 THE ASTORIAN guarantees to its advertisers the largest circulation of any newspaper published on the Columbia river.  
 To-night,  
 Prof. Peterson's  
 Scandinavian Comedy company at  
 Ross' opera house.  
 A large elk was killed at Long  
 Beach Tuesday.  
 Last evening there was a social  
 dance at Tinker's hall, Long Beach.  
 Two preceptors proved up on their  
 claims yesterday in the county clerk's  
 office.  
 A fine new carriage came down on  
 the Telephone yesterday for Capt.  
 Flavel.  
 The Maud Granger company will  
 appear at the opera house on Monday  
 evening, August 23rd.  
 Next Sunday there will be a ball  
 game at the new grounds on Young's  
 bay, at the terminus of the Bay Rail-  
 way.  
 Yesterday was the warmest day of  
 the season thus far, and yet Portland  
 people would have called it only moder-  
 ately warm.  
 Last year the assessed value of  
 property in Pacific county was \$890,  
 000. This year it is \$1,922,000, a gain  
 of \$1,032,000.  
 The concert and entertainment an-  
 nounced to take place in the M. E.  
 church this evening, will be held at  
 Rescues hall instead of the church.  
 The members of the Scandinavian  
 company came down on the Tele-  
 phone last evening. They will ap-  
 pear at the opera house this evening.  
 On the east side of Main street, be-  
 tween First and Second, a new side-  
 walk is being laid, to replace the for-  
 mer one, which was in a very bad con-  
 dition.  
 Miss La Belle of Cathlamet, died  
 yesterday afternoon. Deceased was in  
 the 15th year of her age, and died of  
 consumption. The funeral will take  
 place at Cathlamet to-day.  
 Yesterday was a scorching in the in-  
 terior. It was extremely warm even  
 on the river, till the boats reached  
 Skamokawa, on this side of that point  
 there was a refreshing coolness.  
 The electric light company were yes-  
 terday at work putting up the new  
 poles for the wires of the incandescent  
 system. They are square posts and  
 painted, so they present a good ap-  
 pearance.  
 The McMinville Reporter says that  
 the McMinville band has been en-  
 gaged to furnish music for the state  
 agricultural fair. The reputation of  
 that band is a guarantee that that part  
 of the programme will be satisfactory.  
 Andrew Thomson, a Native of Nor-  
 way, has concluded that he is better  
 suited with the United States for a  
 home, and yesterday he renounced  
 allegiance of the king of Norway, and  
 took out his first papers.  
 A baseball club of well-known play-  
 ers, who have been prominent in many  
 games, has been organized at Long  
 Beach from those who are stopping  
 there, and will soon be in a position to  
 play with clubs of Astoria and other  
 places.  
 Yesterday morning there were so  
 many passengers to go to the incline  
 on Young's bay and take the cars, that  
 the steamer Electric could not  
 carry them all, and those over the  
 number she has licensed were seated  
 in a fishing boat and towed  
 by the steamer.  
 The musical entertainment at the  
 Rescues hall this evening should be  
 well attended. The programme is an  
 attractive one, and will be rendered  
 by the best talent - Mrs. Wetzel, of Port-  
 land, assisted by Mrs. Ricard, Mrs.  
 Judge Taylor, Mrs. Bannell, Miss  
 Nellie Flavel and others.  
 Contractor W. H. Parker was in the  
 city yesterday, and leaves for Aber-  
 deen, where he has a contract of grad-  
 ing for the Northern Pacific railroad.  
 His contract is for fifteen miles south-  
 east from Astoria, and he expects to  
 finish in about two months more.  
 He has engaged several men here who  
 go along with him this afternoon.  
 Yesterday a merry-go-round was set  
 up in rear of the court house and  
 commenced running at 5:25 p. m. It is  
 operated by a steam engine. There are  
 twenty-four wooden horses, which  
 operate in a galloping motion, wagon  
 seats for sixteen persons and twelve  
 chairs, so that fifty-two persons can  
 ride at once. It revolves very rapidly  
 and is highly enjoyed by children, and  
 also by adults.  
 Astoria Typographical Union, No.  
 264, had a meeting yesterday after-  
 noon. Three new members were ad-  
 mitted, who had been applicants for  
 the charter, and the new charter was  
 received. It was ordered framed.  
 The union adjourned until this after-  
 noon at 2:30 when action will be taken  
 in reference to the scale of prices  
 which goes into effect to-morrow.  
 A good many Astorians will remem-  
 ber Mr. Lindenberger, of Hamburg,  
 who came here last spring to make  
 unlimited purchases of salmon, which  
 were to be salted and shipped across  
 the briny deep, and upon their ar-  
 rival at Hamburg to be freshened and  
 then manufactured into canned  
 salmon. He succeeded in getting two  
 or three contracts, but the subsequent  
 hitch in financial arrangements re-  
 sulted very unsatisfactorily to the  
 shippers. The first drafts were duly  
 honored, but after that it transpired  
 that the more that was shipped the  
 more money the shippers would lose.

