CITY AND COUNTY OFFICIAL PAPER.

New Astoria is in demand.

Sunrise, 4:38; sunset, 7:24; long days.

Seal Rock beach is attracting attention.

This has been an unusually cool and cloudy June.

A telephone line is to be built from Tillamook to Holmerville.

There are several cases of typhoid fever in the city at present.

This is not the kind of weather that brings sojourners to the sea.

Wm. Olsen, of Tillamook, now has a branch store at Seaside, on the Nehalem.

Howell & Goodell direct attention to Kindred Park and other good property.

Rev. Mr. Hall has an offer from Redpath for one night of Will Carlton in Astoria for \$200.

At this date there is due at European ports from Astoria, 10,254 cents of wheat; from Tacoma, 31,841.

Mr. Fusselman is decorating the town in the interest of Dandelion Tonic and Oregon Kidney Tea.

Herman Wise has the contract for manufacturing the Finnish hand. The clothes will be made in Astoria.

T. B. Hamlin has laid out an addition to Garibaldi. Nobody has as yet laid out an addition to Hamlin.

South Bend parties have written to Judge Jewett for a copy of the city charter. South Bend is going to incorporate.

Ben Young bought \$8,000 of South Bend property last Saturday. There are five horses in South Bend and more coming.

On the Thompson yesterday morning came a fine team of bay horses, bought by Jno. Kopp for \$350 to use in his business.

Tom Fraker arrived from Portland yesterday, and is to put on the gloves with Con Rindman at the Athletic association in rooms to-night.

The view from Portland heights is a magnificent one, almost rivaling in some of its features the sight afforded from the hills to the southeast of our seaside city.

There was such an overabundance of moisture yesterday that part of the time it came down, not in drops, but in liberal streams. The farmers may be happy now.

The Portland Journal of Commerce has let go. It will be consolidated with the South Bend Enterprise, which will, hereafter, be known as the Journal.

Monday morning the Pioneer appeared for the last time as a morning daily, and last evening the first number of the Evening Pioneer made its appearance. It is a six column folio now.

Yesterday first papers were taken out by John A. Anderson, a native Swede, who has renounced all allegiance to the king of that distant land, as he has no more use for crowned heads.

One of the requirements of travel on the river is a through night boat between this city and Portland. The present system tends to shorten life, and is insufficient to the popular demand.

While in Portland last Monday, Jno. Kopp, the popular Astoria brewer, placed several orders there for a regular supply of Astoria beer. Portland saloon keepers recognizing its superiority.

Yesterday morning Howard Pinell, a painter, in the employ of Allen & Co., fell from a ladder near Thompson & Ross' store. No bones were broken, but the man was considerably shaken up and bruised, and will not be able to work for awhile.

Seidman are larger strawberries seen than those brought to this office yesterday by J. Matier, which were raised by him at Skipanon landing. There were two varieties, mammoth and seedlings, the latter from vines grown from seeds he planted five years ago. He now has over an acre in strawberries.

Astoria engine company number one, held a meeting with evening with a large attendance. A vote of thanks to chief engineer C. H. Stockton was passed, for his efforts in endeavoring to secure a pair of horses. A vote was passed unanimously, asking the city council to furnish a pair of horses for the steamer, as it is too slow and laborious work to draw the steamer to a fire by hand.

As five draughtsmen as there is in the state is Mr. J. E. Rhodes, the chief and gentlemanly clerk at the Oregon City land office. Amid the multifarious duties of his office, which he administers promptly and correctly, he has, in connection with other matters, the work of draughting maps, plans and locations, and the excellence of his work calls out deserved encomiums from those who have business with his department.

Plans for Sale

At factory prices. M. W. Burtt, agent from the factory of Hennes & Long, San Francisco, who is a practical piano maker and tuner, is now in the city prepared to do all kinds of repairing and tuning.

U. S. Restaurant for sale at reasonable price for cash. Good reason given for selling. A. W. Jones.

Some Fine Strawberries

To arrive this morning. Your last chance to get good berries at reasonable prices. Thompson & Ross.

CITY COUNCIL PROCEEDINGS.

