A Scrap of Paper Saves Her Life

It was just an ordinary scrap of wrapping paper, but it saved her life. She was in the last stages of consumption, told by her physicians that she was incurable and could live only a short time; she weighed less than seventy pounds. On a piece of wrapping paper she read of Dr. King's New Discovery, and got a sample bottle; it helped her, she bought a large bottle, it helped her more, bought another and grew better fast, continued its use and is now strong, healthy, rosy, plump, weighing 140 pounds. For fuller particulars send stamp to W. H. Cole, Druggist, Fort Smith. Trial bottles of this wonderful Discovery Free at J. W. Conn's Drugstore.

THE STRIKING TRAINMEN

Report from the Supreme Council of the Knights of Labor.

THE SOUTHERN PACIFIC IN IT.

Employes on All the Lines of the System Want an Increase in the Rate of Wages.

Special by THE UNITED PRESS.

NEW YORK, Aug. 52.—Vice president Webb, of the New York Central, received a message at 2 o'clock saying that the supreme council at Terre Haute had refused to endorse the strike on the Central. A similar message was received at the Produce Exchange.

Members of the Knights of Labor disclaim the authentity of the dispatches.

SOUTHERN PACIFIC EMPLOYES

They Will Demand an Advance of Wages.

Special to THE ASTORIAN.]

SAN FRANCISCO, Aug. 25.—The fifteen trainmen from various points on the Pacific coast lines of the Southern Pacific, who are in power as representatives of the Brotherood of Conductors and brakemen to comply with the company's officials relative to a general advance in pay, besides other changes, did not hold any meeting to-day.

R. S. Bodman, of Los Angeles, chairman of the grievanae committee, which the fifteen conatitute, say that while the men are determined to gain their point they will not act rashly as they have confidence in their ability to convince the company that their demands are reasonable.

The committee will visit the railroad officers to-morrow, and also hold a secret meeting. A final answer is expected from the company at to-morrow's conference.

If the decision should be against the men, many of them think it would be best to strike immediately instead of waiting till the railway company has time to begin a regular system of substitution. The grievance committee, however, announces that they would not act immediately upon an adverse decision, but report to the supreme council for instructions.

A SINGLE-HANDED FIGHT.

What the Action of the Federation Means.

Special to THE ASTORIAN.

ALBANY, Aug. 25.—A United Press representative showed Grand Master Workman Powderly a dispatch from Terre Haute saying that a strike would not be ordered by the federation.

Powderly said that it was the first intimation he had received of such action, but declined to talk, stating that it would not be policy for him to make any comments upon it until he had been officially notified. He did not seem to be very much surprised or downcast at the result, but went to his supper in good spirits.

Local labor leaders, however, looked very glum, and were evidently very much displeased at the action of the council. Secretary Hayes said: "If the dispatch is true, it means a single-handed fight, with the Knights doing the fighting, and other organizations aiding financially."

WATCHING THE DOOR.

Crowds Waiting for the Supreme Council to Report.

Special to THE ASTORIAN.]

TERRE HAUTE, Aug. 25.—The crowd in the lobby of the hotel waited patiently throughout this morning, but no signs came from the committee room until 12:30 o'clock, when the doors opened and the members filed out. It soon developed that they were going through the report of the sub-committee, clause by clause; that the final clause had reference to the action recommended, and that until this was reached the matter would be practically in *statu-quo*.

The council will reassemble at 2 o'clock, and now expects to finish the balance of its labors by 5.

THE NEWS CONFIRMED.

Official Notice Sent to Master Workman Powderly.

Special to THE ASTORIAN.]

TERRE HAUTE, Aug. 25.—The following dispatch has just been sent to T. V. Powerly, at Stanwix hall, Albany:

TERRE HAUTE, Ind., Aug. 25.

T. V. Powderly; Grand Master Workman, Albany:

The supreme council adjourned this afternoon, after carefully considering the strike in all its details. You will notice the result of our determinations in to-night's dispatches, which it is hoped will meet with your approval. The committee was unanimous in endorsing your proposition and the proposition of the grand executive board and most earnestly hope that the right, which you are championing in the great conflict on the New York Central may finally and powerfully prevail.

