R. B. Power & Co., Astoria, Oregon.

WEATHER BUREAU REPORT.

Week Ending Saturday, June 28th, for Oregon.
The cool, cloudy and showery weather of the previous week continued up to today, it is now clear and very warm. The weather that has prevailed has been worth untold wealth to the producers of Oregon, and from every section comes the most flattering and encouraging reports. The rains were especially copious in the Willamette valley and along the coast, where from 1 to 2 inches fell. In southern Oregon over 1 inch fell at Roseburg but decreased southward to Jackson county where less than one-half inch fell. In eastern Oregon more than the average June rain-fall has fallen varying from 1 to 2 inches. The rains were most opportune and have given new life to all growing vegetation.