The Usual Routine Work Transacted.

THE ROAD ORDINANCE PASSED.

Chairman Isaac Bergman called the council to order at 7:55 last evening; his, councilmen Fox, Welch, Wickham and Eiden being present. The usual routine work was transacted.

A petition from Alex. Johnson, asking for a liquor license, was granted.

A communication from Genevieve street property owners asking that the street be improved, was referred to the street committee.

A communication from W. W. Parker asking for a franchise for twenty years for the city to pay \$250 a month for fire purposes, etc., was received and filed.

A communication from Mayor M. C. Crosby, directing attention to the matter of water supply and saying that the proposition now before the council should receive the careful attention of its members, was received and filed.

An invitation from the Fourth of July committee to have the council participate was received and accepted, and the invitation to be duly acknowledged.

A communication from members of Resene Engineering Co., No. 2, asking the council to appoint E. H. Rose to the position made vacant by the resignation of Jas. W. Hare, was referred to the committee on fire and water at the next meeting.

A communication from Astoria Engine Co., No. 1, was read, stating that at a meeting of the company of that date it was unanimously decided that the council be asked to buy a team of horses for the use of the company. On motion the communication was referred to the committee on fire and water.

The committee to whom was referred the matter of construction of a sewer on Jackson street, from the water front to Second street, 600 feet, reported, saying that the bid of Worsley & Carruthers, for \$1,019, was the only bid received, and recommending that the bid be accepted.

After some discussion, the recommendation of the committee was complied with, and the contract was awarded to Worsley & Carruthers.

An ordinance, granting to Messrs. Henderson, Edvard and E. H. Blakeney the right to build and maintain a district telegraph system in the streets of Astoria for twenty years, was passed.

An ordinance regulating ordinance 1071 was read and passed.

An ordinance amending ordinance 1,150 was read first and second times.

An ordinance declaring the probable cost of building a sewer on Jackson street was read first and second times and referred to the city attorney to report at next meeting.

An ordinance authorizing the chief engineer and the committee on fire and water to buy a team for Astoria Engine Co., No. 1, was on motion referred to committee on fire and water.

An ordinance authorizing the Columbia Water Co. to build and maintain a complete telegraph system for supplying with water the city of Astoria was read first time and referred to committee on fire and water.

An ordinance declaring the probable cost of improving Jackson street was passed.

An ordinance to issue bonds to the amount of \$25,000 at 6 per cent, per annum to secure money to pay city indebtedness etc., was read third time and passed.

Following is the full text of the ROAD ORDINANCE.

An ordinance providing for the issuing of bonds for the purpose of securing outstanding indebtedness and to make needed improvements in the city of Astoria.

The city of Astoria does ordain as follows:

Section 1.—That in order to pay outstanding indebtedness and to make needed improvements in the city of Astoria, there be and is hereby authorized to be issued twenty-three bonds of the city of Astoria, of the sum of one thousand dollars each, bearing date June 1, 1920, payable in equal installments of \$400, on the 1st day of June, 1920, each of said bonds to bear interest at the rate of 6 per cent, per annum, payable semi-annually.

Section 2.—The bonds mentioned in the foregoing section shall be numbered and entered into the proper books in the office of the auditor and police judge, and shall contain a condition, pledging the faith of the city of Astoria to the full payment in United States gold coin, of the principal and interest hereof, at the times and in the manner provided in the ordinance of the city of Astoria, and shall be subject to the order of the auditor and police judge.

Section 3.—Said bonds shall be known as the 1920 issue, and shall be numbered and a proper memorandum of the issue, name of purchaser and when payable shall be entered in a proper book record in the office of the auditor and police judge.

Section 4.—N. W. Harris & Co., of Chicago, Illinois, is hereby appointed the financial agent of the city of Astoria for the redemption of the bonds issued by authority of this ordinance shall be placed by said N. W. Harris & Co., to the credit of the city of Astoria, and said N. W. Harris & Co., shall account to the city of Astoria by returning the coupons and bonds when paid by the city of Astoria, the sum of \$24,000, upon delivery of said bonds to them in the city of Chicago, Illinois.

