### WASHINGTON NEWS.

#### The Idaho Bill Commands Considerable Interest

BUT IT IS OFTEN LAID ASIDE.

Special to THE ASTORIAN.] WASHINGTON, June 30.—It is certain that the republicans will vote against the national election bill, and capital gossips have it that several other members of the majority party, will also oppose it either by vote or by absenting themselves when the vote is taken. The members who will surely vote against the bill are Ewart, of North Carolina, Coleman, of Louisiana, and Lehigh of New Jersey.

It is said that seven other Republicans, three from the south, one from New England and three from the west will vote "no." It is known that some of these are opposed to the bill, but whether or not they will sacrifice the party interest and vote against the measure is doubtful. Less than ten breaks among the Republicans in the house would defeat the bill.

The election bill at the night session was opposed in speeches by Clark (Ark.), Moore (Tex.), Hare (Tex.), Frank, Republican (Mich.), McKee (Iowa), O'Neill (Ind.), Buchanan (Va.), Lester (Ga.), Brooks, Pierce (Ind.), Peck (Ark.) and Shively (Ind.), and supported by Messrs. Allen (Mich.), Ramey (N. Va.) and Goodman (Ohio). At 11:35 P. M. the house adjourned.

#### PATENTS WILL BE ISSUED.

No Good Reason for Withholding Special to THE ASTORIAN.] WASHINGTON, June 30.—The speaker laid before the house to-day a letter from the secretary of the treasury transmitting a letter from the commissioner of pensions requesting an appropriation of \$33,000 for additional clerical force which he says will be necessary for the prompt execution of the dependent pension bill. Secretary Noble has sent a reply to the senate resolution calling on him to report the amount of the bill. He has not become law, was reported and passed.

#### THE ELEVENTH CENSUS.

Opinion Concerning Its Completion Special to THE ASTORIAN.] WASHINGTON, June 30.—To-day the report for taking the census due, Porter says that information received from all portions of the country, indicate that the work has been going along and that there has been no serious hitch. Of course all returns are not in. In some partly settled sections, it takes several days traveling to get one name. There are cases where enumerators have been delayed by sickness and other causes, and they will be allowed an extension of time. Mr. Parker estimates that of 60,000 enumeration districts, into which the country is divided, 50 per cent. have been completed. Returns are not all in, even of cities and towns where the census taking was practically ended on the 18th of June, but they are returned by the supervisors, so as to make all necessary changes, and when fully completed are sent to the census office, where a rough count is in progress.

#### Bought Three Resides—Lots.

An eastern man was boasting to a friend in Tacoma lately of the "snag" he had secured in a new paper town in the coast region. "Why," he said, "I bought the land for \$100,000, but I have lots for \$500 apiece." The friend pulled up his cigar for a few minutes and made a mental calculation. "That land," he replied, "was bought only sixty days ago for \$50 an acre, and now you are buying a few feet of it at the rate of \$5,700 per acre. All that has happened to give that particular neck of woods an increased value is that the newspapers are saying that a railroad is going to be built there. At present you say there is nothing but a sawmill and a few houses on your town-site. How do you know that the railroad will ever be built and if it is built how do you know that it will make a town at that particular place?" "E. V. S. in *Traveler's Magazine*."

#### Such Talk But Little Action.

Special to THE ASTORIAN.] WASHINGTON, June 30.—The house to-day passed a resolution, providing temporarily, until appointed bills are passed, for the necessary expenses of the government. The entire session was taken up discussing the national election bill, and no action was reached. An evening session is being held.

#### Good for Milwaukee.

Special to THE ASTORIAN.] WASHINGTON, June 30.—Sponcer introduced into the senate to-day, an amendment to the sanitary civil appropriation bill, increasing the appropriation for the erection of a public building at Milwaukee, Wis., to \$800,000. This is an increase of \$400,000.

### THE IDAHO BILL.

#### Taken Up and Laid Aside, Again and Again.

Special to THE ASTORIAN.] WASHINGTON, June 30.—In the senate to-day Ewart gave notice that on account of the absence of Voorhees, the commemoration of Samuel Sullivan Cox of New York had been again postponed until Tuesday of next week.