**THE BOARD OF DIRECTORS**  
**Of the Astoria and South Coast Rail-  
 road Have a Meeting.**  
**THE ROAD ACCEPTED AS BUILT.**  
 Yesterday morning the directors of  
 the Astoria and South Coast railroad  
 had an official meeting. H. B. Thiel-  
 sen, chief engineer and superintendent,  
 reported that he had accepted the  
 Seaside division of the road from the  
 contractors, as it was all completed  
 and in good running order.  
 To contractor Smith is due \$34,500,  
 for that portion of the road from Car-  
 nahans' to Bird's. There is also due  
 him \$12,500 from the Pacific Construc-  
 tion Company, for building the line  
 from Bird's to Seaside. Besides this  
 there are allowances or incidentals  
 amounting to \$700, making a total of  
 \$47,000. This also includes the  
 bridges and turnouts.  
 This payment is due contractor  
 Smith five days after the acceptance  
 of the road by the company, but Mr.  
 Case, as trustee, has thirty days af-  
 ter that, allowed him to raise money on  
 the securities, so that it virtually gives  
 thirty-five days after the acceptance,  
 and before that time the financial  
 arrangements will have been made  
 and the claim fully met.  
 In regard to the telegraph line the  
 directors while ago signed an accept-  
 ance of a contract with the Pacific  
 Postal Telegraph company, but the  
 company did not accept it, and sent  
 down another contract for signature.  
 This latter required the railroad com-  
 pany to keep an operator at each ter-  
 minal station. The directors con-  
 sidered that before the line could be  
 put up and in working order the sea-  
 son would be virtually over, and the  
 line of no particular use to the road,  
 and therefore postponed action on the  
 proposition of the telegraph company.  
 A proposition was received from G.  
 Wingate to donate to the company at  
 Glenwood sufficient land for depot  
 grounds, and to construct a neat  
 depot building and donate to the com-  
 pany, if the latter would designate it  
 as a regular station. The proposition  
 was accepted by the board, and super-  
 intendent Thielsen empowered to make  
 all the necessary arrangements.  
 No further action was taken, and  
 nothing was presented to President  
 Reid, and the board then adjourned.

**DID HE COMMIT SUICIDE.**  
**It is Claimed That Cosgrove Paraplu-  
 fell From the Parachute Sunday.**  
 It is now learned from a reliable  
 source that Arthur Cosgrove, who  
 came to his death by falling from a  
 parachute Sunday afternoon, commit-  
 ted suicide, and that his seeming care-  
 lessness in not providing himself with  
 a belt and other safeguards against  
 accident was nothing more or less than  
 a carefully planned arrangement for  
 taking his own life. It also transpires  
 that Cosgrove was intoxicated when  
 he went up. He had to be in order to  
 make that fearful death drop. It is  
 said that Cosgrove threatened to take  
 his life a number of times, and he  
 always said he would follow in the foot-  
 steps of Prof. Redmond, who was  
 killed in coming down with his bal-  
 loon near Skamokawa several months  
 ago.  
 It is said that Professor Redmond  
 estranged the affections of Cosgrove's  
 wife, who, herself, is a balloonist, and  
 she made several accusations with Red-  
 mond from the east approach to the  
 Jefferson-street ferry. Cosgrove saw  
 that his wife's affections were centered  
 in Redmond, and at once he had a  
 reason to suspect them of sustaining  
 improper relations. The thought  
 preyed on his mind, and he concluded  
 to kill himself methodically as Red-  
 mond had died by accident.  
 On the day he had ascended he took  
 a number of drinks to nerve himself  
 for the occasion, and a short time be-  
 fore the balloon went up he took formal  
 leave of his friends. He would not  
 listen to the advice of those who told  
 him to secure himself to the para-  
 chute with a strap, and put them off  
 with the remark that he knew his own  
 business.  
 He was connected with the Pacific  
 Telephone company as a messenger, and  
 most of those who worked under him  
 were on the ground, to see him make  
 the ascension.  
 "I have known you, for a long time,"  
 said he as he was about to go up.  
 "You have all been good friends to  
 me, but I will never see you alive  
 again."  
 He then kissed his little boy, and  
 bade all a last farewell. - *Oregonian*,  
 Aug. 13.