The following claims were ordered paid: C. Heilborn, \$135.40; G. Stone, \$20.17; Thos. Astor, \$38.49. The bill of \$25 of Dr. Estes was referred to the health officer. Adjourned.

Go to the San Francisco Gallery for the finest Photographs and Tintypes. Olney Street.

Meals Cooked to Order.

Private rooms for ladies and families; at Central Restaurant, next to Ford & Stokes.

Thompson & Ross are handling the product of some of the Choicest Dairies, and can supply you with a No. 1 article of Butter or Cheese.

The Columbia Bakery is the nearest shop in the city.

Remember the Austin house at the Seaside is open the year round.

Drink Knickerbocker bottled beer.

BRANCH POSTOFFICE.

A Very Curious System of Mail Delivery.

BOUGHT THE LOT FOR A DOLLAR

Yesterday afternoon a representative of THE ASTORIAN saw in the possession of a Chinaman on Main street, between Second and Third, several hundred pounds of circulars, postal cards, papers, magazines and other mail matter. The Chinaman stated that he had bought at the Astoria postoffice a large amount of this, of which the present pile was about half and had paid a dollar for the whole lot.

On examination of the pile, it was found to contain a great many packages which had arrived from other places, duly stamped and plainly addressed to well known parties here, who have long been residents of this city, some of whom have boxes at the postoffice.

From many of the wrappers, and many of the papers which had probably arrived in bundles, and not in separate wrappers, the name to whom addressed had been torn off, evidently to prevent recognition or identification in the matter.

United States deputy marshal J. J. Barry was informed, and after a personal investigation, he made a report to his superior, and awaits instructions before taking any further action in the matter.

While there might be a good reason for the retiring postmaster to turn over to his successor the office in a good condition, neat and unencumbered with a large amount of dead mail matter, there certainly is no reason for deliberately throwing away or disposing of mail matter plainly addressed to well known citizens of Astoria who have lived here for years.

Uncle Sam is very strict with regard to the handling of mails, and papers, magazines and other printed matter is frequently of more importance to the persons to whom addressed than even letters would be.

Publishers are paid for papers and when they send them promptly and subscribers fail to receive them, it often causes unpleasant feelings on both sides. Perhaps the cost of many papers passing through this office, failing to reach their destination may now be readily understood, if this pile is not the first lot thus disposed of, in a similar manner.

Mail matter unattended, or which had been kept for years in the office, and was addressed to parties, might possibly be destroyed, but in this lot were papers not a month old, and as before stated, a large number of packages addressed to well known citizens who daily receive mail.

Considered in the mildest light possible, it certainly is a bold proceeding, and it is difficult to see how the inspectors and higher officials of Wamamaker's department.

PERSONAL MENTION.

George Hibbert, of the Town Talk, returned yesterday morning from a business trip to Portland.

J. W. Lucas, an eastern capitalist, came down on yesterday's boat to look at Astoria's advantages.

Chief Barry, John Fox, Vin Cook, P. Grant and Miss Jennie Ann returned from Portland yesterday morning.

Mr. Marsh is in the city in the interests of the Astoria directory, a work which will be of local interest and value.

F. A. Carpenter arrived yesterday morning from Portland, and will be stationed at the signal service office at Fort Canby.

J. C. Ross, formerly county coroner, but for the last two years a resident of Alameda, Cal., is going into business in Salt Lake City, Utah.

Wm. Hood, chief engineer of the Southern Railway Co., is in the city, Portland, working on Huntington's Astoria railroad surveys.

Monroe Newport, of this city, was one of the graduating class last week, at the Willamette university, at Salem. He has entered a printing office in the city, and expects to remain there.

Orin Stanford arrived on the steamer last evening, having just completed his second year at the Willamette university, at Salem. He goes over to Skipanon this morning, to visit his parents, expecting to return Sept. 2, to commence his third year at the university.

A DOCTOR'S REBURE.

Temporarily More Miserable than is Generally Suspected.

