DEAR SIRS: I send \$5, for which please return a half dozen of your vegetable sarsaparilla. I have moved here from Sierra City, Cal. I took three bottles before leaving, hence I send all the way back to California for more. It was just before I left Sierra City, about a year ago, that I began to feel very miserable. My skin was very yellow, and I was all pains and aches, especially under my shoulders and in my head. The doctor said it was my liver, and gave me some medicine which relieved ms somewhat. One of my neighbors happened in and told me she had started to take Joy's Vegetable Sarsaparilla, and advised me to try it. I did, and with such good effect that I now feel like a new being. I have persuaded one of my neighbors here to take it, so part of this is for her and part for myself.

The spring salmon in the river still continue to hold out well, the boats bringing in any where from fifteen to thirty apiece. Very few shipments to the cast are, however, being made, as there has been a drop in the market, but the fish are being sold to the can-neries, many of which are already being worked, but on a much smaller scale than usual. Among the salmon

which are of a beautiful variety, the are many white ones, supposed for many years to be unfit for table use but now this superstition, which had its origin among the Indians, is being gradually done away with, frequent trials of it having proved that the white is as good as the red spring salmon.—New Westminster Truth.