**THE OREGON EDITORS.**  
**They Will Meet In Convention In  
 Portland To-day.**  
**THEIR OFFICIAL PROGRAMME.**  
 To-day the newspaper men of Ore-  
 gon will meet in Portland in their an-  
 nual convention. The ASTORIAN is  
 favored with a copy of the official pro-  
 gramme as follows:  
 THURSDAY, AUGUST 14.  
 On Arrival - Members of the Oregon  
 Press Association will register at the  
 Hotel Portland, and the following day  
 will meet at the West Shore office, corner  
 Second and Yamhill, where the office of  
 the secretary of the association will be  
 located.  
 10:30 a. m. - Assemble at the Marquam  
 Grand theatre to receive certificates  
 and membership.  
 12 - Noon - Lunch at Hotel Portland.  
 1 p. m. - Take cable cars to Fifth and  
 Yamhill for Portland Heights and May-  
 field. The latter is a fine view of the  
 broad and grand view of Portland and  
 surroundings.  
 To examine the Second and Alder by  
 Metropolitan electric cars for Fulton  
 Park.  
 2 p. m. - Take carriages at Fulton Park  
 for a drive through Riverview, the "beauti-  
 ful city of the dead," thence by City  
 park to Nob Hill, among the prettiest  
 views of Portland. Proceed to  
 6:30 p. m. - Return to hotel for dinner.  
 7:30 p. m. - Re-assemble at the Marquam  
 Grand. Preceding the performance of  
 the musical comedy play "The Old  
 Homestead," by the famous Denman  
 Thompson Company, there will be an or-  
 ation by Portland Heights and May-  
 field. Following each act, short plays  
 will be delivered by prominent members of  
 the Oregon Press Association.  
 FRIDAY, AUGUST 15.  
 8 a. m. - Take cars at Morrison street  
 bridge for excursion to Mount Tabor.  
 9 a. m. - Steamer for Cascade of the  
 Columbia. View the great smelter at  
 Linnton; the locks at the Cascades, and  
 other points of interest on the river.  
 Return to Portland at 6 p. m. The  
 program accompanying the excursion  
 will discuss concert and dance  
 music. Lunch will be served on board.  
 7:15 p. m. - Musical comedy play "The  
 Celebrated Play "Monte  
 Christo" will be given.  
 SATURDAY, AUGUST 16.  
 8 a. m. - Excursion across the great steel  
 bridge to the Willamette-Columbia pen-  
 insular. Electric cars from Second and  
 Yamhill.  
 10 a. m. - Steamer from Albina to  
 Oswego, to inspect Oregon's great iron  
 industry. A cast will be made when  
 the party arrives at Oswego, and to see  
 the actual workings of this great in-  
 dustry.  
 11 a. m. - Steamer from Oswego to Ore-  
 gon city, where lunch will be partaken  
 of, and immediately thereafter the differ-  
 ent manufacturing interests, the locks,  
 and other points of interest inspected.  
 3 p. m. - Arrive in Portland; adjoining  
 side die on boat, thus permitting all to  
 return to their homes for the day.  
 The committee of arrangements to sup-  
 ply a fish dinner. This was an unmiti-  
 gated falsehood, and the committee of  
 arrangements say they did not make  
 or authorize any such statement.  
 The committee of arrangements had  
 had considerable stress upon having  
 "a fish dinner" here, and in the letter  
 that was written by the editor of this  
 paper "a fish dinner" was promised  
 them. The word "money" does not oc-  
 cur in the letter.  
 The Columbia, always ready to  
 lie, caught up the silly falsehood, and  
 made all it could of it on the assump-  
 tion that it was the truth.  
 It is a matter of regret that the Ore-  
 gon newspaper men are not coming  
 here, for it would have been a good  
 advertisement for the town.