(Signed) E. P. SARGENT, President.
W. A. SHERMAN, Secretary.

Will Not be Called Out.

Special to THE ASTORIAN.]

TERRE HAUTE Aug. 25.—The Federation men will not be called out. The strike motion was defeated late this afternoon.

Dr. Nansen's expedition to the North Pole is to start in the spring of 1892. His companion, Captain Sverdrup, will take the nautical directions. He is at present on board a fishing boat in the Polar sea in order to practice in maneuvering amongst the ice.

Special to THE ASTORIAN.]

SAN FRANCISCO, Aug. 25.—The Merchants Exchange received a dispatch to-day stating that the British bark *Doverby*, from Antwerp for Valparaiso, and the British ship *Argomene*, were in collision. WARNED OF BRIGANDS.

The American Consul at Palermo in Trouble.

Special to THE ASTORIAN.]

PARIS, Aug. 25.—According to the correspondent of the *Paris Soir* at Rome, the United States consul at Palermo has got into trouble with Premier Crispi for having sent a report to the state department at Washington in which he advises Americans to keep away from Sicily because of the dangers from brigands, to which tourists on that island are exposed.

M. Crispi has asked the United States minister in Rome to order the consul at Palermo to modify his report, adding that if this were not done he would withdraw the consul's "exequatur." The United States minister has not yet made reply to M. Crispi's demands.

Death of an Ex-British Consul.

Special to THE ASTORIAN.]

NEW YORK, Aug. 25.—Henry P. Walker, ex-British consul to this port, died this evening at his home in this city of chronic cyotetis. Walker was 75 years of age and had been a resident of this city for over 30 years.

"INHERITED."

Maude Granger and Her Talented Company.

A SPLENDID ENTERTAINMENT.

The dramatic event of the season was the magnificent rendition of the pathetic play of "Inherited" last evening, at the opera house, by the emotional actress, Maude Granger, supported by a fine company. It was one of those finished productions which are only occasionally seen, and then are so very gratifying to a critical observer, familiar with theaters and actors. It is a piece in which human nature and the emotions of love in its varied phases are portrayed with a fidelity and brilliancy equal to life, and are so realistic as to sway the audience like the waving of a field of grain, in just the direction the spirit of the play has been rendered. One moment the house is convulsed with laughter, again the patriotic fervor of joyous America breaks out in ringing applause, and then the pathos, the solemnity, and the deep sorrow of the human heart as the "curse" comes upon "Helen Carruthers," and Maude Granger so vividly depicts the maniac, brings tears to many an eye, and touches every heart.

Wonderful indeed are the changes from insanity to lucid moments when reason asserts its sway in the mind, and then back again to the incoherent ravings and the wild laugh which indicates that the mind is turned and the poor wife is demented, and as one closely observes Maude Granger in these varying emotions which are so truthfully portrayed, the admiration is intense, for the beholder and listener mentally acknowledges that she is grandly beautiful and true to nature.

Harry Mainhall as "Julian Raymond" is a kind and loving husband, Charles H. Mestayer as "Dr. Raymond," his father, is admirable, C. H. Brooke as "Sammy," the young American, and Carrie Elberts as his beloved "Fay" furnish the comical gart of the play, and Estha Williams is a splendid "Alice." Little Baby Parker as "Lonise," Helen's child, is an infantile prodigy, singing sweetly, and in the dialogue speaking her lines with the accuracy of a star, while her sweet, childish recognition of her "real mother" was touching in its true-to-life production, and moved many a heart to pity, as it moistened many an eye.

In fact, every character was well portrayed, and as a whole, it is a magnificent piece, though full of sadness. The death scene in which the husband and his lost wife are united only for a moment, when death sets him free, and the last meeting between the two wives, were both very affecting. A few of the audience giggled and snickered at those scenes, but those around them pitied their ignorance, and their lack of heart and soul to appreciate and understand.