Dr. King, the eminent medical writer, in a learned dissertation on our national complaint, says:

"The great quantity of cathartic pills, etc., which are taken by the people of this country are productive of indigestion and constipation, and are generally suspected. True, the pills are intended to relieve the bowels, but the result is to diminish the tone of the intestines; so that, instead of removing contents, it merely fills the bowels with a more torpid condition."

Dr. King's Vegetable Sarsaparilla was designed to fill just such a vacancy as the doctor's arrangement anticipates, viz: instead of being a powerful mineral purgative, it is a mild vegetable laxative, that, owing to its solvent and gentle stimulating properties, is a reliable relief in constipation, and has been given to hundreds, not to be paid for unless it was of positive benefit. It replaces constipation almost immediately with a natural easy habit, and is so mild that, unlike drastic purgatives, it can be taken indefinitely with perfect safety.

Senator Dolph has introduced a bill appropriating \$100,000 for surveys of public lands in Oregon, which provides for increasing the township rates now paid and authorizes the commissioner of the general land office to increase rates through heavily timbered lands, the object being to secure the survey of timbered land. The senator expects to make this a part of the sundry civil bill.

Dyspepsia, indigestion, sick headache and that tired feeling are cured by Hood's Sarsaparilla, which tones the stomach, promotes healthy digestion, creates an appetite, cures sick headache and builds up the whole system. Sold by all druggists. 100 Doses One Dollar.

The Steamer Reliance.

Will make regular trips to Knappton and Swensen's Landing, on Saturdays, leaving Knappton at 7:30 A. M. and leaving Swensen's at 10:30 A. M. For freight or passage apply to the captain, on board.

The latest style of Gent's Boots and Shoes at P. J. Goodman's.

Pointed and Vegetables, Strawberries and other berries, Cherries, Currants and all reasonable fruits at Thompson & Ross.

Houses For Rent.

Apply at the Pacific Real Estate Co.

THE FOURTH OF JULY.

The Celebration Must Not Be Abandoned.

A MEETING FOR THIS EVENING.

The celebration of the ensuing anniversary of national independence should not be allowed to fall through. Sufficient has been secured and can be collected to pay all needed demands, and it is poor policy, in any point of view, to let the matter drop.

This Astorian thinks that Astoria should have a Fourth of July celebration, and doesn't want to see the project fail. We can't afford it as a city. It is a duty we owe to ourselves and our children that the Nation's birthday be duly honored.

If we can't have a two thousand dollar celebration, let us have a one thousand dollar one. We can let the decoration of the streets go, let some of the fire works go, too, if necessary, but let us have a procession, oration, music, houses decorated, etc.

It is plenty of time if action is taken immediately. Do not let the matter go by default. It only comes once a year, and when it does come, it should be celebrated. We don't deserve freedom if we are not patriotic enough to observe Freedom's birthday.

C. J. Curtis, of the soliciting committee, collected \$288 more yesterday. This makes \$559.50 now on hand. With a thousand dollars we can have a very creditable celebration.

There is not much time left, and all action must be prompt.

Attend the meeting to-night, and aid with your voice and presence.

4th of July Celebration.

There will be a meeting of the 4th of July Committee this Wednesday evening at the council chamber, for the purpose of completing arrangements for the celebration. All members of the various committees, and all citizens interested in celebrating the 4th of July in Astoria are earnestly requested to be present.

By order of Committee.

C. J. Curtis, Secretary. C. H. Swenson, President.

THE POINT ADAMS STATION.

It Will Soon Have the Crew Placed.

The new life-saving station recently built at the south entrance to the Columbia river will be manned with a crew of eight surfmen, under command of Capt. McLean, on the 1st of next month.

This is a valuable adjunct to the important matter of life saving service on this northwest coast.

When the station at Loomis's is manned, the entrance to the Columbia river and adjacent waters will be guarded by four first-class stations of this service, viz: Cape Hancock, Point Adams, Loomis and Shoal-water bay stations.

This condition of communication is largely due to the efforts of Major T. J. Blakeney, the efficient superintendent of the life saving service on this coast.

MARINE NEWS AND NOTES.

The steamer Fisher brought up from Sand Island yesterday over 1,000 large sized salmon for J. O. Hanthorn & Co.'s cannery.

