Lots 50x100 to 350 feet, \$40 to \$100.

SEATTLE, Aug. 3.-The Journal's special from Port Angeles, says an excited movement, worse yet than the has struck Port Angeles. This time it is a gold mining craze. For a long time it has been known that there are very rich deposits of gold and silver in the Olympic hills immediately back of town which never have been developed. Of late numerous placer finds have been made in the streams running down from the mountains through the townsite reserve and experienced prospectors have pronounced it pay dirt. In view of this state of facts the arrival of a large mining party from Tacoma on Saturday which proceeded to stake out and file on large tracts of the government reserve under the general mining laws, very naturally precipitated a general stampede for mining claims. The land is being taken in
