ELSEWHERE appears the official report of the county clerk, treasurer and sheriff for the year ending July 1st, 1890. It shows that during the year the receipts of the county from all sources, was \$78,672.18, and that during the year the county paid out \$89,850.09. Of this \$89,850.09 that the county paid out during the year \$24,607.97 was paid the state treasurer; \$43,864.80 were paid in county warrants, and the remainder, \$21,377.32, were paid in school warrants.

THE silly statement is made by those with whom the wish is father to the thought, that president Harrison is withholding publication of Blaine's letter to Salisbury, the British prime minister, on the Behring sea question, for fear its sturdy Americanism would increase Blaine's popularity. Even the New York World, which starts the ridiculous story, ought to know better than that. Sedulous efforts at promoting jealousy have no effect upon the harmony of Harrison's cabinet nor upon the solidity and good sense of his administration.

COOPERATION has not been successful in Berlin. Thirty-five cooperative societies have been organized there for manufacturing purposes since 1868. Thirty of them wound up their affairs after an average existence of six years each. Five still exist. The various reasons for discontinuing business were lack of funds, differences of opinion between members and dwindling away of membership.

THE state of Washington has as large a population as the state of Oregon. This illustrates two facts: The state of Oregon is 3 1/2 years old; the state of Washington is not one year old. This illustrates two facts. 1st. That increased facilities for immigration and increased knowledge favor immigration. 2nd. That fossil legislation and silly restriction discourage immigration.

THE story is again telegraphed that Spain would be willing to sell Cuba to the United States for \$200,000,000. Very likely, but Uncle Sam would be very foolish to pay any such sum for "the ever faithful isle." Cuba is inhabited by a class of citizens that we can best get along without. They don't understand our institutions.
