AT THE NATIONAL CAPITOL.

Reports of the Galveston Harbor Improvement Asked For.

AMERICAN OFFICIALS INTERFERED.

WASHINGTON, Aug. 1.—In the house today, on motion of Taylor of Illinois, a resolution was adopted calling on the secretary of war for copies of the report of the engineers in charge of the work of improvement in Galveston harbor. The house then resumed the consideration of the senate amendments to the sundry civil appropriation bill. Wheeler, of Alabama, introduced a resolution to set aside Monday next for consideration of the Farmers' Alliance grain sub-treasury bill. The bill to be considered from day to day until disposed of.

PROFOUND SILENCE.

Minister Mizer Cannot be Heard From.

WASHINGTON, Aug. 1.—There is still a dearth of Central American news at the state department. Minister Mizer keeps up an impenetrable silence which the state department officials hope will be broken at an early day. It is now almost beyond question, that the Guatemalan authorities are stopping all dispatches into and out of the country, except their communications to their minister at Mexico, and his answers thereto. This condition of affairs is unbearable and will not be tolerated much longer by our government.

Minister Ryan at Mexico has been instructed to protest against its continuation, and he has doubtless long since made his remonstrances on the subject, to the Guatemalan minister at that capital, senior Diezner, who is now in constant communication with his government.

Payment Transferred.

WASHINGTON, Aug. 1.—Pay inspector George A. Lyon, U. S. N., has been ordered in charge of the pay office at San Francisco on September 10th next.

A Portland Protest.

WASHINGTON, Aug. 1.—Senator Mitchell today presented formal single tax league, of Portland, Oregon, remonstrances against the McKinley tariff bill.

An Embezzler Caught.

ALBUQUERQUE, N. M., Aug. 1.—E. C. Fry, alias E. C. Flynn, alias Elmer Gallagher, an embezzler from Fruchers, Colo., on the Denver, Texas & Ft. Worth road, was arrested last night. He was station agent and also agent for the Pacific Express Co., and it is supposed that his embezzlement will amount to several thousand dollars. He was arrested on receipt of a telegram from the superintendent of the express company at Denver. Letters found on his person, would indicate that he is also an embezzler from some other place besides Fruchers, Colo. He will be taken to Denver in charge of an officer, to-night.

Brewers Will Contest the Law.

CHICAGO, Aug. 1.—Under a recent decision of the supreme court of the United States, the big brewers of Chicago, St. Louis, and Milwaukee have combined to file in the U. S. court, as applied to them, and which compels them to pay tax in the city where their beer is made and where it is sold. They will make a test case to settle the question.

Not Much of a Strike.

CHICAGO, Aug. 1.—It seems now that the statement in an afternoon paper yesterday, that there would be a general strike of the sailors here to-day, was without foundation in fact, though there was some dissatisfaction over the refusal of vessel owners to recognize the union. Vessels are going out as usual.

Shoddy Will Burned.

PROVIDENCE, R. I., Aug. 1.—Henry C. White's shoddy and cotton mills at Chapaquoet were burned to-day; loss \$75,000. The mills had been idle for years.

Fatal Eastern Weather.

NEW YORK, Aug. 1.—To-day was very sultry but at 2:30 P. M. the thermometer only registered 88. Nine cases of heat prostration were reported to-day, only six being fatal.

Not Quite so Hot.

CHICAGO, Aug. 1.—At noon the temperature of the several eastern cities was as follows: Chicago, 68; Cincinnati, 88; New York, 80; St. Louis, 92.

A "Fossil Forest" Has been Discovered in Scotland.

Thirty or forty fossil trunks have already been laid bare, most of which are gray freestone. One of the trunks is at least two feet in diameter.

FOR THE JEWS.

Interceding With Russia in Their Behalf.

WASHINGTON, Aug. 1.—Representative Baker, of New York, introduced in the house today a resolution authorizing the president to send to Russia, through the proper channels, respectful but earnest protest against the proposed enforcement in that country of the edicts of 1882 against the Jews.

The preamble to the resolutions states that it has been reported through the public press by telegraph that the Russian government has ordered to be enforced the edicts of 1882 against the Jews, which edicts have hitherto been held in obedience, under which the Jews dwelling in Russia must henceforth reside in certain towns only, and will not be permitted to own land or inherit for agricultural purposes, or to hold shares in ore works or mines, or to enter the army, or practice medicine or law, or to be engineers or any of the learned professions, and excluding them from holding possessions under the government. The resolution was referred to the committee on foreign affairs.