**"DRIFTWOOD COTTAGE."**  
**A House and All Its Furniture Constructed  
 of Driftwood.**  
 Over on North Beach, Pacific  
 county, Washington, not far from  
 Long Beach is a neat little story and a  
 half house known as "Driftwood  
 Cottage." The owner is a Portland  
 man who conceived the idea of utiliz-  
 ing some of the driftwood which is  
 scattered along the beach in abun-  
 dance, and which is of all shapes and  
 sizes, from a very small stick to an im-  
 mense saw log.  
 The house and all its furniture is  
 made entirely of driftwood, picked up  
 on the shore, and is very ingeniously  
 constructed. Not only was comfort and  
 convenience consulted, but elegance,  
 taste and skill are shown in the make  
 of the house and its contents.  
 Bedsteads, tables, chairs, lounges,  
 benches, stands, whatnots, shelves,  
 doors and in fact, the entire articles  
 used are all made of picked up pieces,  
 many of them put together in the form  
 of mosaic work, and are decidedly  
 unique and attractive, ornamental as  
 well as useful.  
 A peculiarity of the occupant and  
 his family is that they subsist almost  
 entirely on fish and game, in the se-  
 curing of which great ingenuity is  
 manifested.  
 A liberal offer has been made for the  
 house and its novel furniture, and if  
 accepted, the building will be care-  
 fully taken down and sent to Chicago,  
 there to be put together again, fitted  
 up as it now stands, and on an exhibi-  
 tion at the World's fair.  
 Sayings and Such.

 People who say sharp things often  
 get the reputation of being blunt. -

 that nature had a pretty fair idea of  
 what the cat would have to go through.

**Advance Styles**  
 I will open on or before August 1st, the Grandest  
 Line of Clothing Ever Shown on this Coast, which  
 I will sell for LESS MONEY than the trash which  
 is now being faked off on the Public as Rare  
 Bargains.  
**C. H. Cooper.**

**PERSONAL MENTION.**

**PRACTICAL TESTS.**  
**An Astonishing Offer - Some of the  
 Replies.**  
 The San Francisco papers of recent date  
 contained the following offer:  
 "As an evidence of the ability of Joy's  
 Vegetable Sarsaparilla to prevent sick-  
 ness, we will give to the first twelve re-  
 sponsible persons who will apply at our office  
 a bottle free if they will agree that after  
 they have been cured that they will admit  
 the fact over their mutual signatures."  
 This offer so startlingly asserted the effi-  
 cacy of the remedy that many accepted,  
 and the letters of the parties, nearly all of  
 whom responded, are probably the most  
 convincing attestations that any remedy  
 ever received. The following is a sample of  
 those received:  
 "I have been subject to bilious headaches  
 and constipation for several years past. In  
 fact, have been compelled to take physie  
 every other night or else I would have a  
 headache and dull, heavy feeling. I have  
 taken that bottle of Joy's Vegetable Sarsa-  
 parilla, and have derived great benefit from  
 it, and I am continuing to use it. My own  
 experience I can heartily advise those trou-  
 bled with biliousness and constipation to try  
 it. Yours, CHAS. E. ELKINGTON,  
 128 Locust Avenue, San Francisco.

**FINA TABLE WINE**

 rooms up stairs.  
 Good Goods and low rates at the Sea-  
 side Bakery.

**SCROFULA**  
**OVER \$15,000.00**  
**CURED**  
 It is that impurity of the blood which  
 produces unsightly lumps or swellings on  
 the glands of the neck; causes painful run-  
 ning sores on the arms, legs, or feet; develop-  
 ment in the eyes, ears, or nose, often caus-  
 ing blindness or deafness; is the origin of  
 pimples, cancerous growths, or the many  
 other manifestations usually ascribed to  
 "humors"; and fastening upon the lungs,  
 causes consumption, and death. Being  
 the most ancient, it is the most general of  
 all diseases or affections, for very few  
 persons are entirely free from it.  
**How Can CURED**  
**It Be**  
 By taking Hood's Sarsaparilla, which,  
 by the remarkable cures it has accomplished,  
 often when other medicines have failed,  
 has proven itself to be a potent and pecu-  
 liar medicine for this disease. Some of  
 these cures are really wonderful. If you  
 suffer from scrofula or impure blood, be  
 sure to try Hood's Sarsaparilla. It is  
 every spring with wife and children have  
 been troubled with scrofula, sores break-  
 ing out on them in various places. My  
 little boy, three years old, has been a  
 terrible sufferer. Last spring he was one  
 mass of sores from head to foot. I was  
 advised to use Hood's Sarsaparilla, and we  
 have taken it. The result is that all have  
 been cured of the scrofula, my little boy  
 being entirely free from sores, and all four  
 of my children look bright and healthy."