The steam schooner Signal, Capt. M. Bendegard, arrived from Puget sound yesterday morning, and went on up the river to Portland.

The steam schooner George H. Chance returned yesterday afternoon from a trip to Cape Flattery, having been gone only a little over a week. He landed yesterday morning a halibut, having had a very successful catch. She went up to Portland last night.

Albany & Astoria R. R. Survey.

The engineers on the Albany & Astoria railroad surveys have ordered their mail directed to Union Peak P. O., at which place they expect to arrive in a short time. When last heard from they were running their line down the Nekanicum, and so far had found a comparatively easy route with very easy grades. They expect to connect the two ends of the survey at Tillamook in about three weeks.

Tillamook Headlight, 13.

The island in front of Kalama, known as Holt's island—upon which it is said H. H. Holt has exhausted his homestead—has entirely disappeared from view, having been unable to withstand the floods. Nine years ago there was a house and several large trees on the island, which has been swept down and out to sea by the run of the waters of the mighty Columbia. Mr. Holt's homestead is no more and he should call upon the government to know its whereabouts.

Total to date.....\$1,441,404

An old woman entered a savings bank in Albany a few days ago, and taking a number of gold and silver coins from her reticule, said she wanted to deposit them. She further remarked: "I want you to keep this money so that I can get the identical pieces whenever I care to. I have the date of each coin here," and she displayed a paper on which was a list of the dates. On being informed that it was impossible, she replied: "Well, all right. If I can't get the same coins back again I won't deposit 'em," and she went out.

Scaly Skin Diseases

Parasitic 5 years, covering face, head and entire body with white scales. Skin red, itchy and bleeding. Hair all gone. Spent hundreds of dollars. Pronounced incurable. Cured by Cuticura Remedies

Cured by Cuticura

My disease (psoriasis) first broke out on my left chest, spreading across my nose and almost covering my face. It ran into my eyes and the physician was afraid I would lose my eyesight altogether. It spread all over my head and my hair all fell out, until I was entirely bald-headed; it then broke out on my arms and shoulders until my arms were just one sore. It covered my entire body, my face, head and shoulders being worst. The white scales fell constantly from my head, shoulders and arms; the skin beneath was cracked, bleeding, itching, and would crack and bleed if scratched. After spending many hundreds of dollars I was pronounced incurable. I heard of the CUTICURA REMEDIES, and after using two bottles CUTICURA RESOLVENT I could see a change; and after I had taken four bottles I was almost cured; and when I had used six bottles of CUTICURA RESOLVENT and one box of CUTICURA, and one case of CUTICURA SOAP, I was cured of my dreadful disease from which I had suffered for five years. I thought the disease would leave a very deep scar, but the CUTICURA REMEDIES cured it without any scars. I cannot express with a pen what I suffered before using the CUTICURA REMEDIES. They saved my life, and I feel it my duty to recommend them. My hair is restored as good as ever and so is my eyesight. I know of others who have received great benefit from their use. ROSA KELLY, Rockwell City, Iowa.

Cuticura Resolvent.

The new Blood and Skin purifier and purest and best of Humors Remedies, internally and CUTICURA, the great Skin Cure, and CUTICURA SOAP, an exquisite Skin Beautifier, externally, have cured thousands of cases where the shedding of scales measured a wheel daily, the skin cracked, bleeding, burning, and itching almost beyond human endurance, hair falling or all gone, suffering terrible. What other remedies have made such cures?

Sold everywhere. Price, CUTICURA, 50c; RESOLVENT, 50c. Prepared by the POTTER DRUG AND CHEMICAL CORPORATION, Boston.

Send for "How to Cure Skin Diseases," 61 pages, 50 illustrations and 100 testimonials.

PINPLES, black heads, red, rough, chapped skin, and oily skin prevented by CUTICURA SOAP.

IT STOPS THE PAIN.

Back-ache, kidney pains, weak-knees, rheumatism and muscular pains relieved in one minute by the CUTICURA REMEDIES. The first and only instantaneous pain-killing plaster.