The senate passed the house bill in relation to oaths in pension and other cases and then took up the house bill for the admission of Idaho. After the bill had been read, Morrill gave notice that he would at the earliest possible moment, move to take up the tariff bill.

Platt said that much as he believed in the tariff bill, and anxious as he was to have it passed, he could not consent to allow it to interfere with the Idaho bill. Mr. Gorham asked when the tariff bill would be likely to come up. Morrill said that it was his purpose to interfere with the appropriation bill, and that he would report it as early as possible, but that the Idaho bill would likely consume most of the week, and it was doubtful if the tariff bill could be called up this week.

The Idaho bill was laid aside, and the agricultural appropriation bill taken up. The principal committee amendment being to strike out the appropriation of \$25,000 for an experimental farm and garden at Arlington, and this was agreed to. Amendment appropriating \$50,000 for investigating the habits of insects, and remedy for the cotton boll worm, were adopted. A further conference was ordered on the legislative appropriation bill.

The consideration of the Idaho bill was resumed, and Mr. Cullom addressed the senate in its support, after which the Idaho bill was laid aside, and Jones (Arkansas), from the committee on territories, reported a bill to authorize the board of supervisors of Maricopa county, Arizona, to issue bonds in aid of a railroad. This bill is similar to that recently vetoed by the president. The bill was placed on the calendar.

The house joint resolution continuing the annual appropriations for thirty days after the close of the fiscal year, if the appropriation bills have not then become law, was reported and passed.

#### THE IDAHO BILL.

Special to THE ASTORIAN.] WASHINGTON, June 30.—The trustees of the sugar trust held their annual meeting to-day and issued a statement to holders of certificates, reviewing the reasons for the formation of the trust and its legal status thereof. The statement goes into a lengthy review of the recent decisions of various suits, with regard to the North River Co., and declares that the main contention in the suits brought against the company, was that the arrangement by which it was taken into the trust, constituted a monopoly. The court of appeal, the document states, so decided, but refused to approve or disapprove the decision of the superior court that the arrangement violated the law governing monopolies.

The trustees are now considering the changes required, according to the appeals decision, by which the objection to the union of sugar refineries can be overcome. Theodore A. Havemeyer, Charles O. Foster and John E. Seearles, Jr., were elected trustees to succeed Charles H. Senif, Wm. Dick and Charles O. Foster, whose term of office had expired.

#### EXTENSIVE FIRE.

Special to THE ASTORIAN.] LOUISVILLE, June 30.—For three hours this morning a fierce fire raged at the refinery of the Standard Oil Co. in North Louisville, and destroyed the plant, including several tanks filled with oil. By the explosion of tanks, seven persons were injured. The injuries of John McDonald and Daniel O'Neil are considered fatal. The loss is \$50,000.

#### A COAT PARTY.

Special to THE ASTORIAN.] ALEXANDRIA, N. Y., June 30.—A drowning occurred opposite Brookville last evening. Wm. Castleman, Annie McMahon, John Mayer and Annie Graham were out in a boat, when young Castleman fell and began rocking the boat, which suddenly went from under the whole party, throwing them into the river. Mayer and Miss Graham were picked up, but Castleman and Miss McMahon were drowned. The water there is 110 feet deep, and it is not likely that the bodies will be recovered soon.

#### DESTRUCTIVE FIRE.

Special to THE ASTORIAN.] BARDER, ILL. & Co., Are Heavy Losers. MENNEPOLES, June 30.—At half past four this morning, a fire was discovered in the rear of Geo. Huhn's drug store, on Nicollet avenue. It was two hours before the flames were extinguished. Marler, Luse & Co., type foundry, who occupied the upper stories, are the greatest losers. Their loss will exceed \$50,000. Geo. Huhn's stock of drugs is almost a total loss, and the building is greatly damaged. He estimated his loss at \$20,000, partly covered by insurance.