**MAINE NEWS AND NOTES.**  
 The British bark *Norfolk Island*,  
 Capt. Robert Thomas, will lighter  
 about 350 tons of coal which will be  
 taken up the river on a barge, after  
 which the vessel will be towed to Port-  
 land with the balance of her cargo.  
 The steamer *Gen. Canby*, Capt.  
 Thomas Parker, brought over 300  
 cases of salmon from the Aberdeen  
 Packing company, of Ilwaco, yester-  
 day, and landed them at the U. P.  
 dock.  
 She Killed the Bear.  
 Mr. and Mrs. Max Sachse, of Cov-  
 ington, Ky., who were here a few days  
 ago and then went over into Pacific  
 county, returned to this city last evening.  
 While near Seaside, and walking in  
 the timber alone, Mrs. Sachse sudden-  
 ly encountered a large black bear, who  
 was directly in her path. Most ladies  
 would have screamed and fainted, but  
 Mrs. Sachse is composed of good mat-  
 terial and possessed of cool nerve.  
 Drawing her revolver the lady took  
 good aim, fired, and brain was a dead  
 bear.  
 The thirteenth annual exhibition of  
 the Oregon state fair will be held at  
 Salem this year, commencing on Mon-  
 day, September 15th, and continuing  
 through the week. There will be over  
 \$15,000 in cash premiums to be awarded  
 for meritorious exhibits. Reduced  
 fares on the various transportation lines  
 will be in effect. The fair promises to be  
 highly successful. It is an institution  
 that gives valuable aid to the indus-  
 tries of the state, and should receive  
 substantial support and encourage-  
 ment.  
**Brief, But to the Point.**  
 I had rheumatism all over my body  
 for two years. Doctored with eminent  
 physicians, and spent three months in  
 Hood City Hospital. Four bottles of  
 Hibbard's Rheumatic Syrup entirely  
 cured me. The greatest medicine in  
 the world. CHARLES ROWS, Baldwin,

**RESPECT FOR THE UNKNOWN.**  
 To many their only fear of death is  
 that they may be forgotten. To per-  
 petuate their memory, that they may  
 dwell after death in the minds of the  
 living, is a hope and an ambition for  
 which many would be willing to give  
 all they possess in this world, even life  
 itself. To gain this end, millions have  
 been squandered in rearing costly piles  
 of stone and brick. Some have stooped  
 to crimes of blackest dye for the brief  
 memory gained by the horror of their  
 deeds. If millions have been lavished  
 on institutions of learning, that the  
 thousands of future generations who  
 delve for knowledge within their  
 doors may hold and revere the  
 memory of their benefactor. But the  
 memory of the man who lives as  
 a morning dew. This was brought to  
 mind yesterday at the funeral of a  
 Russian buried from Corner Super-  
 nant's undertaking rooms. His  
 friends were there to perform the last  
 rites and bury him in his last rest-  
 ing place, but no one knew his name.  
 They simply knew that he was a Rus-  
 sian, that was all.

**BIG FIRE IN TACOMA.**  
 Successful Operation of the New Chem-  
 ical Engine.  
 The city of Tacoma has shown her  
 progressive spirit on all occasions.  
 But in no case has she made any more  
 positive move than when she pur-  
 chased one of the Lindgren Mahan  
 chemical fire engines for her very  
 efficient fire department. The city  
 council and Chief Lillis thoroughly  
 investigated the merits of all the  
 chemical engines on the market before  
 purchasing the Lindgren which they  
 decided was the best. The following  
 letter fully demonstrates that they  
 were right in their selection:  
 OFFICE OF CHIEF OF FIRE DEPARTMENT,  
 TACOMA, Wash., Aug. 5, 1920.  
 Z. T. Wright, Portland, Ore., Agent  
 for the Lindgren-Mahan Chemical Fire  
 Engine Company.  
 Dear Sir: The double eighty-gallon  
 tank Lindgren chemical fire engine,  
 bought through you for the fire depart-  
 ment of the city of Tacoma, was sub-  
 jected to two very severe tests to-day on  
 a fire. The engine worked splendidly. It  
 does all you claim for it. It gives me entire  
 satisfaction, and I am heartily recom-  
 mending the Lindgren a grand success as  
 a department fire engine, and as such I  
 cheerfully recommend it.  
 Yours truly,  
 H. M. LILLIS,  
 Chief of Tacoma Fire Department.  
 The above engine is a four-wheel  
 double-tank engine, fully equipped,  
 Mr. Z. T. Wright, of this city, is  
 very proud of the engine, and is now  
 figuring with a number of towns and  
 cities on the coast for chemical en-  
 gines. He also handles the very best  
 fire hose in the market; also general  
 machinery, as well as the celebrated  
 Advance thrasher. - *Oregonian*, 9th.  
 LATER - Since the issue of this pa-  
 per, Z. T. Wright has received an or-  
 der from Spokane Falls for two of the  
 double-tank sixty-gallon chemical en-  
 gines.  
 Church Sociable and Festival.