Minister Mizer is Silent.

WASHINGTON, Aug. 1.—Acting secretary of state Wharton has as yet received no tidings from United States minister Mizer at La Libertad. He says he cannot conjecture the minister's apparent delinquency unless a censorship has been established.

OUR FINANCIAL CONDITION.

What the Country Owes and Has On Hand in Cash.

THE PUBLIC DEBT DECREASING.

WASHINGTON, D. C., August 1.—The monthly debt statement for July was issued to-day from the treasury, in a new form, and shows a net reduction on the public debt during the past month, amounting to \$395,257. The bonded indebtedness to-day, according to the new form of the statement, amounts to \$700,799,390, or a decrease of \$10,513,760 during the past and first month of the current fiscal year. The total debt to-day, less cash in the treasury, is placed at \$76,380,113.

The treasury surplus or available cash balance, as shown by the statement issued to-day, aggregates \$127,214,119. This amount includes \$22,541,719 fractional silver currency and minor coin, and \$54,207,975 in the national bank redemption fund, placed in the treasury under the sixth section of the silver act, which became a law last month, and which of course did not appear as cash indebtedness heretofore.

The fractional silver currency and minor coin in the treasury in the new form is to-day treated and considered as available cash, while under the form adopted by secretary Manning in July, 1885, and in use since that time, it was regarded as unavailable for the reduction of public debt.

The net cash balance reported in the treasury to-day, and which includes the national bond redemption fund, aggregates \$104,674,400, against \$55,407,485 a month ago, but deducting the National bank fund and making a comparison, shows a real decrease of about \$5,000,000 in the treasury in cash during the past month. These are the only changes affecting the statement of the treasury since its publication in the new form of statement issued to-day.

In the interest bearing debt column, the items of \$64,023,512 Pacific railroad bonds, and \$14,559,000 navy pension fund, have been taken out, and will no longer appear in the debt statement under that head. The navy pension fund is really not a government liability, but being a money fund which had accumulated in the treasury, although for years it has not been in all the treasury debt statements, but kept a place in the bonded indebtedness column, which for years prior to July, 1885, had a secret place in the monthly treasury statements, was, on this independence column, by secretary Manning and treasurer Jordan.

Taking Advantage of the Situation.

NEW YORK, Aug. 1.—To-day the price of ice has been raised \$2 per ton, during the past twenty-four hours, on account of the short supply and the increased demand due to the hot wave.

Important Testimony.

I have had sciatic rheumatism for eighteen years. The pains in my limbs and back were unbearable, and I could not use my left limb. I was confined to my bed weeks at a time with tormenting pains. Four bottles of Hubbard's Rheumatic Syrup entirely cured me. C. B. DEWITT, Druggist, Avoca, Iowa.

ALL OVER A DOG.

A Bloody Fight Between Rival Circus Combinations.

THE CONDITION OF THE CROPS.

SPECIAL TO THE ASTORIAN.

STRAUSS, N. Y., Aug. 1.—Irwin Bros. and the Washburn and Arlington circuses, both gave two performances here yesterday. The bitter rivalry which existed between the two combinations ended in a bloody encounter at the conclusion of the afternoon performance. Connected with Washburn's show was a band of Mexicans and cowboys, who got into trouble with the Irwin men. The tents of the rivals were pitched only a few blocks apart, and the affair occurred on the grounds of the Irwin. The quarrel began over a dog, and ended by half a dozen men of each show taking a hand in a fierce fight, clubs, tent stakes, knives and razors being some of the weapons used, and a great deal of blood was spilled before the patrol wagon arrived. All the Mexicans escaped for the time being. Only four arrests were made, although at least a dozen men were engaged in the fight and all were more or less hurt. Each side lays the blame on the other. Irwin's men swear that they will have vengeance on the Mexicans and cowboys before they leave town. Trouble is feared, and the proprietors of the shows are doing all they can to prevent further hostilities, although they are at sword's points in their opposition to each other in the way of business. Their routes are nearly identical through the state.

The Doomed Kammerer's Day.

SPECIAL TO THE ASTORIAN.

ASTORIA, N. Y., Aug. 1.—The final preparation for putting Kammerer to death by electricity was made to-day. It is generally believed that Kammerer will die next Monday.

SOCIETY LA MAFIA.

Threatens Boston Police Officers.

SPECIAL TO THE ASTORIAN.