#### Not Quite So Oppressive.

Special to THE ASTORIAN.] ST. LOUIS, Mo., June 30.—The mercury at noon registered 90°, against 97° at the same hour yesterday. But few cases of sun stroke and fatalities have been reported to-day.

#### CONTRACT LABORERS.

Ten Italians Held for Violating The Law. Special to THE ASTORIAN.] NEW YORK, June 30.—Ten Italians are held at the Barge office, on the charge of being contract laborers. They came here from San Pedro, Italy, under charge of Angelo Jambrovi, a Padron, while in Italy Jambrovi received letters from parties in Buffalo, N. Y., asking him to hire some men and bring them here. The pay promised was \$150 per day. He accordingly recruited the gang now detained, and paid their passage. He refuses to disclose the names of the Buffalo parties. The whole lot will probably be sent back to Italy.

#### The Heat Is Less Oppressive.

Special to THE ASTORIAN.] MILWAUKEE, June 30.—The thermometer at noon was 88°, with a cool breeze from the northwest. Up to that hour but one death had been reported from the heat.

#### Destroyed by Fire.

Special to THE ASTORIAN.] MONTGOMERY, Ala., June 30.—A number of business houses at Troy were burned to-day, including the Western Union office, the Messenger newspaper office and house. Full particulars have not yet reached here.

### TRUSTEES OF THE SUGAR TRUST

#### Seek to Make Their Organization Legal in Its Nature.

Special to THE ASTORIAN.] NEW YORK, June 30.—The trustees of the sugar trust held their annual meeting to-day and issued a statement to holders of certificates, reviewing the reasons for the formation of the trust and its legal status thereof. ### ARREST OF A MURDERER

#### For a Crime Committed in Italy Last Winter.

Special to THE ASTORIAN.] DUNBAR, Penn., June 30.—On a new course to-day, the rescuing party dug through about twenty-five or thirty feet of solid coal, and about midnight struck an entry to the Farm Hill mine where the air is good and pure. It will be several hours before the rescuing party can dig away the coal, so that the search for the entombed men can progress. The utmost secrecy is maintained, for fear the relatives of the imprisoned might learn the news, and insist on going in the pit. The fate of the men may not be known till to-morrow.

#### A COSTLY BLAZE.

Special to THE ASTORIAN.] LOUISVILLE, Ky., June 30.—The immense plant of the Allen Bradley Distillery Co., at Santhal and Thorn streets, was completely destroyed by fire this morning, entailing a loss of \$150,000.

#### A NEW RAILROAD.

Special to THE ASTORIAN.] PORT TOWNSEND, June 30.—The first twenty miles of the Port Townsend & Southern railroad were completed this afternoon at 4 o'clock, it being just ninety days since the contractors commenced work.

The revenue cutters *Richard Rush* and *Corwin* are lying in the harbor awaiting orders.

#### TREASURES OF THE SEA.

Fabulous Wealth Sunk to the Bottom of the Ocean in Shipwrecks.

There were heaps of gold carried in galleons and like packets years ago. In 1769, says the *Baltimore News*, a ship of war from Rio to Lisbon had on board 2,000,000 cruises, exclusive of merchandise valued roundly at 25,000,000 cruises. Such examples could be multiplied. Of the cargo of an English Indian in 1771 one item alone—a diamond in the rough—was valued at £100,000.

As a costly shipwreck *La Lintia* deserves notice. She was of 32 guns, commanded by Capt. Skynner, and went ashore on the bank of the Fly Island passage the night of October 9, 1829. At first she was reported to have had \$900,000 sterling in specie on board. This was afterward contradicted by a statement that the whole amounted to about £100,000 sterling.

To more modern times the costliness of ship wreck is to be found in the destruction of the fabric and its cargo rather than in the treasure on board.

The *Royal Charter* is the most notable modern instance of the wreck of a "treasure" ship. It left Australia with \$350,000 in it. Of this sum, says Charles Dickens in his chapter on this dreadful shipwreck in the "Uncommercial Traveller," £300,000 worth was recovered at the time of the novelist's visit to the spot where it had been driven ashore.