AN INTERVIEW WITH THE STAR.

After the close of the theatre a representative of THE ASTORIAN called at the Occident, and was very kindly welcomed by Maude Granger and her representative, Arthur Aiston. The lady is agreeable and entertaining in conversation, and though playing the same part so often, says that it has a charm for her, and she sinks her own personality and actually seems for the time being as if she was in reality the Helen Carruthers, afterwards the loving wife with the terrible curse of insanity upon her.

The last week in Portland was very pleasant. Three years have rolled away since she was last on this coast, when she appeared in "The Planter's Wife," a fine play, which was quite successful. A week or more will be occupied between here and San Francisco, and on the 8th of September the company opens at the Bush street theater in that city, for an engagement of two weeks.

"From there," said Miss Granger, "We go down through California as far as Los Angeles and San Diego, thence through Arizona and Texas, and will be in New Orleans in December. You can say to your people that though I have not been on this coast for three years, I have often remembered with pleasure my visit to this wonderful region, and though I know not when I shall come this way again, I shall ever cherish kindly recollections of the Pacific slope and its warm hearted and enthusiastic residents."

POLITICS IN CALIFORNIA.

A Much Mixed Contest for a Congressional Nomination.

Special to THE ASTORIAN.]

FRESNO, Cal., Aug. 25.—Wednesday afternoon the Sixth Congressional Republican convention meets in this city. It will be one of the most notable conventions ever assembled in California. Chester Rowell, of this city, is prominently spoken of in connection with the nomination. The other candidates are Senator Bowers, of San Diego, Henry Lindley, of Los Angeles, and Judge Heacock, of Santa Barbara. Wild, of Ventura, who was prominently mentioned in connection with the office, it is rumored, has withdrawn. This leaves the field contest to Rowell, Bowers, Lindley and Heacock.

Judge Heacock is an eleventh hour candidate, brought out last Saturday, and it is said will receive the vote of the Santa Barbara and Ventura county delegations. The fight, before Judge Heacock's candidacy, was badly mixed. It is worse now.

It is stated that Senator Bowers' friends will not support Lindley and that the latter's friends will not support Bowers. There is no telling what combination may be formed. With the three candidates in the field from southern California, Rowell is bound to receive the nomination. At this writing everything favors him as the prize winner.

Dr. A. J. Pellar, of this city, is prominently spoken of for senator from this district and if nominated will receive the full strength of his party vote throughout his district. Delegates are arriving on every train.

THE DEAD SPRINTER.

Harry Johnson's Body to Be Sent to St. Louis.

Special to THE ASTORIAN.]

SAN FRANCISCO, Aug. 25.—Of all the professional sprinters in this city, only one, J. P. Haughn, has come forward to assist in sending the remains of Harry M. Johnson home to his relatives. The majority of the profesional sprinters at present infesting this city owe their success on the cinder path to Johnson.

When he first became sick the amateur sprinters of the Olympic club promptly came to his assistance, and when they heard of his death yesterday they ordered his remains to be taken in charge and embalmed. They will also see that his remains are shipped to his family in St. Louis.

THE SPOKANE FAIR.

California is Invited to Make an Exhibit.

Special to THE ASTORIAN.]

SAN FRANCISCO, Aug. 25.—The *Chronicle* says: General Manager C. W. Robinson of the Northwestern Industrial Exposition, which is to open at Spokane Falls October 1st, says that any exhibit of fruit, wines or other products of California will be given a good place for display free of cost, and that the state or San Francisco would find it profitable to send such exhibit, as such a fine offer is not to be ignored.

Spokane Falls, as shown by the census, has 27,000 people and is growing very rapidly. We raise and manufacture a good many things which the people of eastern Washington cannot get from the East or Sound country and it would be a good idea to seize this opportunity and make a suitable display of our products.

GRANGERS IN COUNCIL.

The National Exhibition Open in Pennsylvania Yesterday.

Special to THE ASTORIAN.]