BOSTON, Aug. 1.—The Italian society of La Mafia has, it seems, marked two well known Italians of this city as doomed victims. These are police officers John Rosatti and Gochini Cozzina. Both have received warnings from the society. The society of La Mafia has forty-five members in Boston, and the police have secured the names of them all. It is believed that the society is engaged in the murder of the two named men, and that it has been the means of bringing to justice several Italian murderers, besides other offenders belonging to the same nationality. It is through his activity in police matters that he brought down upon himself the hatred and vengeance of La Mafia society in Boston.

A BRAVE YOUNG MAN.

Receives a Rich Reward.

OLD ORCHARD, Me., Aug. 1.—A special reward of \$1000 has been offered for the man who will board a moving train at Old Orchard and be saved from going under the wheels by Frank E. Morrill, a popcorn pedler. He rewarded his rescuer with a check for \$5000. Morrill is 25 years of age, and for many years has supported his mother and himself by selling popcorn.

A BRITISH MURDERER.

Captured in the Woods by Citizens.

SPECIAL TO THE ASTORIAN.

ST. PAUL, Minn., Aug. 1.—Andrew Borjesson climbed up on a shed and broke into the house of Eugene Buckingham at Northville to-day and cut the throat and horribly mangled the body of Emma Anderson, a domestic. The girl had promised in Sweden to marry the aviator, but had since refused him because he drank to excess. He loaned the girl thirty dollars' passage money, which she paid back two weeks ago. Borjesson was captured in the woods by a crowd of citizens.

More Trouble Among Carpenters.

CHICAGO, Aug. 1.—Members of the Boss Carpenters and Builders' association commenced this morning on their old allies, the union men of the carpenters' council. The bosses began a look out, which by to-morrow night will be, it is thought, complete. The cause given is the alleged failure of the carpenters' council to fulfill their agreement not to work for the old masters' association.

A COURT MARTIAL.

Government Sailors to be Tried for Perjury.

NEW YORK, Aug. 1.—It is very probable that some of the crew of the United States warship *Kearsage*, which reached Brooklyn navy yard on Wednesday evening, will be tried by court martial on charges of perjury. The alleged offenses were committed while the vessel was at Keywest, and for the purpose of providing the perpetrators with spending money when they reached New York.

CROP REPORTS.

Their General Condition in the Country.

SPECIAL TO THE ASTORIAN.

NEW YORK, Aug. 1.—The special telegram to Bradstreet, showing special gains within the week. There is some variation of conditions. The wheat crop is not improved any. Indian corn has lost heading owing to the dry weather in eastern Kansas and Nebraska, where rain is needed, but rice promises the largest crop on record, and the cotton crop advices are favorable.

Our own crop advices from eastern Kansas yesterday, are in brief as follows: Heading crops, as compared with one year ago, potatoes one fifth, corn one fourth, wheat not quite one half, corn and oats are worth twice last prices, flax and hay one fourth more, and potatoes three times as much.

Rain would help corn and potatoes and double the bean crop. The weather is very warm with poor prospects for Pacific Princes, who are in copper, which last week was firm and tending upward at 17 cents per pound for lake, is now dull and weaker, as the heaviest consumers have to have supplied their immediate wants.

The visible stocks abroad are about what they were two years ago and nearly 40,000 tons less than one year ago. Raw cotton is off 1/2 cent with the bulls in control and no opposition owing to the absence of any considerable short interest. Nebraska merchants are not buying as freely since the change in the local agricultural outlook.

The Murder Trial.

One of Astoria's reliable citizens who returned yesterday from Oysterview, gave his opinion of the famous Pacific Princes, who are in court for the murder of Fredrickson and wife.

He believed that the case would be reversed, and Edwards' conviction the evidence was satisfied. If they find him guilty, it will be because they think public sentiment almost demands such a verdict, but it will not really be because the evidence proves his guilt. To such a finding, there will be an appeal to the supreme court, and there he felt sure, the decision of the lower court would be reversed, and Edwards acquitted.

His private opinion was that George Rose was really the only guilty party, but that his father and mother at least, were accessories after the fact. He believes that only one of George's confessions are true and that is the one in which George relates how he himself killed them both.

SUIT FOR LIBEL.

A Newspaper Sues a Councilman.

SPECIAL TO THE ASTORIAN.

STOCKTON, Cal., Aug. 1.—The evening *Mail* of this city, to-day commenced action for \$50,000 damages against councilman B. F. Balguy, for slander. Balguy, in the presence of several city officials said that a certain article in the *Mail*, concerning L. U. Shippee, as a candidate for governor, was shown Shippee before it was published, and that he was told that if he paid \$5000 the article would not appear. The article consisted of interviews with leading Republicans, who opposed Shippee's aspirations, and gave their reasons, some of them being rather sensational.

