Who Hasn't Been There?
A little State street boy of four years has for some time past had a habit of waking about midnight and calling for a drink of water. At last his mother told him the other evening as he was put to bed, that she would not get up any more to wait upon him; that she would put a pitcher of water and a glass on the stand near the bed, and that if he wanted water in the night, he must get up and get it himself. She placed the water on the stand in his sight, and left him. That night at the usual time she heard the boy's call:
"I want a drink o' water! I want a drink o' water!"
But she said no attention. He called two or three times and after he had whimpered a bit, she heard him get up and thump along the floor to the stand. And then through the darkness came this ejaculation:
"I hope I thill every jam jip!"

DYSPEPSIA.
It is that misery experienced when we suddenly become aware that we possess a diabolical arrangement called a stomach. The stomach is the reservoir from which every fibre and tissue must be nourished, and any trouble with it is soon felt throughout the whole system. Among a dozen dyspepsias no two will have the same predominant symptoms. Dyspeptic patients are subject to Sick Headaches; those who are bilious and phlegmatic have Constipation, while the thin and nervous are abandoned to gloomy forebodings. Some dyspepsias are wonderfully fertile; others have great irritability of temper. Whatever form dyspepsia may take, one thing is certain,
The underlying cause is in the LIVER,
and one thing more is equally certain, no one will remain a dyspeptic who will

It will correct Acidity of the Stomach, Expel foul gases, Alleviate Irritation, Assist Digestion, and, at the same time
Start the Liver to working, when all other remedies have failed.

"My wife was a confirmed dyspeptic. Some three years ago the advice of Dr. Steiner, of Augusta, Ga., was given to try Simmons' Liver Regulator. I feel grateful for the relief it has given her, and may all who read this and are afflicted in any way, whether chronic or otherwise, use Simmons' Liver Regulator and I feel confident her health will return to all who will be advised."