#### Singular and Fatal Accident.

Special to THE ASTORIAN.] NEW YORK, June 30.—Melvin Reagenburg, aged 15, of Sixth street and Lexington avenue, lost his life to-day through his carelessness in handling a can of powder he was firing. He was holding the can on his shoulder in one hand, and a fuse in the other. As he touched the fuse, the powder in the can also exploded. Young Reagenburg's eyes were blown out and his face was mangled. He also suffered internal injuries, and died soon afterwards.

#### The Fight Will Not Take Place.

Special to THE ASTORIAN.] NEW YORK, June 30.—Jimmy Larkin, the 122-pound champion of Jersey City, who was matched to fight Billy Murphy, of Australia, at the California Athletic club on July 28th, has received a telegram from president Fulda of that club to-day, stating that Murphy has sailed for Australia, without giving any notice of his intentions, and the fight therefore is off.

#### Stevadores Strike for More Pay.

Special to THE ASTORIAN.] CHICAGO, June 30.—The Stevedores' strike on the Lehigh Valley steamer-ship line of last week, was followed this morning by a general strike on all the other lines. It is estimated that at least 500 men are out to-day, demanding an advance of wages from 20 to 25 cents an hour.

#### Steamer Arrivals at Boston.

Special to THE ASTORIAN.] BOSTON, June 30.—Steamers arrived—*Catalonia*, from Liverpool; *Borderer*, from London.

#### Steamer Arrivals at New York.

Special to THE ASTORIAN.] NEW YORK, June 30.—Arrived—*Steamers* *Duston*, Liverpool; *Burgermeister* Peterson, from Hamburg.

NEW YORK, June 30.—Arrived *Elder*, from Bremen.

### THE ENTOMBED MINERS.

#### The Farm Hill Mine has Been Reached.

Special to THE ASTORIAN.] DUNBAR, Penn., June 30.—On a new course to-day, the rescuing party dug through about twenty-five or thirty feet of solid coal, and about midnight struck an entry to the Farm Hill mine where the air is good and pure. ### A CARNIVAL IN CANADA

#### Brilliant Display, Great Festivities in the City of Toronto.

Special to THE ASTORIAN.] TORONTO, Ont., June 30.—Days' carnival was inaugurated to-night, by a promenade of the asphalted portion of Jarvis the principal residence street. The promenade was long, and no vehicle was allowed. A dozen bands supplied music and the promenade brilliantly illuminated, from end, with Chinese lanterns, electric lights, and the residence profusely decorated. Various passed the evening promenade listening to the music. The carnival is profusely decorated already filled with strange tomorrow is society day.

#### THEIR ROOM BETTER THAN COMPANY.

Special to THE ASTORIAN.] HALIFAX, N. S., June 30.—supreme court to-day an appeal was filed for an order against a man of premier Fielding Power, and Wm. Roome, Jr. P. ground of bribery and conspiracy, citing their personal disqualification.

"Moonlight" by daylight.

Yesterday forenoon the *Moonlight* arrived from San Francisco, which port she left on the 28th. She is a small craft, about the size of the *Stromi*, or a trifle larger, propelled by gasoline instead of coal. She did not come to the dock, passed up the river for Portland.

#### "Catching" the Settlers.

Complaint is made by many trappers coming in that in shipping hold goods they are required to pay freight to the railroads or to rate about four times as high as charged. A man who was charged, says: "There is no country in the United States that will pay railway in making a man perform service before it is performed, will permit a company to charge service because it was not performed, the public don't know things; and even if a shipper complains, he would sometime see how he was sorry for doing it."

#### The Gall of the Tramp.

The average tramp cannot be done for a display genuine net few miles out of the city the car train to the lakes passed a great number of individuals windows in knights of their "tramps" they are at the because they hadn't any money. The tramps responded to the inquiry quickly reaching up and waving half a dozen first class notes from their hands as the train passed, and waving them aloft merrily yarty turned the bend.—6