A QUICK TRIP.

A British Ship It is Feared is Lost.

SPECIAL TO THE ASTORIAN.

SAN FRANCISCO, Aug. 1.—The steamer *Oregon* has arrived after a passage of 62 hours from Portland via Astoria. She made the trip from bar to bar in quick time, only 40 1/2 hours. Captain Poleman reports that T. Perry, a steamer passenger from Astoria, died on Wednesday from consumption.

The British ship *Lord Ryglen* left this port for Cork, on the 24th of February last, with a cargo of 74,765 cents of wheat, valued at \$94,400. She is now out 34 days and fears are entertained for her safety. Insurance companies are charging 75 per cent to re-insure.

A Disheartened Miner.

SPECIAL TO THE ASTORIAN.

SAN FRANCISCO, Aug. 1.—J. W. Whitlatch, the only miner who has made and lost half a dozen fortunes in Colorado and Nevada, suicided this morning by shooting himself in the head. He was without money and owed a board bill.

Slightly Worse Now.

SPECIAL TO THE ASTORIAN.

SAN FRANCISCO, Aug. 1.—Bradstreet reports thirteen failures in the Pacific coast states and territories for the week ending to-morrow, as compared with eleven for the previous week, and eight for the corresponding week of 1889.

Accidentally Scalded.

SPECIAL TO THE ASTORIAN.

SAN FRANCISCO, Aug. 1.—The coroner held an inquest to-day in the case of David L. McLain, foreman of the stereotyping department of the *Chronicle*, who died last Tuesday night from the effects of a scalding, received a month ago while fighting with J. J. Ayleward, engineer of the press room, having during the scuffle fallen into a tank of hot water. The jury returned a verdict of accidental death.

THE ALASKA FISHING SEASON.

The Pack Around Karluk 35 to 50 Per Cent Short.

THE SHARON CASE IS ENDED.

SPECIAL BY THE UNITED PRESS.

SAN FRANCISCO, Aug. 1.—Letters brought by the steamer *Bertha* from Alaska, furnish news to July 15th. The weather in the north is very stormy, which partially accounts for the poor catch. Karluk river forms the most important fishing ground, as its run is generally larger and there are more canneries there than elsewhere. None of the canneries have been doing extra well. The Hume Packing company is leading the others.

One cannery at Hyke bay and two others located at Afanjak, have done fairly well, but nothing to compare with what they should have done. The packs around Karluk will probably amount to 80,000 or 82,000 cases, which is about 30 to 50 per cent short of the pack of last year at this time.

It is very difficult to get news at this time of the season. The canneries have done so poorly that the owners prefer to remain silent regarding their catches, but the above figures are as correct as can be obtained.

Advices from Cook's inlet, Prince William's sound and other localities show that the runs outside of Karluk river have also been light. The result of the news has had a bullish effect on the market price, it having advanced from 30 to 35 cents per dozen since yesterday. Everybody wants the salmon and the demand overtops the supply.

They Want to Convene Again.

SPECIAL TO THE ASTORIAN.

SAN FRANCISCO, Aug. 1.—It was learned here to-day that the San Jose delegates to the coast railway convention, recently held at San Jose, have notified Elwood Cooper, who was chairman of the convention, that they consider the failure of the Southern Pacific company to make any reply before the 26th of July as equivalent to having refused the consideration of the convention's offer. They therefore demand that complying with the terms under which the convention adjourned, Cooper at once reconvene the delegates.

Findings Paths to California.

At the time of General Fremont's death he was engaged upon the management of a paper for the *Century's* forthcoming series on the California gold-hunters. It was to be entitled, "Finding Paths to California," and was not only to deal with the several expeditions, but to narrate the writer's intimate connection with the events which led to the conquest and occupation of the territory. The work will be promptly continued by Mrs. Fremont. A first draft of the article had been made and the subject had been so recently and closely discussed by General and Mrs. Fremont that she will have no trouble in completing the manuscript. Mrs. Fremont has already written an introduction, as well as a supplement describing her life at Monterey in 1849. A fine portrait of General Fremont, from a daguerreotype of 19 or 20 will appear in the September number. The *Century*, along with portraits of Commodores Sloat and Stockton, "Duke" Gwin, and governor Burnett, in an article giving account of "How California came into the Union."

Subsidies.