CARLISLE, Pa., Aug. 25.—The Seventeenth Annual National exhibition of the Grangers opened at Williams Grove, near Michamsburg, to-day with an attendance of upwards of 2,000 people. This afternoon the State and National Grangers held their annual business meeting.

To-morrow exhibitions will be put into active operation.

For Tapping the Wires.

Special to THE ASTORIAN.

SAN FRANCISCO, Aug. 25.—Wm Fallon was placed on trial this afternoon on a charge of felony, having in company with J. W. Nagle tapped the wires of the Western Union Telegraph Co., in order to obtain "tips" on the eastern races before the results reached the pool rooms.

Held to Answer.

Special to THE ASTORIAN.]

PORTLAND, Aug. 25.—G. H. Buntz, the man recently arrested at Ashland for cutting timber on government land, was held to answer before the grand jury this morning by the United States commissioner. He was allowed to go upon his personal recognizance and will be here when wanted.

Will Not Resign.

Special to THE ASTORIAN.]

LONDON, Aug. 25.—Robert F. Lincoln, United States Minister to Great Britain, emphatically denies that he is contemplating tendering his resignation.

A Thing One Would Never Guess.

Do you know how many $1 bills it takes to weigh as much as a $20 gold piece? Driving out to White Bear recently, one of those walking compendiums of useful information sprung the above query, and the opinions that it elicited showed a remarkable range. One member of the party, whose business is to handle money in large sums, after profound thought, suggested that the number would be from 1,000 to 1,200. Others guessed down the line to 500, but no one less than that number. After all had placed themselves on record, the compendium stated that the number of bills was thirty or thirty-one, according to their condition as to dirtiness and age.—*St. Paul Pioneer Press.*

THEY WENT OUT BERRYING.

Business Suspended and All the People Go in Search of the Absent Two.

Special by The United Press.

MEDFORD, Wis., Aug., 25.—Saturday afternoon Mrs. Barney Moliter of the town of Moliter in this county, and a sister of Mrs. Moliter and Mrs. Moliter's daughter, 15 years old, residing at Chicago, went out berrying and got lost. This morning at 1 o'clock the fire bell were rung and the men of the city were called together and another large party started to Moliter, fifteen miles distant, to hunt for the lost ones.

The Grist mill and also the sawmills have shut down, the employes joining in the search.

Special by THE UNITED PRESS.

CHICAGO, Aug. 25.—The strike of engineers and firemen at the stock yards was settled this afternoon. Both sides made concessions, the company granting an advance of 3 cents an hour to engineers and 1½ cents to the firemen.

The original demand was for an advance of from 26 to 30 cents an hour for engineers and from 16½ cents to 20 cents for firemen.

DESTITUTION IN OKLAHOMA.

Most of the People Are in Absolute Want.

Special to THE ASTORIAN.]

WASHINGTON, Aug. 25.—Senator Platte, chairman of the committee on territories, laid before the Senate a letter from Secretary Noble transmitting the following telegram:

KINGFISHER, Oklahoma, Aug. 24.—After many days of house inspection we find that fully one-third of the people need aid: that two-thirds of the farmers need seed wheat. Many are now in want of food. They have no work and nothing to sell and the prospects are gloomy. The extreme south of the territory is not so bad.

(Signed) THOMAS NEWSHAM.

The special land inspector in the secretary's department has no resources with which to relieve the destitution, and the only course is to lay the information before Congress.

A VALUABLE TRUNK.

A Jewelry Company Wants $21,000 for Its Loss.

Special to THE ASTORIAN.]

SAN FRANCISCO, Aug. 25.—M. Wunsch & Co., jewelers, of this city, brought suit to-day against the Northern Pacific Railway company for $21,000, the value of a trunk and contents, which were destroyed by fire in a baggage car near Spokane Falls last March.

The trunk was in the possession of a drummer in their employ, who was a passenger on the train.

SURE CURE.

A CLEAN AND PERFECT CURE OF

HURTS AND BRUISES.
