county fair; and the corn is gaily growing where the greasy yellow steam chow; where he turned the walling captive now the poultry search for food; and the people who are coming to this pleasantest of all climates, show a happy knack of keeping up with the times; they will find a country, bearing from the spring time to the fall, when they land in pleasant Oregon, where there's plenty for them all.

San Jones' Estimate of Infidels.

I'd rather be a low-down chain-gang negro than one of your little infidels. You won't be in hell two minutes before you'll be hopping around in the fire and yelling: "What a mistake I made!" I have some respect for Bob Ingersoll, because he got \$200 a night for his lecturing. But some of these little fellows are infidels for nothing, pay \$2 to hear Ingersoll and board themselves.

GET IN and GET UP

A First-Class Celebration

The new steel steamship City of Seattle, which was built for the Puget Sound and Alaska Steamship company, and which was launched on the 4th of last month at Neill's shipyard at Philadelphia, measures 275 feet in length, 40 feet beam and 17 feet in the hold. She registers 1,600 tons. There are three decks, the two upper ones being built of wood. She has a large freight capacity besides accommodations for 250 passengers. She will be fully completed August 1st, and will then start on her 17,000 mile voyage to Seattle.

Good Goods and low rates at the Seaside Bakery.