Opponents of American shipping interests have less to say now than formerly about the unsubsidized merchant marine of England. This reliance is natural, since the British and Canadian governments have completely demolished their argument. There stands the plain facts of the recent subsidizing of the Vancouver and Halifax lines to confute them. The new British steamships which are to cross the Pacific and to compete with an American line receiving \$14,000 a year for mail transportation are to be furnished with a subsidy of \$75,005 a year, and the corresponding line from Halifax to Liverpool will have subsidies from Canada and England amounting to \$500,000 annually. This is entirely apart from the subsidies to the Canadian Pacific railways, virtually aggregating, as Mr. Nimmo has shown, \$10,686,000 a year and constituting a discrimination against American commerce and railways. Here is a sum exceeding \$11,500,000 annually which is protecting the British line of steam and railway communications between Liverpool and Hong Kong via Canada.

At the present rate of consumption the white pine of Wisconsin, Michigan and Minnesota will be exhausted in twenty years.

JUSTICE LOCKWOOD.

His Trial Before Justice Savage.

SPECIAL TO THE ASTORIAN.

LOS ANGELES, Cal., Aug. 1.—The examination of Justice Lockwood was resumed yesterday before Justice Savage upon a charge of harboring a fugitive from justice.

R. H. Hart, a reporter of the *Times*, testified to a knowledge of the concealment of Danam in Lockwood's room, and to having met them there from time to time. For failure to make known the facts, Hart was dishonorably discharged by the *Times*, when its complications in the case were discovered. Hart testified unwillingly, as he was a friend of Lockwood.

Harvey Branscombe is the most material witness for the prosecution. He swears positively that Lockwood is guilty, both of harboring and betraying Danam. Branscombe is a strong friend of Danam, but notwithstanding that Lockwood tried at first to throw the responsibility of the betrayal on him.

A clear case was made out against Lockwood before the prosecution. The evidence for the defense begins to-morrow.

The Decision Reiterated.

SPECIAL TO THE ASTORIAN.

SAN FRANCISCO, Aug. 1.—Superior judge Shafter, this morning, decided that the Sharon case cannot be considered on any other basis than that of the marriage contract, and as the latter has been declared a forgery, the decision is adverse to Mrs. Ferry, and the case is practically ended.

CELMAN'S MANIFESTO.

He Claims Prosperity for the Country Under His Rule.

ITALIAN SOLDIERS DESERT.

SPECIAL BY THE UNITED PRESS.

LONDON, Aug. 1.—A dispatch to the *Times* from Buenos Ayres states that president Celman issued a manifesto. After speaking of the demand for his resignation made by leaders of the revolutionary movement, he refers to the prosperity and liberty the country enjoys under his rule. He ignores the gravity and the horrors of recent events in Buenos Ayres. The manifesto concludes with an expression of eternal gratitude to the supporters of the president's authority, and adds that the patriotic people bless them as their saviors.

EXAGGERATED REPORTS.

Of Central American Revolutions.

SPECIAL TO THE ASTORIAN.

CITY OF MEXICO, Aug. 1.—Senior Diezner disclaims knowledge that revolutions are raging in Guatemala. He says outside of an invasion of Salvadorians everything is as quiet as usual. The statement that a revolutionary movement has been started on the Mexican frontier of Guatemala is incorrect. Late dispatches show that everything is tranquil there.

A telegraphic communication from Guatemala says General Ezeta has issued a proclamation for a general election for members of congress during the first week in September and has called on congress to convene in October.

WHICH IS RIGHT.

Each Swears the Other is Wrong.

SPECIAL TO THE ASTORIAN.

CITY OF MEXICO, Aug. 1.—Mail orders have been received in La Libertad from Guatemala concerning the alleged suppressed dispatches. United States minister Mizer and the San Salvador government asserts that they have never been transmitted from Guatemala by land lines. The government of San Salvador lays the blame on the government of Guatemala.

Dee, who keeps a saloon here, was arrested this morning on a warrant issued by justice Byles, charging the defendant with committing assault and battery upon Andrew Johnson, a former bar-keeper of his. THE NEWSPAPER FIELD.

It is Getting Very Lively in Seattle.

SPECIAL TO THE ASTORIAN.

SAN FRANCISCO, Aug. 1.—A revolution in the newspaper business is about to take place in Seattle. The *Journal*, a Democratic paper, has just changed hands, having been bought by a syndicate of real estate men. The Democrats, aided by Jim Hill's sack, are going to start a morning daily in ten days, gathering their force from the other daily papers, consequently there is great demand for real estate men. Walker was also arrested, he having acted as guide for the Chinese and placed them on this side of the Mexican line.
